Art on The Avenue

Posted Aug. 26, 2009

New public art has been added to Atlantic Avenue. Funded by the Redevelopment Agency, three projects are underway.

A second mural evoking the history of NLB is nearing completion on the south wall of Super Mex. The Veterans Mural, located on the south side of Harding Street, across from the Vietnam Memorial at Houghton Park was the first mural on The Avenue.

Two of four temporary art installations have been completed. Visible from The Avenue, they are located in building windows in the 5600 block. Both of these installations are lit at night, creating an interesting experience for pedestrians and drivers alike.
