Community Code Enforcement Meeting

On June 15, 2011, the **Community Code Enforcement Group** held their monthly meeting at the **Willmore Community Police Center**.

The residents from the Willmore area established the **Community Code Enforcement Group** in 2005 to help **Code Enforcement Inspectors** to resolve code enforcement issues in the area. Team leaders received training to learn how to identify code violations that include: substandard building conditions, property maintenance, inoperative vehicles, and weed abatement.

This meeting gives neighbors a platform to report code violations they observe in the **Willmore City** and **Drake Park Historic District** neighborhoods to a City Code Enforcement representative.

This group is very concern about the quality of life in the area and work together to make their neighborhood more attractive and safer. **Don Olmstead, Code Enforcement Inspector** in the **Code Enforcement Division** takes the lead in this process to make sure the owners comply with the code violations.

For more information about the **Willmore neighborhood**, please contact **Teresa Gonzalez** at **(562) 570-1146** or e-mail **Teresa.Gonzalez@longbeach.gov**.
