City of Long Beach Language Access Policy

Findings and Purpose

The Long Beach City Council hereby finds and declares that there are people who live, work, and pay taxes in the City of Long Beach, who are unable to communicate effectively in English because their primary language is not English. It is of importance that residents, regardless of their proficiency in English, have access to City programs and services. This Policy establishes standards and procedures for providing equal access to City services and programs to all residents, including those with limited proficiency in English. This Policy exceeds the state requirement under the California Dymally-Alatorre Bilingual Services Act, Government Code 7290 *et seq.*, which generally requires state and local public agencies serving a substantial number of limited English-speaking people to provide services and materials in the language(s) spoken by those persons, to the extent that funding is available. According to the 2009-2011 American Community Survey 3-Year Estimate, Spanish-speaking residents qualify under the State definition. However, based on the City's substantial number of limited English speaking Cambodian and Filipino residents, staff recommends that the LAP also be applied to the Cambodian and Filipino population of Long Beach.

(Civil Service provides bilingual skill pay certification for qualifying City employees and Human Resources authorizes bilingual skill pay upon certification. Job openings requiring bilingual capacity are advertised as such.)

Monitoring and Structure

The City Manager shall be responsible for monitoring and facilitating compliance with this Policy and updating City Council bi-annually.

Use of Minors as Interpreters (No Cost)

The City does not encourage Limited English Proficient (LEP) individuals to use friends, family members or children under the age of eighteen (18) as interpreters. LEP individuals seeking nonemergency

City services, assistance or information should be notified about the City Language Access Policy (LAP). City Staff will look first to employees receiving bilingual skill pay in LAP languages to assist LEP individuals when LEP individuals seek City services, assistance or information. If an employee receiving bilingual skill pay is not available, City staff should then utilize Language Line if it is available.

There is currently no law that prohibits the use of children or minors as interpreters. The City shall strive to provide translation services in lieu of utilizing minors as interpreters, especially in cases when discussions and information are beyond children's comprehension, inappropriate, or unseemly to children. LAP aims to limit the use of minors as interpreters, as all departments will have access to staff who can translate into Spanish, Khmer, and Tagalog. The Police and Fire Departments often come into contact with children, and already have access to Language Line, which can be used as an alternative. Except in situations where deemed time sensitive or necessary, or at the request of the individual, Departments will strive not to utilize minors as translators and, instead, use the elements of LAP.

Therefore, minors should not be used as interpreters except in emergency circumstances. "Emergency circumstances" are defined as situations that require deviation from procedures, such as a threat to health, safety or property. Examples of emergency circumstances include, but are not limited to, any fire/police response or calls for service, loss of housing, loss of benefits or utility shut offs. The use of minors in emergency circumstances should be limited to initial communications to alleviate the emergency. Once the emergency situation has ended, the City should find an appropriate alternative.
