I. EXECUTIVE SUMMARY

A. INTRODUCTION

As an entitlement jurisdiction for the Community Development Block Grant (CDBG), HOME Investment Partnership Program, American Dream Down Payment Initiative (ADDI), and Emergency Shelter Grant (ESG) funds, the City of Long Beach must report on the progress of the Consolidated Plan to the community and the Department of Housing and Urban Development (HUD). The overall goal of the community planning and development programs included in the Consolidated Plan is to develop viable communities by providing decent housing, a suitable living environment, and expanding economic opportunities principally for low and moderate income persons. This Consolidated Annual Performance and Evaluation Report (CAPER) consists of the City of Long Beach's evaluation of accomplishments achieved as a result of the 2008 – 2009 Action Plan. The Plan, approved by the City Council in July 2008, covers the period of October 1, 2008 through September 30, 2009.

B. GENERAL PRIORITIES AND OUTCOMES

The City of Long Beach submitted its Five Year Consolidated Plan in August 2004 as a requirement to receive federal Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), Home Investment Partnership Act (HOME) and American Dream Down Payment Initiative (ADDI) funds from the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan explains how and why federal HUD funding for housing and community development activities should be used based on identified local needs.

The 2008-2009 Action Plan is a continuation of prioritizing the use of federal funds consistent with the City's adopted Consolidated Plan.

The Action Plan priorities are designed to principally serve very low, low, and moderate income residents by addressing the following needs:

- Housing Needs
- Homeless Needs
- Special Need Populations
- Community Development Needs (Economic Development, Public and Community Facilities, Infrastructure Improvements, Public and Community Services)

Using established objectives and outcomes, this document will provide a summary of the City's progress in addressing the above-mentioned priorities during the reporting period October 1, 2008 through September 30, 2009.

II. ONE AND FIVE YEAR GOALS AND OBJECTIVES

A. OVERVIEW

The City is making progress on the priorities addressing the needs identified and described in the Five-Year Consolidated Plan and One-Year Action Plan. All major objectives are on target as indicated in the following Section II-B (Assessment). The City's greatest barrier to retaining and expanding its stock of affordable housing is the extremely high cost of housing and the lack of undeveloped land in the City. The City continues to provide incentives for the development of affordable housing. Although these efforts have produced results, the factors of high housing costs and the lack of developable land have had an impact on the fulfillment of the City's overall goal of developing viable communities through the provision of decent housing, a suitable living environment and expanded economic opportunities for principally low and moderate income persons.

In addition to HOME funds used to address housing affordability, severe overcrowding, and to encourage owner-occupancy for Long Beach households with greatest needs, the City, through its Housing Action Plan and using Set-Aside and 2005 RDA Bond funds, is implementing various housing projects, which were initiated during the program year (see pages 71-72).

The City of Long Beach utilized the priorities outlined in the Consolidated Plan and input received from the community to prioritize funding and establish activities to address community needs. The performance results of these activities and the specific one and five year goals and objectives to which they are tied identify successes that can be attributed to the collaborative effort fostered through the planning process as well as areas in which the City needs to focus and possibly change strategies to address emerging community needs more effectively.

B. NEW OUTCOME MEASUREMENT PERFORMANCE FRAMEWORK

In March of 2005, HUD's Office of Community Planning Development (CPD) established and published a notice in the Federal Register requiring grantees to implement a new CPD Outcome Performance Measurement System (PMS). Accordingly, the City, for the fourth time, is being guided by this new system to assess and demonstrate its progress in addressing the high priority needs that are stated in its Five-Year Consolidated Plan. The new system is expected to allow HUD to access readily available data from grant recipients, aggregate the data nationally to demonstrate the positive impact housing and community development programs are making at the national level, and communicate program results to funding decision-makers and the public. In addition, the new system will inform the public of the City's decisions about program design and implementation.

The first component of the CPD Outcome Performance Measurement System offers three possible objectives for each activity based on the broad statutory purpose of HUD programs. These objectives are used to describe the purpose of an activity. The second component of the system specifies program outcomes designed to capture the expected result of the objective, or what the City seeks to achieve.

When funding an activity, the City determines which of the three objectives best describes the purpose of the activity. The three objectives are:

- **Suitable Living Environment (SL)** - In general, this objective relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment.
- **Decent Housing (DH)** - The activities that typically would be found under this objective are designed to cover the wide range of housing possible under HOME, CDBG, or ESG. This objective focuses on housing programs where the purpose of the program is to meet individual family or community needs. This objective does not focus on programs where housing is an element of a larger effort, since such programs would be more appropriately reported under Suitable Living Environment.
- **Creating Economic Opportunities (EO)** - This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

Once the objective for the activity is identified, the City determines which of the three outcome categories best reflects what the City seeks to achieve by funding the activity. The three outcome categories are:

- **(Outcome 1) Availability/Accessibility.** This outcome category applies to activities that make services, infrastructure, and the affordable basis of daily living available and accessible to low and moderate income people where they live.
- **(Outcome 2) Affordability.** This outcome category applies to activities that provide affordability in a variety of ways in the lives of low-and moderate-income people. It can include the creation or maintenance of affordable housing, basic infrastructure hook-ups, or services such as day care.
- **(Outcome 3) Sustainability. Promoting Livable or Viable Communities.** This outcome applies to projects where activities are aimed at improving communities or neighborhoods by helping to make them livable or viable through the creation of benefit to low and moderate-income persons, removing or eliminating slums or blighted areas, or through multiple activities or services that sustain communities or neighborhoods.

Each outcome category can be connected to each of the overarching objectives, resulting in a total of nine groups of outcomes/objectives as indicated by the matrix below.

Link between General Objectives and Outcomes

Please refer to this matrix to identify the outcome statement associated with the keys (SL-1, etc) listed in the tables included in the next section of this CAPER document.

	Outcome 1: Availability/Accessibility	Outcome 2: Affordable	Outcome 3: Sustainability
General Objective SL: Suitable Living Environment	SL-1 Accessibility for the purpose of creating Suitable Living Environments	SL-2 Affordability for the purpose of creating Suitable Living Environments	SL-3 Sustainability for the purpose of creating Suitable Living Environments
General Objective DH: Decent Housing	DH-1 Accessibility for the purpose of providing Decent Housing	DH-2 Affordability for the purpose of providing Decent Housing	DH-3 Sustainability for the purpose of providing Decent Housing
General Objective EO: Economic Opportunity	EO-1 Accessibility for the purpose of creating Economic Opportunities	EO-2 Affordability for the purpose of creating Economic Opportunities	EO-3 Accessibility for the purpose of creating Economic Opportunities

1. PRIORITIES FOR HOUSING NEEDS

a. Provide and Preserve Safe, Decent and Affordable Housing for Long Beach Households with the Greatest Need

Objective DH-2 Assists affordable housing developers in the production of affordable rental housing, and in the production of affordable ownership housing, with financial assistance including predevelopment loans, bridge loans, construction loans and permanent financing. Maximize leveraging of City-provided funding with other public and private sources of funds to maximize the number and affordability of units created.

Funding Source	Activities Under This Specific Objective	Performance Indicators	Year	Expected Number	Actual Number	Percent Complete

			2006-07	10	0	0%
			2007-08	10	92	920%
			2008-09	10	0	0%
			2009-10			
FIVE-YEAR GOAL			48	92	192%	

FY08-09 Activities Expenditure:

\$3,319,884

***Note:** Please refer to page 80 for project addresses.

Objective DH-2 Rental assistance available for a period of two years to eligible tenants residing in buildings that have been rehabilitated with HOME loan funds. Tenants whose income is below the maximum limit pay 30% of their monthly income for rent, while the City pays the difference (approximately 70%) of the total contract rent, directly to the owner. Security deposit assistance to qualified low-income, formerly homeless households to enable them to secure long-term permanent housing in unsubsidized apartments.

FY08-09 Activities Expenditure:

\$1,890,544.55

1. PRIORITIES FOR HOUSING NEEDS (continued)

b. Address Substandard Conditions and Severe Overcrowding in Long Beach Neighborhoods (continued)

Objective DH-2 Provides low Interest loans, typically at 0% to private owners, nonprofit housing developers and certified CHDOs to rehabilitate multi-family residential rental properties for occupancy by low and very-low income households at affordable rents. Loans to nonprofit housing developers and certified CHDOs may include funds for acquisition and rehabilitation of the properties. Funds may include eligible CHDO operating expenses if the developer is a CHDO. Loans may be on a residual receipt basis for nonprofit developers and CHDOs. May refinance existing HOME funded loans and provide new funds to rehabilitate and preserve existing deed restrictions for low and very-low income households for nonprofit developers. This project also includes acquisition and/or rehabilitation by the City and/or the Long Beach Housing Development Company of HUD foreclosed properties for rent to low and very low income households, or the City may designate a nonprofit housing developer to rehabilitate and manage the acquired units for rent, or may sell properties to providers of rental housing.

Funding Source	Activities Under This Specific Objective	Performance Indicators	Year	Expected Number	Actual Number	Percent Complete
HOME	<ul style="list-style-type: none"> Multi-Family Residential Rehabilitation Loan Program Acquisition/Rehabilitation 	<ul style="list-style-type: none"> Number of housing units 	2005-06	--	0	--

FY08-09 Activities Expenditure:

\$1,702,495

1. PRIORITIES FOR HOUSING NEEDS (continued)

c. Encourage Owner Occupancy

Objective DH-2 Provides conditional grants to qualified first-time homebuyers purchasing in the City of Long Beach for down payment and non-recurring closing costs and to allow Section 8 families to participate in the Section 8 Homeownership Program. Provides eligible low and very-low income borrowers with below market interest rate loans to assist them in purchasing their first homes. The City and/or the Long Beach Housing Development Company will acquire and/or rehabilitate properties for sale to low and very-low income households. Activities under this project include: Down Payment Assistance Program for Section 8 Homebuyers, Second Mortgage Assistance, Acquisition and/or Rehabilitation of Properties.

* **Note:** For a list of Fair Housing actions for outreach and education, please refer to Appendix 5- A on page 381.

III. STATEMENT OF GENERAL ACTIVITIES

A. AFFIRMATIVELY FURTHERING FAIR HOUSING

The Fair Housing Foundation (FHF) of Long Beach is under contract to the City to develop and implement the City's Fair Housing Program. Development and implementation of the Fair Housing Program is required as a condition of receipt of federal CDBG and HOME funds. The FHF also works to investigate and report on activities that emanated as a result of the Analysis of Impediments to Fair Housing Choice (AI). The City has completed a matrix of actions and activities to assist residents in finding housing without discrimination or harassment. The services provided by the FHF enhance access to housing for minorities as well as disadvantaged persons through research, advocacy, Landlord/Tenant counseling, housing discrimination investigation, placement assistance, and education of the public and property owners regarding Fair Housing matters.

The purpose of the FHF program is to affirmatively further Fair Housing by providing information, education, counseling and investigative services. These services are offered to all Long Beach residents without discrimination. FHF emphasizes the following: (1) Testing and investigation of complaints alleging housing discrimination; (2) Audits of housing practices; (3) Education and outreach services; (4) Landlord tenant counseling and other referral services; (5) Tester and other volunteer training; and, (6) Promoting media interest in eliminating housing violations.

For the reporting period of October 1, 2008 through September 30, 2009, The Fair Housing Foundation provided the following services to Long Beach residents to affirmatively further Fair Housing:

- 175 discrimination complaints were investigated
- 1,977 Landlord/Tenant complaints were investigated
- 91 cases opened, 15 cases pending, 69 cases resolved

- Clients served through discrimination services:
 - 1% American Indian/ Alaskan Native
 - 41% Black/African American
 - 1% African American/ White
 - 26% White
 - 1% Latino and White
 - 4% Asian
 - 3% Other
 - 22% Latino and Other
 - 1% Latino and African American

- Clients served through general housing services:
 - 1% American Indian/ Alaskan Native

- 38% Black/African American
- 31% White
- 1% Latino and White
- 2% Asian
- 2% Other
- 23% Latino and Other

In addition to Fair Housing Foundation services, many of the clients received additional services through: the Health Department, Housing Authority, County Assessor, Consumer Affairs, Code Enforcement, Legal Aid of Long Beach, Small Claims Court, and HUD.

In Long Beach, the most common impediments to Fair Housing choice are race and familial status. The FHF uses a diverse pool of skilled testers to investigate complaints. When an investigation is complete, each client is advised of the findings and available legal options. Referrals are made to the Federal Department of Housing and Urban Development (HUD) for complaints regarding lending discrimination, to the Department of Justice (DOJ) for class action cases, to the State Department of Fair Employment and Housing (DFEH), Small Claims Court, and to private attorneys for other matters as appropriate. FHF follows the desired legal path selected by the complainant, and mediates the situation if requested to do so. Legal training seminars are available to property owners as a means to educate them on Fair Housing regulations and requirements.

For a complete list of Fair Housing actions towards outreach and education, please refer to Appendix 5 – A.

B. ACTIONS TO ADDRESS UNDERSERVED NEEDS

The City continues to target low/moderate income persons, families, and neighborhoods with its federal, state, and local resources in a comprehensive and coordinated strategy to address individuals and families that are underserved. This approach is designed to leverage private resources to augment and enhance the City's efforts. The Neighborhood Improvement Strategy (NIS) program focuses programs and services in low-income neighborhoods determined to have the highest levels of social, physical, and economic distress in the City. The Neighborhood Leadership Program selects residents from those ten NIS areas for free leadership training services. These services focus on developing the skills and confidence of neighborhood residents in preparation for leadership roles in their communities by providing enhanced services designed to improve housing and neighborhood conditions and enhance the quality of life in low-income neighborhoods. Mobile recreation continued as a means of providing supervised recreation opportunities to designated low-income neighborhoods that lack sufficient parks and/or play areas. Continued support will be provided to the Community Police Centers established in 3 low-income neighborhoods over the past 10 years. These centers, primarily staffed and operated by neighborhood volunteers and community liaisons, provide a valuable

link between residents and local police. The Neighborhood Business Investment Program continued to offer small start-up grants for newly established businesses located in and serving low/moderate income neighborhoods.

C. LEAD-BASED PAINT HAZARD REDUCTION

In FY 09, efforts to evaluate and reduce the number of housing units containing lead-based paint hazards continued. Ultimately, the intended effect of these programs is to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families.

All CDBG, HOME, ADDI, and ESG-funded housing programs and projects have incorporated lead-based paint hazard reduction efforts. In addition, Code Enforcement used Lead Safe Work Practice (LSWP) standards to correct code enforcement violations. Five full-time equivalent Code Enforcement employees have obtained the State of California Department of Public Health Lead Inspection Assessor certification. These five employees are involved in the detection and correction of lead-based hazards in properties.

In addition to the aforementioned programs and projects, Healthy Homes and Childhood Lead Poisoning Prevention Program (CLPPP) collaborated to write a grant called Lead Education and Outreach Program (LEO). The grant was funded by the Environmental Protection Agency (EPA). It started October 1, 2007 and ran through September 30, 2009.

The first objective of the LEO grant was to provide the Cambodian community with educational material that showed the importance of screening young children for lead in their native language of Khmer. Another objective was to offer presentations to child care providers and to provide parents with information about lead poisoning prevention and the importance of screening young children. A further objective was outreach to residents of multi-unit dwellings built before 1978 within the 90813 and 90805 zip codes. Outreach efforts were focused specifically on families who have children under the age of 5 years of age and had not been screened for lead. Specialists gathered two samples from these dwellings and had them tested for lead through the City of Long Beach Public Health Lab. The reports were sent back to the parents with instructions if lead was discovered in their home. The program was a great success, and will serve as a model for other lead education and intervention programs in the future.

The Department of Health and Human Services also manages a Childhood Lead Poisoning Prevention Program (CLPPP) focusing on case management of children with elevated blood lead levels as defined by the State. This program provides community outreach regarding lead poisoning prevention, hazards of lead poisoning, as well as information on identifying sources of lead. Health education presentations and materials are provided at community events and meetings. Public Health Nurses (PHNs) provide case management services to children who are referred to the program. Case management services include an

interview, lead prevention education, and nutrition education by PHNs with the parents. The PHNs encourage parents to conduct medical follow-up for children who have lead poisoning. A Registered Environmental Health Specialist provides an environmental inspection including on-site testing and specimen collection of possible lead sources for testing by the Health Department Public Health Laboratory. The PHNs also provide outreach and education to parents of children with lower lead levels and to adults who have elevated lead levels.

In April, 2009 the Department of Health and Human Services Bureau of Environmental Health was awarded a three-year, \$3 million grant from the U.S. Department of Housing and Urban Development (HUD) to eliminate lead-based paint hazards in low and very low income residences. The Lead Hazard Control (LHC) Program will identify 180 low and very low income residences (with a focus on families with children under 6 years old), and address lead poisoning hazards created by lead-based paint. These may include chipping and peeling paint on walls and exterior surfaces, dust-producing friction surfaces (like doors, cabinets, and windows), and other conditions whereby children and adults are exposed to lead-based paint dust or chips. The program will hire painting and construction companies that are certified to work with lead. Families will be relocated during the renovations. The program is also responsible for conducting 15 outreach/education events in the community, and training at least 30 economically disadvantaged people in lead-safe work practices so that they may be hired as part of these renovations. More than 1,600 residential units have been made safe since the City first began receiving these HUD grants. This program is one of the City's first American Reinvestment and Recovery Act (ARRA) grants.

1. CHILDHOOD LEAD POISONING PREVENTION PROGRAM

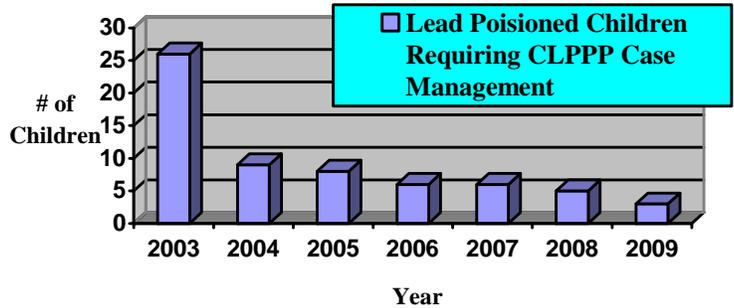

The Department of Health and Human Services Division of Public Health Nursing manages the Childhood Lead Poisoning Prevention Program (CLPPP). This program provides case management of children with elevated blood lead levels as defined by the State. A Public Health Nurse (PHN) provides services for children who meet case criteria as defined by the State Childhood Lead Poisoning Prevention Branch (CLPPB). A Registered Environmental Health Specialist provides an environmental inspection that includes on-site testing and specimen collection for possible sources of lead contamination. The PHN interviews parents and provides education/educational materials regarding prevention, sources, hazards of lead poisoning, nutrition, and importance of follow up with the child's primary physician. The PHN continues to follow the child (case management) until the blood lead level meets case management closure as defined by the CLPPB. The PHN also addresses other health, social, and environmental concerns found in the home.

The program also provides modified case management to children with lower lead levels and to adults who have elevated lead levels. This program

provides community outreach stressing the importance of screening, lead poisoning prevention, the hazards of lead poisoning, and sources of lead. Health education presentations are provided at community events/meetings, healthcare provider offices, childcare provider homes, school settings, and on request by City funded programs. Health education materials about lead poisoning prevention are provided to individuals, the public, childcare providers, hardware stores and health care providers.

2. MEASURING PROGRAM SUCCESS

Children with a blood lead level of 20 µg/dL or two tests above 15 µg/dL are case managed by the CLPPP program as described above. The number of childhood lead poisoning cases reported in the City continues to decline since 2001. (Listed are new cases.)

3. CONTINUED EFFORTS

Although the level of concern in children is currently 10 µg/dL, essentially there is no threshold as the health effects related to children's neurobehavioral development occur at lower blood levels. At less than 5 µg/dL lead poisoning has been associated with loss of IQ points and intellect, learning disabilities, academic failure, attention problems (ADHD and ADD), hyperactive behavior, and antisocial or criminal behavior. The Bureau of Environmental Health plans to apply for FY 2009 funding. The Public Health Nursing CLPPP program is funded through FY 2011.

D. LEVERAGING RESOURCES

State and local funds, including City Redevelopment Agency and State low-income housing tax credit funds leveraged Federal HUD funds to address the needs identified in the Annual Consolidated Plan. A total of \$32,642,026.36 in non-federal funds was leveraged. The following table shows the investment of all resources for the 2008-2009 Fiscal Year:

	Business Loans	1,400,000.00
COMMUNITY ORGANIZATIONS		\$ 63,082.61
	Neighborhood Partners Program (Match from Applicants)	63,082.61
NONPROFITS		\$ 475,620.00
	Emergency Shelter Grant (Agency Match)	\$ 390,467.00
	Non-Profit Assistance Program (Agency Match)	\$ 85,153.00
OWNERS		\$ 309,338.22
	NSB Commercial Improvement Rebate (Owner Match)	117,637.88
	NSB Residential Rehabilitation (Owner Match)	22,166.34
	NEA Residential Rehabilitation (Owner Match)	169,534.00
TOTAL		\$ 129,049,739.83

Examples of leveraged funds include property owners using their own funds in addition to those received through the Residential Rehabilitation Program for additional improvements to property.

Another example of leveraged funding is the result of a unique collaboration between the Long Beach Redevelopment Agency and the Neighborhood Services Bureau. The Redevelopment Agency funded \$738,894 for targeted code enforcement and blight removal on commercial corridors and in Community Code Enforcement residential neighborhoods. The Neighborhood Services Bureau, using CDBG funds, offered the Commercial Improvement Rebate Program to assist business and property owners in addressing code deficiencies. This project resulted in opening 2000 code enforcement cases and closing 1800 cases

Using successful Neighborhood Services Bureau (CDBG-funded) programs as a model, the Long Beach Redevelopment Agency offered Long Beach property owners the Home Improvement Rebate Program (reimbursements up to \$2,000 for exterior improvements visible from the street), the Security Lock Program (vouchers for up to \$300 for deadbolt locks), and the Security Lighting Program (reimbursements up to \$500 for security lighting where needed).

- \$476,989.85 were reimbursed to 322 North Long Beach residential property owners
- \$2,000 Home Improvement Rebate Program: 234 residential property owners reimbursed \$441,951.16
- \$500 Security Lighting Program: 45 residential property owners reimbursed \$24,473.32
- \$300 Security Lock Program: 43 residential property owners reimbursed \$10,565.37
- Residential property owners contributed an additional \$169,534.57 for residential property improvements

In coordination with the Neighborhood Services Bureau, the Redevelopment Agency has reimbursed \$4,782,510.99 to 3,415 North Long Beach homeowners for home improvements since March 2000, with \$1,741,507.78 being leveraged in this reporting period.

E. COMPREHENSIVE PLANNING

The Department of Housing and Urban Development (HUD) consolidated the planning and application process of four HUD funded grant programs in 1995. The purpose was to coordinate program requirements and simplify the process of requesting and obtaining Federal funds. The City of Long Beach receives four such grants: the Community Development Block Grant (CDBG), the HOME Investment Partnership Program Grant (HOME), American Dream Down Payment Initiative Grant (ADDI), and the Emergency Shelter Grant (ESG).

The City submitted its Five-Year Consolidated Plan in 2005. The timeframe of the plan is October 1, 2005 - September 30, 2010. It describes the City's plan to create a viable urban community, which offers decent affordable housing, a suitable living environment, and expanding economic opportunities, especially for low and moderate-income persons. The activities the City will undertake to achieve its stated objectives are detailed in this document. The consolidated planning process is intended to achieve the following:

- Promoting citizen participation in the development of local priority needs benefiting low and moderate income persons;
- Developing a series of one-year Action Plans that will be the basis for assessment of performance; and
- Consulting with public and private agencies on identifying needs and appropriate actions required to address those needs.

The purpose of the annual One-Year Action Plan is to implement, on a yearly basis, the Five-Year Consolidated Plan and to provide the City with a basis for assessing its progress in meeting the goals of the Consolidated Plan as described in this Consolidated Annual Performance and Evaluation Report (CAPER). The One-Year Action Plan describes the resources expected to be available in the coming program year from Federal, non-Federal and private sources. It includes a description of the activities that will be undertaken to meet the stated objectives in the Five-Year Consolidated Plan, including those designed to meet homelessness and other special needs. The Action Plan also describes actions to be undertaken to address obstacles in meeting the needs of the under-served, removing barriers, and enhancing service coordination in the community.

The Consolidated Plan represents a comprehensive planning effort involving local government experts, the social service community, residents, consultation with other local HUD entitlement communities, and active participation by the Community Development Advisory Commission. Appointed by the Mayor, 15 Long Beach residents representing a cross-section of the community serve as voluntary commissioners. They represent:

- Business and Industry
- Social Services

- Housing Rehabilitation
- Low-Income
- Minorities
- Housing
- Redevelopment

The Commission works closely with staff to ensure that careful consideration is given to the City's identified needs and that programs and services are cost-effective and meet specific goals and objectives.

F. CITIZEN PARTICIPATION

The development of the City of Long Beach FY 2008-09 Action Plan involved extensive citizen participation. The Community Development Advisory Commission, a fifteen-member citizen body that provides advice and input to the Mayor and City Council on the development of the Action Plan, is responsible for compliance with the City of Long Beach Citizen Participation Plan. As such, it conducted two public hearings and worked closely with City staff to ensure that a significant multi-lingual community outreach and education effort was completed prior to the adoption of the Plan.

After a notice was published in four local newspapers, the Commission conducted an initial Public Hearing on March 19, 2008 to solicit public comments on the City's intent to begin the preparation of the FY 2008-09 Action Plan. In addition to published notices in English, Spanish and Khmer, fliers announcing the Public Hearing were mailed to over 500 individuals and organizations. As a result of this extensive community outreach, 4 residents testified at that Public Hearing.

The Commission and City staff developed a list of organizations in which to seek comments on the Action Plan. Presentations were made to neighborhood and community organizations that benefit from CDBG, HOME, and ESG funded services.

A second Public Hearing was conducted on June 18, 2008 by the Commission to solicit public comments on the draft FY 2008-09 Action Plan. Included on pages 77 through 86 of the Action Plan are the public comments received at the Public Hearing and the written responses from City staff.

At the conclusion of the Public Hearing, the Commission unanimously recommended that the Long Beach City Council approve the FY 2008-09 Action Plan.

At a public meeting, the Long Beach City Council reviewed the draft Action Plan recommended by the Commission, along with all citizen comments received during the Public Hearing and authorized that it be approved and submitted to the U.S. Department of Housing and Urban Development (HUD).

1. IDENTIFICATION OF FEDERAL FUNDS

For each formula grant program, the Action Plan identifies to citizens the total amount of Federal funds made available for furthering the objectives of the Consolidated Plan (including estimated program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of investment.

2. COMMUNITY OUTREACH

In addition to the formal structure of CDAC, City of Long Beach staff works year-round to outreach to all segments of the low/moderate income community. Bilingual community workers are employed to provide translation services at community meetings and workshops. Program information and most documents are now provided in all three languages that are predominately spoken in the low/moderate income community (English, Spanish and Khmer).

In addition, comprehensive services are marketed to neighborhood residents regardless of income to encourage participation in the overall neighborhood revitalization effort. The City works with a number of community organizations that participate in various programs. For example, under the Neighborhood Improvement Strategy Program, residents plan and participate in projects to clean-up neighborhoods. These projects represent grass-root organizing where neighbors work together to improve their community. Targeted outreach is done within the small business community to distribute information on Business Improvement Programs.

3. CITIZEN COMMENTS

The Consolidated Annual Performance and Evaluation Report, as well as other documents prepared under the Consolidated Plan, is provided to the public at all City Libraries and the Neighborhood Resource Center. The public written responses as well as public comments at public hearings are included in the written text of all documents. Public hearings are held to provide an opportunity for the public to comment on funding priorities. All citizens wishing to comment on specific programs or projects can and do address CDAC at their monthly meetings. This allows for an important exchange of information between the community and CDAC.

The City of Long Beach published the following public notice on December 9, 2009 to request comments on this report. Public comments are due on December 28, 2009. The report is submitted to the Community Development Advisory Commission (CDAC) and City Council as per the Public Participation Plan (please refer to *Appendix 5 – B* for a copy of the certified public notice)

PUBLIC NOTICE

The public comment period for reviewing the City of Long Beach 2008 - 2009 Draft Consolidated Annual Performance Report (CAPER) will be held from December 9, 2009 to December 28, 2009. A copy of the report, along with any current public comments, will be available to the public at the Neighborhood Resource Center, 425 Atlantic Avenue, Long Beach, CA 90802 and the Main Public Library, 101 Pacific Avenue, Long Beach, CA 90802. A copy of the report can be obtained by contacting Alem S. Hagos, CDBG Coordinator at (562) 570-7403 or by visiting the Neighborhood Services Bureau web page: www.longbeach.gov/neighborhood_services.

G. INSTITUTIONAL STRUCTURE

The City has made a concerted effort to eliminate institutional gaps and enhance coordination of programs to all segments of the community. The City and Nonprofits work closely with other governmental entities to determine the critical needs of households in order to ensure CDBG funded programs address gaps in services. The City of Long Beach continues to reach out through public meetings and public hearings with the Community Development Advisory Commission to extract public and non-profit agencies comments.

The Long Beach Community Development Department is the lead agency responsible for implementing the Consolidated Plan. Several Bureaus within and outside of the department (including Neighborhood Services, Housing Services, Housing Authority, Economic Development, and Redevelopment) work closely together in implementing the Plan's activities. The Community Development Department also maintains staff linkages with other City departments, including Planning and Building; Parks, Recreation and Marine; Public Works; Police; the City Manager's Office and Health and Human Services, which oversees the Homeless Continuum of Care and Lead Based Paint Reduction Program. Memorandums of Understanding (MOUs) among various departments for administration of Consolidated Plan programs have led to collaborative partnerships using the most effective and experienced City staff.

In addition to the City's internal network, Long Beach expands its existing relationships with local jurisdictions through participation in sub regional planning efforts through the Gateway Cities Council of Governments. In addition, the City regularly meets with representatives from other cities through the Southern California Neighborhood Partners to share ideas and achieve coordinated solutions to regional issues. The City also regularly distributes its Federal HUD reports and public meeting announcements to local and county officials.

Long Beach interacts with various non-profit agencies and public service groups in the delivery of programs through its federal entitlement and other resources. City staff assists these agencies in planning programs and projects, ensuring activity eligibility and costs, complying with federal regulations and requirements,

and monitoring the timely expenditure of annually allocated program funds. The City requires agencies to submit quarterly and annual reports to meet Federal requirements, and periodically conducts on-site monitoring reviews.

H. MONITORING/COMPLIANCE

The Department of Community Development, Neighborhood Services Bureau is responsible for ensuring that the US Department of Housing and Urban Development (HUD) funds comply with program requirements through the monitoring of program performance. Monitoring is proactive and ongoing to ensure federal compliance, evaluate the effectiveness of HUD funded programs, and ensure that the City receives future HUD funding. The primary goals of monitoring are to:

- Ensure production and accountability;
- Ensure compliance and consistency with HUD regulations; and
- Evaluate organizational and project performance.

A Monitoring Plan has been developed and has been implemented. The plan includes:

- Standardized procedures for reporting by program service providers;
- Standardized procedures for monitoring frequency and reviews; and
- Availability of staff and other resources to assist in meeting HUD regulations.

1. MONITORING PROCESS

At the beginning of the program year, a meeting is set with program providers to discuss the reporting requirements and the Monitoring Plan.

Program providers are required, on a quarterly basis, to provide progress reports that are reviewed for compliance. A site review, held quarterly, is scheduled with the program providers. An entrance interview is held at the beginning of the program year with key representatives for clarification of the program's purpose, scope, objectives, and goals. HUD-required records and information to be collected are then discussed. The review ends with an exit conference to present preliminary results of the monitoring, provide an opportunity to discuss program compliance and reporting concerns, and to provide an opportunity for the program provider to report on steps being taken to address areas of non-compliance or non-performance. Formal notification of the monitoring review results are sent to the program provider. The provider then creates a permanent written record, an outline of any concerns and/or findings, and sets deadlines for a written response and corrective actions.

It is the monitor's responsibility to provide the technical assistance needed to ensure that the programs are productive and in compliance with Federal regulations.

2. ADDITIONAL PERFORMANCE MEASUREMENT

The City of Long Beach has implemented a citywide integrated management system called Focus On Results (FOR) Long Beach. The goals of FOR Long Beach are to:

- Align resources around City Council and community priorities
- Focus the entire organization on common objectives
- Empower the work team
- Improve efficiency and effectiveness of City services
- Increase accountability at all levels of the organization
- Communicate status of performance regularly

FOR Long Beach was designed to strengthen the decision-making process and serve as a critical communication link between City Council, City staff and the community. The system links budget and performance information for the entire organization, facilitates regular and integrated performance reporting, highlights performance and resource gaps, and enables the optimization of service delivery based on demand, results, and best practices.

The Program Activities of the CDBG, ESG and HOME programs have been integrated into the City's goals and strategies as communicated through Citywide and Departmental Strategic Plans. Results of many of the CDBG, ESG and HOME funded activities reported herein are also communicated to the City Council, City staff, and the community through monthly, quarterly, and annual FOR Long Beach performance reports.

3. RESPONSE TO MONITORING

A standardized program specific checklist has been implemented to measure CDBG Program compliance and performance results. Utilization of the checklist system allows for the identification of any discrepancies and/or omissions to program files and information that support program goals and accomplishments as it relates to program compliance and performance. Discrepancies and omissions are noted in the file and corrective measures are instructed for action to be taken. Thus far, the implementation of this system has been very effective in the monitoring process resulting in higher quality and more accurate program file maintenance.

IV. HOUSING NEEDS

A. RELATIONSHIP OF FUNDS TO GOALS AND OBJECTIVES

The 2005 – 2010 Consolidated Plan Housing Needs Assessment focuses on three problems: affordability, overcrowding and substandard units. These are the same problems facing other cities across the nation. Much of the information used to develop the needs assessment is derived from the City's Housing Action Plan for Fiscal Years 2005-2009. The Consolidated Plan adopted four housing priorities based on the Housing Action Plan. They are as follows:

- Provide and preserve safe, decent, and affordable housing for Long Beach households with the greatest need.
- Address substandard conditions and severe overcrowding in Long Beach neighborhoods.
- Encourage owner-occupancy.
- Enhance neighborhood stability

These goals are addressed through activities funded by CDBG, HOME and ESG. The City's housing activities focus on development and construction of new single-family condominium and multifamily rental units as well as rehabilitation of existing properties to preserve affordability and extend homeowner tenure. Detailed expenditure information is listed in the financial section of this report.

The Single-Family Rehabilitation HOME Improvement Program loans up to \$60,000 to income-eligible homeowners for home improvements. rehabilitation was completed on 57 properties totaling \$1,702,495. Here is an example of a property improved utilizing the Single-Family Rehabilitation HOME Improvement Program.

The following is a breakdown of how Housing Funds were utilized during the 2008 – 2009 program year:

Housing Rehabilitation:

- Provided financial assistance in the rehabilitation of 2 multi-family housing units.
- Provided financial assistance in the rehabilitation of 57 single-family housing units.

Loan Management:

- The HOME program and Rental Rehabilitation Programs serviced a loan portfolio of 397 loans totaling over \$55.5 million.
- The City of Long Beach monitored HOME loans and/or agreements covering 530 units in 56 projects to ensure compliance with all applicable requirements and restrictions.

Housing Finance and Development:

- 64 new affordable rentals were under development and completed. In addition, 202 new affordable rental units and 52 new affordable ownership units are projected to be completed within the next 12-24 months.

Homeownership:

- Funded 49 silent second trust deed loans
- Provided underwriting services for homebuyer loans and grants
- Provided information and technical support for private lenders and realtors.

According to the National Association of Realtors, in the second quarter of 2008, the median sales price of an existing single-family home in the Los Angeles/ Long Beach area was \$417,000, which represents a 30% decline from a high of \$593,000 during the second quarter of 2007. Despite the decline in property values, a family of four would need an annual income of approximately \$90,000 in order to purchase a median priced single-family home. According to the US Census American Community Survey for 2007, the median income of households in Long Beach was \$48,290. To address the disparity between the median household income of Long Beach households and the household income required to purchase a home, the City has redesigned its Second Mortgage Assistance Loan Program. This program will provide silent second mortgage assistance loans up to \$275,000 to low and moderate-income households for the purchase of a single-family or condominium home located within qualified areas. The new program became available October 1, 2008.

ADDI: Since the inception of the Second Mortgage Assistance Program (SMAP) in October 2008, the Long Beach Housing Development Company funded 28 second mortgage loans totaling \$448,846 for very low- and low-income first-time homebuyers.

B. CHANGES IN PROGRAM OBJECTIVES

The City uses HOME and Redevelopment Housing Set Aside funding to assist first-time homebuyers. During the 2007-2008 program year, 10 homebuyers were assisted.

C. HOUSING NEEDS

1. PROVISION OF AFFORDABLE HOUSING

a. Eliminating Barriers to Affordable Housing

On June 1, 2005, the City Council adopted a Housing Action Plan for FY05-09 to serve as the framework for the allocation of the City's scarce affordable housing resources according to the income (very low, low, moderate), tenure (owner/renter), and age category of the target population. Targeted funds will include HOME and Redevelopment Housing Set-Aside funds. The Plan aims to maximize investment towards providing quality affordable housing to as many Long Beach residents as possible, with a clear and pronounced effect in revitalizing and stabilizing Long Beach neighborhoods. In its initial 5 years of implementation, the HAP will focus efforts in three specific neighborhoods in the City to strengthen and make a visible difference in these neighborhoods. Maps of the three initial HAP target areas are attached in *Appendix 4-C*.

The City has implemented several programs during the reporting period that fostered and maintained affordable housing. Residential rehabilitation assistance was provided to low-income homeowners to preserve housing affordability. During the 2008 – 2009 program year HOME provided assistance to rehabilitate 2 multi-family units and 57 single-family units with rehabilitation loans. All of the projects focused on improving living conditions and correcting code violations, while the multi-unit projects also established and/or maintained affordable rents.

In addition, the Human and Social Services Bureau of the Department of Health and Human Services (DHHS) and the Neighborhood Services Bureau continue to collaborate in providing affordable rental housing opportunities for formerly homeless households. HOME funds are made available to fund the Security Deposit Program to assist homeless families who are able to afford the monthly cost of permanent housing, but are unable to save the "start-up" funds necessary to initially secure the housing.

The HOME Security Deposit Program brings together Federal HOME funding and an efficient participant qualification process developed for the Tenant Based Rental Assistance (TBRA) program by the Neighborhood Services Bureau, with homeless applicant intake, processing and

monitoring by staff from the Department of Health and Human Services. Homeless individuals and families are assisted in securing stable, long-term housing through this collaborative effort. HOME funds are used to fund security deposits equivalent to two months of rent to enable these formerly homeless renters, who have income sufficient to pay rent but cannot afford “up front costs,” to secure a decent place to live. For the 2008-2009 fiscal year, 82 households were assisted at a total cost in HOME funds of \$220,442.

The City also provides referrals to HUD approved first-time homebuyer counseling agencies. Through these agencies, over 300 families received homebuyer education in FY 2008-2009.

Under federal regulations, a minimum of 15% of HOME funding must be allocated to Community Housing Development Organizations (CHDOs) for housing development activities. CHDO organizations must be private, non-profit, community-based service organizations that have obtained or intend to obtain staff with the capacity to develop or rehabilitate affordable housing for the community served. Since the inception of HOME in 1992, the City has worked with fifteen CHDOs:

- Clifford Beers Housing Inc.
- Community Corporation of Santa Monica (CCSM)
- Decro Alpha Corporation
- Decro Gamma Corporation
- Decro Epsilon Corporation
- Federation of Filipino American Associations, Incorporated
- Friends of Central Avenue
- Habitat for Humanity South Bay/Long Beach
- Home Ownership for Personal Empowerment
- JABEZ Foundation, Inc.
- Joshua One Community Development Corporation
- Long Beach Affordable Housing Coalition
- Mental Health Association
- Shelter for the Homeless
- United Cambodian Community, Incorporated

2. HOUSING NEEDS OF PERSONS WITH DISABILITIES

The City provides reasonable housing accommodation for people with disabilities in accordance with the Americans with Disabilities Act of 1990.

The City has a Citizen Advisory Commission on disabilities interacting with people with disabilities, which include mobility, visual, speech, hearing, and learning disabilities.

3. “WORST CASE” HOUSING NEEDS

“Worst Case Needs” housing is defined by HUD as serving low-income renters, who pay more than 50% of their incomes for rent, who live in severely substandard housing (including homeless people) or have been involuntarily displaced.

The Neighborhood Services Bureau’s successful effort to address “Worst-Case Needs” housing was shown by the development and implementation of the HOME Security Deposit Program. The Neighborhood Services Bureau and the Department of Health and Human Services (DHHS) jointly developed this HOME-funded, Tenant-Based Rental Assistance Program. It brings together federal HOME funding and an efficient participant qualification process developed by Community Development Neighborhood Services Bureau, with homeless applicant intake, processing and monitoring by staff from the DHHS Multi-Service Center. Homeless individuals and families are assisted in securing stable, long-term housing through this collaborative effort. HOME funds are used to fund security deposits equivalent to two months of rent to enable formerly homeless renters, who have sufficient income to pay rent but cannot afford “up front costs”, to secure a decent place to live. 82 households were assisted through this program in FY 2008 – 2009, at a cost in HOME funds of \$220,442. These families went from homelessness to full-time, permanent rental housing.

4. PUBLIC HOUSING STRATEGY

a. Improvement of Public Housing

The Housing Authority of the County of Los Angeles (HACoLA) owns and operates the only public housing project in Long Beach - the Carmelitos Housing Development located in North Long Beach. HACoLA receives modernization funds annually from HUD to maintain its public housing stock.

The Carmelitos housing development has undergone several improvements in recent years, including a complete facelift involving new building exteriors, replacement of several parking areas, new roofs, and remodeled kitchens and bathrooms. An on-site Service Learning Program provides residents a range of learning opportunities, while the Carmelitos Community Garden represents another community partnership to improve the quality of life for public housing residents.

D. OTHER ASSESSMENTS

1. AFFIRMATIVE MARKETING ACTIONS

The City has continued a concentrated rehabilitation marketing effort in the ten Neighborhood Improvement Strategy Areas (see attached maps) and the Anaheim and Seventh Street corridors. This effort includes mailing information to every owner and tenant in residential property within the areas, and providing materials at community meetings. All of the City's residential rehabilitation marketing, information and application materials have been translated into both Spanish and Khmer.

All recipients of HOME loans for multi-family rental projects must agree, in writing, to affirmatively market rehabilitated units for the applicable affordability period. This affirmative marketing condition is incorporated into the Declaration of Covenants, Conditions and Restrictions and the Agreement to Comply with HUD Regulations. Both documents are recorded against the property and stipulate that violations will result in loan default, making the loan immediately due and payable. Default conditions specifically include illegal discrimination covered under Federal and State Fair Housing statutes, discrimination against recipients of publicly assisted housing funds, and discrimination against families with children. All project owners are required to list vacant units with the Long Beach Housing Authority (LBHA) and the private non-profit Fair Housing Foundation of Long Beach, Inc. (FHF). The LBHA and FHF are required to inform City staff of any violations of the owners' responsibilities relative to affirmative marketing of vacant units. The FHF and LBHA will make lists of HOME-funded vacant units available to home seekers, and will address issues relating to violations of the owner's written affirmative marketing agreements.

In all materials marketing its housing programs, the City emphasizes its position as an equal opportunity lender and includes both the approved HUD logo and a written statement to that effect.

2. OUTREACH TO MINORITY AND WOMEN-OWNED BUSINESSES

City staff regularly solicits Section 3 Businesses, Minority Business Enterprises (MBE) and Women Business Enterprises (WBE) interested in providing services through HOME-funded activities. City staff participates in the City's annual MBE/WBE conference to encourage greater utilization of MBE/WBE and Section 3 firms by both the City and private businesses. Copies of the latest Section 3 and MBE/WBE reports are provided to HUD, and are included in the appendix of this document. For more information, please refer to *Appendix 2 - A*.

Section 3 is a Regulation of the Housing and Urban Development Department that attempts to provide economic and employment opportunities to low-income residents and businesses when certain HUD funds are used for construction.

The City is continuing its efforts to residents by distributing and marketing the **HUD Section 3 Resident Application** to Long Beach residents that may qualify as HUD Section 3 residents. A HUD Section 3 resident is a person living in the metropolitan statistical area who meets certain income requirements. In the last 12-month period, more than 2,000 applications have been distributed to Long Beach and Signal Hill residents including Housing Authority Section 8 participants. Sixteen¹ applications have been received as of December 15, 2009. These applications were forwarded to the City's Workforce Development Bureau for possible enrollment in their Construction Pre-Apprenticeship Program or for direct hiring.

The City also revised its **HUD Section 3 Business Application** to make it less cumbersome for businesses to apply for certification. Staff certifies businesses as applications are received and then notifies the businesses as opportunities arise. Staff continuously outreaches to businesses throughout the entire project. One hundred seventy-eight businesses have been certified as of December 15, 2009.

- One Section 3 Business participated as the general contractor on the Seaside Park Project.
- One Section 3 Business participated on the Homeland Cultural Park Project.
- One Section 3 Business participated on the Annual Sidewalk Contract
- One Section 3 Business participated on the Villages at Cabrillo project (this project is now complete).

¹ The number represents the number of applicants that actually qualify under Section 3 requirements. This number does not represent the number of applications received.

In an effort to increase potential opportunities for local low-income workers, union subcontractors who receive contracts to work on projects are required to request local workers from the hiring halls when new hires are required beyond their core workforce.

The City places banners at project sites, or job boards, and places Section 3 resident applications for potential employment and training. The City also has a Workforce Development liaison that frequents the project sites to inquire if any contractors need additional employees.

- Two Section 3 Residents have been referred from our Workforce Development Bureau and through other advertising efforts for the Seaside Park Project.
- Nine Section 3 Residents have been referred from the various union halls for the Homeland Cultural Park Project.
- Six Section 3 Residents have been referred from the various union halls for the Annual Sidewalk Project.

One hundred and two Section 3 Residents have been referred from the various union halls and our Workforce Development Bureau for the Villages at Cabrillo Phase III project (for the project overall). This project is now complete.

3. MATCHING CONTRIBUTIONS

For information on matching contributions, please refer to *Appendix 2 – A*.

V. HOMELESS NEEDS

A. RELATIONSHIP OF FUNDS TO GOALS AND OBJECTIVES

For over two decades, the City of Long Beach has been committed to shaping a comprehensive and coordinated system of care to respond to the diverse needs of homeless individuals and families and those at-risk of becoming homeless. In an on-going collaborative effort of local agencies, city leaders and community groups, and with the support of public and private resources, the City continues to expand services to homeless populations and works to provide for a seamless delivery system that addresses the fundamental needs of the homeless population. Through the City's Consolidated Planning process, "Continuum of Care" delivery system, and the 10-Year Planning Process to Prevent and End Homelessness, the City and its community partners strive to create a balance of emergency, transitional, and permanent housing and supportive services to assist homeless families and individuals, empowering them to make the critical transition from housing crisis to self-sufficiency and stable permanent housing.

The Long Beach Continuum of Care delivery system is comprised of the following components:

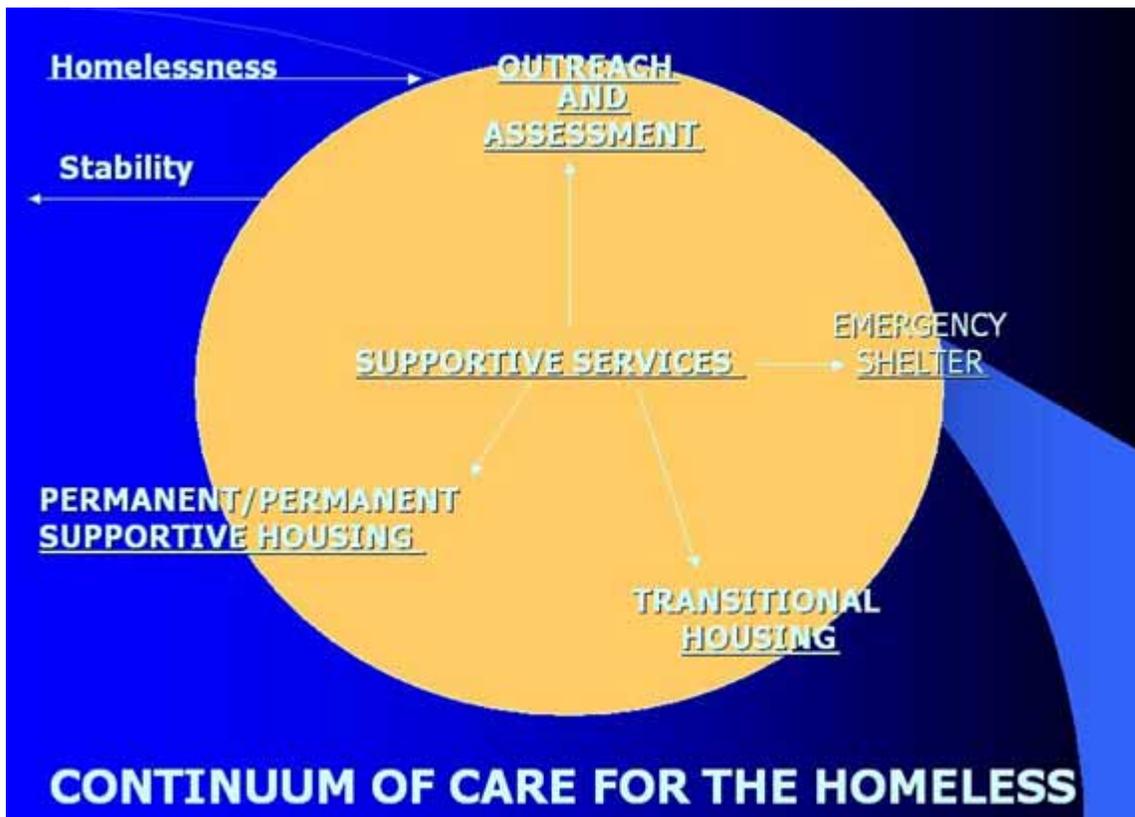

- Homeless prevention
- Outreach and assessment to the hard-to-reach homeless, system-resistant and the episodically homeless who may be unaware of the available resources
- Emergency shelter for individuals and families until either transitional housing, residential substance abuse treatment or other specialized housing can be arranged
- Transitional housing with supportive services
- Permanent housing placement assistance and permanent supportive housing

A wide array of supportive services is provided through each step of the Continuum of Care delivery system to help all sub-populations of homeless individuals and families receive the assistance they need.

As result of the Continuum of Care and 10-Year Plan to Prevent and End Homelessness planning processes, the City has defined its vision as follows: Every resident of Long Beach will be able to access adequate housing, food, and medical services. Reaching this goal remains the focus of the Continuum of Care system. Throughout the year, various groups involved in the Continuum of Care planning process assess areas of need and set priority areas and goals.

Areas of concentration during FY 2008 - 2009 include:

- Reviewing the 10-year strategic plan to address homelessness in Long Beach for feasibility of its components;
- Continuing to expand and strengthen outreach to homeless residents;
- Shortening length of stay, thus increasing numbers served within transitional housing programs;
- Continuing to streamline service referrals within the Continuum of Care system;
- Continuing to build relationships with neighborhood and business associations, and faith based partners while increasing awareness regarding homelessness through these linkages;
- Supporting the Multi-Service Center for the Homeless;
- Working in conjunction with the City's Housing Services Bureau to develop avenues to expand housing resources and thereby increase the number of affordable housing units in Long Beach;
- Conducting the fourth street and service-based enumeration of homeless residents in January 2009;
- Implementing the Homelessness Prevention and Rapid Re-Housing Program under the American Recovery and Reinvestment Act of 2009; and
- Expanding the Homeless Management and Information System (HMIS).

A few examples of specific Continuum of Care for Homeless Assistance program goals and action steps completed or to be taken include:

- In May 2008, the Homeless Services Advisory Committee brought forth the 10 Year Plan to Prevent and End Homelessness to the City Council. The strategic plan was forwarded to the Housing and Neighborhoods Council Sub-Committee for feasibility review.
- The Homeless Connections Initiative, co-led by PATH Partners and Mental Health America, is a grass roots community effort to assist homeless people to access housing, support existing community efforts and promote solutions that reduce homelessness. This group implemented a survey of homeless people living on the streets within a set boundary, to identify the most vulnerable people in an intensified effort to connect them with permanent housing and services.
- The City of Long Beach continues to dialogue with regional partners in the County of Los Angeles, including the Gateway Cities Council of Governments, to encourage participation in a regional approach to end homelessness.
- The City completed the fourth point-in-time enumeration and bed count inventory of homeless resources on January 29, 2009. The enumeration revealed that the City had 3,909 homeless persons on the streets and in shelters, with 3,457 adults and 452 children.
- The implementation of the Homeless Management Information System (HMIS) continues to increase bed coverage and expand users across the Continuum of Care system. This software is an important component for monitoring program outcomes and planning service delivery.

The City expended \$416,762 of Emergency Shelter Grant (ESG) funds and \$220,156 of Community Development Block Grant funds on activities directly serving the City's homeless population. For information on agencies funded under ESG and the associated match requirements for each, please refer to *Appendix 1-J*. (Agencies are required to submit 100% match)

B. CHANGES IN PROGRAM OBJECTIVES

There were no major changes to the Consolidated Plan program priorities or objectives during the program year.

C. HOMELESS NEEDS

1. PREVENTION PROGRAMS

The Long Beach Continuum of Care system provides homeless prevention services such as rental assistance and eviction prevention that were designed to prevent individuals and families from experiencing homeless. For example, in fiscal year 2008 - 2009, Legal Aid Foundation of Los Angeles provided legal assistance and was able to resolve cases for 65 households at-risk for

eviction and provided tenant rights classes to 699 individuals through Emergency Shelter Grant funding. Through funding provided by the Los Angeles Emergency Food and Shelter Program, several local agencies provide assistance with utilities, rental assistance and case management. In fiscal year 2008-2009, the City of Long Beach Department of Health and Human Services received \$17,745 for the Emergency Food and Shelter Phase 27 funding cycle, which provided 892 meals and 154 motel bed-nights to homeless families and individuals in need. The Long Beach Health Department also provided vouchers for 1,539 bed nights to 19 families as a part of the 2008-2009 Emergency Shelter Services Program funded in collaboration with the Los Angeles Homeless Services Authority and the Los Angeles County Department of Public Social Services. Several local agencies in a countywide consortium funded through Los Angeles County's Emergency Food and Shelter Program and operated by Beyond Shelter, provide assistance with utilities, rental assistance and intensive case management. Several community partners, including New Image Emergency Shelter, provide rental assistance subsidies through Housing Opportunities for Persons With AIDS funds, to assist persons living with HIV/AIDS from becoming homeless. The Multi-Service Center for the Homeless (MSC) collaborative agencies incorporate a prevention component into their services by conducting educational classes for low- and very low- income families and individuals to assist with employment preparedness, budgeting, information access, case management, health programs, and access to other mainstream resources.

In 2009, funding for homeless prevention resources was allocated Nationally when President Obama signed the American Recovery and Reinvestment Act (Recovery Act) into law. The Recovery Act provides \$1.5 billion to the United States Department of Housing and Urban Development (HUD) for the Homelessness Prevention and Rapid Re-Housing Program (HPRP). The purpose of the HPRP is to provide financial assistance and services to either prevent individuals and families from becoming homeless or rapidly re-house and stabilize those who are experiencing homelessness. The City of Long Beach received a total allocation of \$3,566,451.

2. OUTREACH AND ASSESSMENT

Several methods are utilized in Long Beach to refer chronically homeless individuals, households experiencing homelessness, and those at risk of becoming homeless, to social service agencies. These mechanisms include street outreach, distribution of pocket resource guides, the availability of toll-free hotline numbers and the City's Homeless Services staff to provide referrals to those in need.

Street outreach is usually the first point of contact for many homeless persons. The goal of outreach is to engage the system resistant and chronically mentally ill homeless individuals living on the street. Several

agencies conduct street outreach in Long Beach, including the City of Long Beach Multi-Service Center for the Homeless (MSC), Police Department Quality of Life officers, Mental Health America of Los Angeles, Catholic Charities, Veterans Affairs Healthcare System, United States Veterans Initiative, the Downtown Long Beach Associates, the City of Long Beach Department of Health and Human Services (DHHS) Public Health Nurses and Mobile Health Clinics, and most recently, the Homeless Outreach Mobile Engagement through the Los Angeles County Department of Mental Health. Various agencies focus on special populations such as youth, chronically mentally ill, dually diagnosed homeless, veterans, and women affected by domestic violence. A great majority of the agencies in the City work together to provide citywide coverage. This effort is coordinated through the monthly Outreach Network meeting conducted at the MSC.

In addition to street outreach, information regarding social services is also disseminated to community members through the “Pocket Guide Resource Directory”, 211 LA County, and the Homeless Services Division. The “Pocket Guide Resource Directory” is a highly utilized tool that contains information about social services in the Long Beach area. These guides are printed by the City of Long Beach Department of Health and Human Services, and provided free of charge to local agencies, businesses, churches, city council offices, parks, libraries, schools and police officers for distribution to individuals and families whom are in need of services. Between October 2008 to September 2009, 25,000 pocket guides were printed and distributed to homeless persons and those at-risk of homelessness in the community last year. As a result of the guides, many homeless individuals and families connecting with existing services. 211 LA County, formerly known as Infoline of Los Angeles, is a toll-free number that operates 24 hours a day, 7 days a week, and provides referrals for housing and other social services resources located in Los Angeles County, including Long Beach. Additionally, the City’s Homeless Services Officer and other division staff provide referrals and conduct presentations in the community to promote awareness of homeless services and issues.

3. SUPPORTIVE SERVICES

The Multi-Service Center for the Homeless (MSC) is a unique facility which co-locates 12 social service agencies in order to provide integrated, comprehensive services for homeless individuals and families in one location. These services include basic services, such as showers, laundry facilities, mail, message services, to mental health outreach, WIC outreach, homeless prevention assistance, case management, crisis counseling, licensed child care, life skills training, employment assistance, financial literacy classes, expungement workshops, fair housing workshops, annual job fairs, housing placement, rental assistance, advocacy services, health screenings, substance abuse and mental health treatment referrals, veterans services, and referrals to other community resources.

Since its opening in March of 1999, the Multi-Service Center (MSC) has functioned as a main entry point into the City of Long Beach Continuum of Care system. MSC services expanded in 2000 with the completion of Building II, which is adjacent to the original facility. Utilization of the MSC has consistently grown over time. The challenging economy and high unemployment rate has contributed to a higher volume of requests for service. From October 2008 to the end of September 2009, the MSC provided services to 25,978 duplicated client contacts.

Long Beach Multi-Service Center for the Homeless CDBG Quarterly Report

Reporting Period: October 1, 2008 – September 30, 2009

	First Quarter 10/08-12/08	Second Quarter 1/09-3/09	Third Quarter 4/09-6/09	Fourth Quarter 7/09-9/09	Total Year 10/08-9/09

White	3,707	3,700	2,961	2,860	13,228

Services Provided: Street outreach, basic services (showers, laundry, phones), intake, comprehensive assessment, crisis intervention, homeless prevention financial assistance and placement in emergency, transitional and permanent housing programs, all of which are coordinated by a diverse and qualified case management team.

The Multi-Service Center for the Homeless provides integrated services to the City of Long Beach's homeless population at one location that addresses the multiple needs of families and individuals experiencing homelessness through a collaborative effort that includes 12 co-located non-profit social service providers and many other off-site partners.

In addition to the MSC, the City of Long Beach, Department of Health and Human Services oversees the Long Beach Homeless Veterans Initiative (HVI), a collaboration with Mental Health America of Los Angeles, Single Parent United N Kids and United States Veterans Initiative, and funded by the County of Los Angeles, to provide comprehensive outreach and service delivery for homeless veterans. To support the goals of the HVI, the partners continue their collaborations with other agencies such as Veterans Affairs Healthcare System of Long Beach; Legal Aid Foundation of Los Angeles; and the University of Southern California Military Social Work and Veteran Services Program. Through the HVI, the City of Long Beach Department of Health and Human Services' veteran-specific case

manager and outreach worker collaborate to provide case management, referrals to housing programs and other supportive services to veterans in the Long Beach area. Together they have streamlined referrals to veteran housing located at the Villages at Cabrillo and HUD VASH Vouchers through the Long Beach Veterans Affairs Healthcare System.

4. HOUSING PLACEMENT SERVICES

Several local agencies utilize Supportive Housing Program (SHP) funding to provide housing placement assistance. Agencies including the City of Long Beach Department of Health and Human Services, the Beyond Shelter, and Mental Health America of Los Angeles employ Housing Coordinators to connect individuals and families with housing units that are safe, clean, affordable, and accessible to the disabled. The agencies may also assist with move-in funds for utilities, furnishings, and first/last month rent. The Housing Coordinators develop rapport with apartment associations and local landlords to bridge the gap between property owners and persons trying to re-enter permanent housing stability. The City of Long Beach Department of Health and Human Services staff at the MSC placed 109 households into permanent housing using rental and move in assistance/subsidies during this reporting period. Beyond Shelter staff continue to work with DHHS to provide in home case management support once families are placed into permanent housing. Mental Health America of Los Angeles has been instrumental in placing chronically homeless and other homeless individuals with mental illness in permanent housing during this reporting period.

a. Emergency Shelter (90 Day Shelter)

Several agencies in Long Beach provide temporary shelter for homeless families, individuals, and for specific sub-populations of the homeless with an average length of stay of less than 90 days. In fiscal year 2008-2009, Emergency Shelter Grant funds supported three agencies that provide emergency shelter including: Catholic Charities, Southern California Alcohol and Drug Program, and Women Shelter of Long Beach. In addition to these organizations, several other agencies provide emergency shelter in the City including Los Angeles County Winter Shelter Program and the Long Beach Rescue Mission. The Los Angeles Homeless Services Authority also provides funding support for the 59-bed year round shelter in Long Beach, operated by Catholic Charities.

b. Transitional Housing

Through the 1994 Naval Reuse Process, the United States Veterans Initiative was given 26 acres to develop a planned community, the Villages at Cabrillo, to address the needs of homeless individuals and families. In March 2000, the first phase of the Villages at Cabrillo opened and began serving clients. The Villages at Cabrillo is made up of a collaboration of

organizations dedicated to providing a wide range of services to break the cycle of homelessness. In fiscal year 2008 - 2009, several agencies at the Villages at Cabrillo (Salvation Army, New Image Emergency Shelter, and United States Veteran's Initiative) were funded through the Supportive Housing Program (SHP) to provide transitional housing for up to 24 months. In total, these agencies operated 211 transitional housing beds and permanently housed 60% of exited clients during this reporting period. The transitional housing addresses the needs of several homeless sub-populations including unaccompanied youth, veterans, single women and men, substance abusers, families, and dually diagnosed. Supportive services available to residents include case management, life skills training, educational training, residential support, licensed childcare and employment training and assistance.

c. Permanent Housing

In fiscal year 2008-2009, the City of Long Beach Department of Health and Human Services, in conjunction with other MSC social service agencies, has continued to expand the effectiveness of the permanent housing placement component for clients of the MSC.

The City of Long Beach Department of Health and Human Services utilizes a Housing Coordinator, who is specifically dedicated to assist in the development of community housing resources with in-home case management follow-up, which allows for homeless individuals and families in permanent housing to sustain long-term independent living. Relationships are being established with landlords and property management companies in an effort to cultivate the necessary linkages to house homeless individuals and families. HOME funds are utilized for tenant-based rental assistance to facilitate successful transition of homeless families into permanent housing stability.

Mental Health America of Los Angeles currently operates several permanent housing programs in Long Beach. Mental Health America of Los Angeles provides 95 units of permanent housing to persons who are disabled. Of these units, 46 are provided through Shelter Plus Care programs. Mental Health America of Los Angeles also operates the Safe Haven project, which is permanent housing for the chronically homeless disabled population, funded by the Supportive Housing Program portion of the Continuum of Care. The Safe Haven consists of 25 units of scattered site permanent housing, with supportive services being offered to the residents where they reside. Lastly, Mental Health America of Los Angeles operates a 24 unit scattered site permanent housing project linked specifically to street outreach efforts to house chronically homeless populations.

Two other agencies that provide permanent housing units in Long Beach are the United States Veterans Initiative and PATH Ventures. The United States Veterans Initiative provides 32 Shelter Plus Care units of permanent housing to individuals who are disabled. Additionally, the United States Veterans Initiative operates two other permanent housing programs that provide 168 permanent housing beds. PATH Ventures operates 40 units of permanent housing with 106 beds and on-site supportive services for homeless families.

A recent effort to outreach to and reduce the street homeless population has been led by The Long Beach Homeless Connections Initiative (Connections). Co-led by PATH Partners and Mental Health of America, Connections is a group of stakeholders that consists of the City of Long Beach, homeless service and housing agencies, California State University Long Beach, local hospitals, faith groups, business groups and residents working together to design specific actions that will help homeless people transition off the streets into housing.

5. CHRONIC HOMELESSNESS

The City, as lead entity for the Long Beach Continuum of Care jurisdiction, is required to complete a biannual homeless count. The chart below demonstrates the results of each of the counts as reported to the Department of Housing and Urban Development. There has been a reduction in the overall count results over time, however a slight uptick in the category of chronic homelessness. Additional street outreach efforts have been implemented within the past year with the Homeless Veterans Initiative program and the community based Homeless Connections Initiative to address the needs of this most vulnerable population.

BIENNIAL HOMELESS COUNT COMPARISON

	<u>2005</u>	<u>2007</u>	<u>2009</u>
TOTALS	4,475	3,829	3,909
Total Adults	3,194	3,145	3,457
Total Children	1,281	684	452
Facility	1,401	1,679	2,154
Street	3,074	2,150	1,755
Chronic > 1 year	1,056	1,112	1,268

The service providers in the City’s CoC system share the vision of ending chronic homelessness in Long Beach. The CoC agencies continue to improve client-centered, culturally competent activities and the “no wrong door” and “no fail” approach. The no wrong door policy will assist clients in entering the CoC system thru any agency, while simultaneously looking at ways to close the back door, which will prevent chronically homeless clients from cycling

back onto the streets. The core philosophy to the no “wrong door” policy is assessment and addressing the immediate needs of the person, which include food, clothing and shelter. The following list is the core of the CoC delivery system for chronically homeless services:

- Specialized street outreach teams
- Service-enriched permanent housing
- Substance abuse and mental health treatment
- Primary health care
- Homeless veteran services
- In-home case management services with enhanced supportive services

The outreach network provides the critical link between the streets and supportive services. The CoC has developed a comprehensive approach that is coordinated and integrated; yet flexible to address the varying needs of chronically homeless persons. The outreach network has been able to decrease the length of engagement while building on small successes by working with clients where they are and providing basic amenities during street outreach efforts, which has produced strong outcomes of permanent housing placement.

To most effectively engage and maintain services for the chronically homeless population, the CoC developed a seamless, low demand, high tolerance system that is integrated throughout Long Beach. Due to the chronically homeless persons’ previous negative experiences with multiple systems of care, the Long Beach CoC is based on immediate access to comprehensive services either through the Multi-Service Center, or through the multi-disciplinary outreach network team, which brings needed resources to clients where they reside. The outreach network continues to gain rapport with the chronic homeless population by building upon their relationship and empower the individual to decide to access resources. The Community Partnership to Prevent and End Homelessness: Long Beach’s 10-year Plan will promote a design that strengthens coordination of existing services, increases accessibility to housing, and promotes flexibility to address the challenges of adapting services to people with multiple complex issues who have lived on the streets for prolonged periods of time.

Streets, parks, encampments, and alleys are where most of the chronically homeless reside; street outreach programs are the critical link between the chronically homeless and comprehensive services. The MSC agencies coordinate the multi-disciplinary outreach network (comprised of outreach case managers, one Quality of Life police officer unit, mental health advocates, substance abuse case managers, veterans case managers and mental health clinicians). This outreach network provides services to clients where they reside, ranging from: intake, assessment and treatment planning, health assessments (physical and mental), minor wound treatment and medical screenings, referrals into mainstream programs, assistance

navigating the medical and mental health systems and housing placement. This approach has been successful in providing services to clients that in the past did not access services due to significant physical and psychological barriers.

Agencies within the Continuum of Care provide clients with transportation services to facilitate immediate access to services. Mental Health America of Los Angeles, the Multi-Service Center, and United States Veterans Initiative operate daily shuttle services. Other service providers assist with client transportation by distributing bus tokens and bus passes, and by assisting disabled clients with obtaining bus passes and shuttle services through mainstream resources.

Another component of the CoC system is the implementation of the Homeless Management Information Systems (HMIS). Through the HMIS, the case manager can access information such as service history, information about eligibility for services, what services s/he received, and rely on consistency of information relevant to the client. The information allows for appropriate referrals, flexible changes in the level of service, and the elimination of duplicate efforts of service providers to assist the client. The HMIS also supplies data on demographics, service delivery, program effectiveness, resource/service gaps, service utilization, and the overall continuum efficiency and effectiveness in achieving positive housing and service outcomes. By refocusing service efforts to address the special needs of the chronically homeless, the CoC system will be able to track progress on the number of chronically homeless placed and maintained in permanent housing.

D. OTHER ASSESSMENTS

1. MATCHING RESOURCES

The City of Long Beach contracts with non-profit agencies to improve the quality and number of emergency homeless shelters by funding emergency shelter and homeless prevention projects. The funded agencies must provide 100% match as stated in the Request for Proposals. The match source can be either in kind or cash match, and equal the amount requested from a sources other that ESG program or McKinney Vento funding. Funds used to match a previous ESG/CDBG grant may not be used to match a subsequent grant. Also, detailed match documentation must be submitted during the invoice process. Please refer to *Appendix 1-J*.

VI. COMMUNITY DEVELOPMENT NEEDS

A. RELATIONSHIP OF FUNDS TO GOALS AND OBJECTIVES

The 2008-2009 Action Plan prioritizes the use of Federal funds consistent with the City's adopted Consolidated Plan. Action Plan priorities are designed to principally serve very low, low, and moderate income residents by addressing:

- Housing Needs
- Prevention of Homelessness
- Special Need Populations
- Community Development Needs (Economic Development, Public and Community Facilities, Infrastructure Improvements, and Public and Community Services)

These goals are addressed through activities funded by CDBG and other various funds mentioned on page 27.

B. CHANGES IN PROGRAM OBJECTIVES

There were no major changes to the Consolidated Plan program priorities or objectives during the program year.

C. COMMUNITY DEVELOPMENT NEEDS

1. ECONOMIC DEVELOPMENT PROGRAMS

The City's Economic Development Bureau plays a key role in the City's economic efforts. The Bureau utilizes CDBG funds to provide an array of direct and technical assistance programs for business attraction, retention, and targeted incentives for job creation. These include the following:

a. BUSINESS REVITALIZATION

The City of Long Beach Neighborhood Services Bureau has the Commercial Improvement Rehabilitation Program, which provides reimbursement of up to \$2,000 per business to commercial property owners and business owners on various business corridors to improve the exterior of their businesses and ensure proper code standards.

b. BUSINESS DEVELOPMENT CENTER (BDC)

The Long Beach BDC helps people solve small business start-up and management problems on an individual basis. A variety of technical assistance services are provided to persons or small businesses who:

- Need a start-up business grant
- Need site location assistance
- Need Enterprise Zone information
- Intend to start up a business
- Are preparing a marketing or business plan
- Seek information on a business loan
- Would like to be involved with importing/exporting
- Need to solve legal business problems
- Want to establish financial systems and controls
- Want to increase sales, reduce costs, and improve returns
- Need guidance on specific business problems

c. TECHNICAL ASSISTANCE PROGRAMS

The Economic Development Bureau offers technical assistance to entrepreneurs just starting a new business and to established businesses seeking to improve or expand. The Bureau offers individual, one-on-one counseling sessions for specific business concerns, as well as workshops on a variety of business topics in partnership with Long Beach City College. Topics and issues include

- Site location
- How to start a business
- Preparing marketing/ business plans
- Loan and grant programs
- Import/Export
- Legal issues
- Financial systems and controls
- Enterprise Zone

For 2008-09, the Bureau conducted 1,291 one-on-one counseling sessions and 34 workshops with a total of 542 attendees.

d. NEIGHBORHOOD BUSINESS INVESTMENT PROGRAM (NBIP)

The Neighborhood Business Investment Program (NBIP) provides grants of \$2,000 to new small business owners serving low/moderate income communities. During the 2008-2009 program year, 38 new businesses received grants. To ensure access to the growing segment of the City's ethnically diverse business community, all services are available in English, Spanish and Khmer languages.

November 17th, 2009 highlighted the 1,000th startup recipient TWINNS Beauty Supply with a ribbon cutting ceremony. The neighborhood Business Investment program started January 7th, 1994 and has awarded two million dollars in CDBG funds.

The City of Long Beach's Community Development Department awarded a \$2,000 business start-up grant to its 1,000th new business on November 17. Mayor Bob Foster and 1st District Councilmember Robert Garcia presented the check to the co-owners of TWINNS Beauty Supply, 301 Atlantic Ave. Pictured from left are: Mayor Foster; TWINNS' Melissa Lampkin; Dennis Thys, director of community development; TWINNS' Donell Lampkin; and Councilman Garcia. (Photograph by the Business Journal's Thomas McConville)

e. ENTERPRISE ZONE HIRING CREDIT

The Long Beach Enterprise Zone provides a significant tool to stimulate business and job growth through hiring credits and other tax credits that reduce state income tax for eligible businesses. Enterprise Zone boundaries closely match CDBG areas of the City and contribute directly to area benefit and job creation. For FY 2008-09, 4,334 hiring credit vouchers were issued to 236 companies. Each voucher represents a job for an economically disadvantaged individual. For the most recent period available (2007), the California Franchise Tax Board reports state tax credits totaling over \$15,700,000 were claimed by Long Beach businesses as a result of the Enterprise Zone. The State Housing and Community Development Agency awarded the City of Long Beach a new 15-year Enterprise Zone designation in January, 2007.

f. BUSINESS LOAN PROGRAMS

The City operated three loan programs during 2008-2009. The loan programs are administered by the Long Beach Redevelopment Agency. For larger businesses, the City offers the Grow Long Beach Fund and Long Beach Business Loan Program. The Grow Long Beach Fund is an SBA 7a program. The Long Beach Business Loan Program is a revolving loan program designed to provide assistance for the creation, expansion, retention, and attraction of businesses.

The Microenterprise Loan Program serves the needs of small and medium-sized businesses, which provide employment opportunities, specifically for the City's low/moderate income residents. The Microenterprise Loan Program focuses on entrepreneurial businesses. The loan is available to new businesses with five or fewer employees including the owner who must be low/moderate income. Loan proceeds are used for property acquisition, purchase of machinery, equipment and working capital. This program encourages new business ventures in low/moderate income neighborhoods through assistance to entrepreneurs.

For the 2008 - 2009 year, 295 businesses received counseling on these loan programs. Five loans totaling \$490,000 were funded. These loans will create or retained 15 jobs, more than 80% of which are low/mod.

2. LOW/MOD JOB ACTIVITIES

a. ENSURING CONSIDERATION FOR LOW/MOD PERSONS

The City requires that first consideration for new jobs created be given to low- and moderate-income individuals residing in Long Beach. This is ensured through the Business Loan Agreement signed by both parties.

b. PERMANENT JOBS AVAILABLE TO LOW/MOD PERSONS

There were no economic development activities undertaken in which jobs were made available to low- or moderate-income individuals but were not taken by them. For a listing of jobs by job title, please refer to *Appendix 2-B*.

c. LOW/MOD JOBS WITH SPECIAL REQUIREMENTS

There were no CDBG funded positions that required special skills, work experience or education. The City has supported a comprehensive community outreach process to serve those individuals needing special skill training and/or education by establishing referrals to the City's Workforce Development Bureau and working with the needs of the potential employers. By using this resource of the Workforce Development

Bureau, we are serving many low-income families that might not otherwise utilize our services.

3. HOUSING REHABILITATION

In addition to the housing rehabilitation activities listed in Section IV.C.1.a: Summary of Efforts of this document, the City also operates the following three rebate programs for property owners of single-family, owner occupied properties within certain target areas:

- The Home Improvement Rebate Program provides a reimbursement of up to \$2000 per parcel to property owners to improve the exterior of their residential properties.
- The Home Security Lighting Rebate Program provides a rebate of up to \$500 per parcel to residential property owners for the purchase and installation of security lighting.
- The Home Security Lock Program provides a voucher for up to \$300 per parcel to residential property owners for the cost and installation of deadbolt locks on entry/exit doors.

4. NEIGHBORHOOD REVITALIZATION STRATEGIES

The City of Long Beach encompasses about 50 square miles. Approximately one-third (15 square miles) of the City is within a HUD defined low/moderate income target zone. The City's Neighborhood Services Bureau works to improve living environments within the target zone, but focuses on the most distressed areas through the Neighborhood Improvement Strategy (NIS) program.

a. Neighborhood Improvement Strategy (NIS)

The Neighborhood Improvement Strategy (NIS) concentrates resources and tailors services to meet the needs of ten neighborhoods, identified as having some of the most severe problems including poverty, crime, and property maintenance issues. The NIS Coordinators assigned to these areas assist residents to organize with their neighbors and address public safety, social and property maintenance issues in their neighborhoods. NIS Coordinators assist neighborhood residents and their neighborhood organizations to partner with many City departments and other resources including Parks, Recreation and Marine, Integrated Resources, Public Works, Police, Fire, Gang Prevention, Library Services, Health Department, Code Enforcement, and local schools. NIS area monthly meetings provide regular forums for citizen participation in the development of the City's Action Plan. This citizen input, resident training, and leadership development have been essential in the development of

solutions for neighborhood issues and in prioritizing CDBG programs and services.

NIS Coordinators build the capacity of the community for sustainable and independent governance by the residents. These efforts help to develop community leaders that are representative of their neighborhoods and are capable of solving neighborhood problems. NIS Coordinators provide residents with technical assistance to assist them to organize their neighbors and create neighborhood organizations that are able to advocate for themselves on such issues as community safety and overall neighborhood pride. Resident-led neighborhood groups now host monthly neighborhood meetings in NIS areas to recruit and train local volunteers to participate in the planning and implementation of various community improvement projects.

NIS Coordinators help residents to partner with other City departments whose programs enhance existing NIS activities and assist in neighborhood improvement. An example of this partnership this fiscal year is the coordination of a “Welcome to Long Beach” mural and business façade beautification project. The transformation of an eyesore to a welcoming entryway into the City was developed as a result of residents in the City of Long Beach’s Neighborhood Leadership Program (NLP), who created a similar banner as a class project. A full sized mural and a business beautification project was completed this year through a collaboration with Neighborhood Improvement Strategy staff, Neighborhood Leadership Program alumni, the Coolidge Triangle Neighborhood Association, the Redevelopment Agency, the Parks, Recreation, and Marine Cultural Arts

Program, the Youth Summer Sidewalk Program, the Urban Forestry Program, and the Commercial Improvement Rebate Program. The project resulted in a reduction of blight and graffiti while strengthening community and youth involvement in the process.

Information is available in multiple languages to educate and outreach to residents to participate in NIS activities and services. All written materials about Neighborhood Services Bureau programs are distributed in English,

Spanish, and Khmer. NIS Coordinators, translators, and other Neighborhood Services Bureau staff, frequently bilingual in either Spanish or Khmer, are available to assist residents of the designated NIS areas in Long Beach -- a particularly diverse city -- to provide training, information, and resources to help residents become more effective leaders in their community.

A high priority of the NIS effort is to clean up neighborhoods. Several approaches provide opportunities to address each neighborhood appropriately and effectively include:

- Neighborhood Clean up Assistance Program:

Community and neighborhood clean ups provide an opportunity for residents, who often speak different languages from one another, to work together to maintain their neighborhoods, clean up their streets and alleys, and remove graffiti. NIS staff teach residents how to organize clean ups, pick up and return tools, and assist resident organizers to recruit their neighbors to support the effort. In 2008-2009 program year, volunteers held 103 cleanup events and filled 129 dumpsters, removing over 1,161 tons of debris from Long Beach streets and neighborhoods.

- Neighborhood Community Code Enforcement (NCCE)

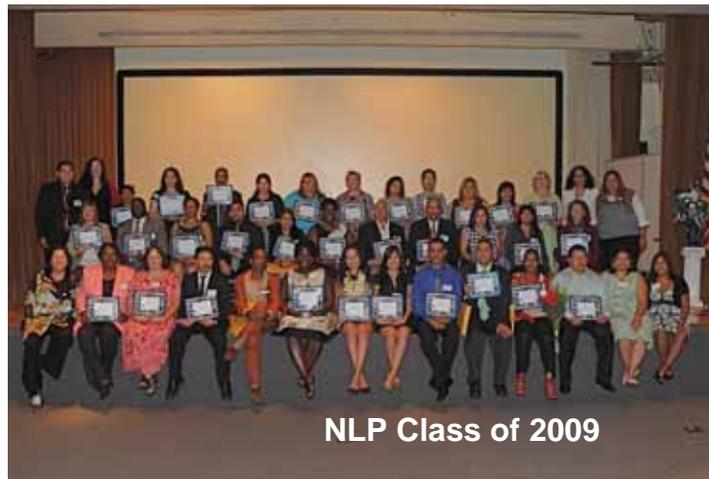

Neighborhood Community Code Enforcement (NCCE) provides an enhanced opportunity for NIS staff use to train and empower residents to eliminate property maintenance issues in the NIS areas. This model includes the ongoing support of neighborhood residents to identify code enforcement problems in their neighborhoods. Resident volunteers learn how to identify property deficiencies, become official "Team Captains", and meet monthly with code enforcement and NIS staff to report property related problems that are then addressed by city personnel.

- Pro-Active Code Enforcement (PACE)

The NIS Coordinators in each of the targeted neighborhoods conduct Pro-Active Code Enforcement (PACE) activities on a monthly basis to notify property owners of code violations and property maintenance issues to gain voluntary compliance and improve neighborhood “curb appeal”. Each NIS Coordinator divides their respective area(s) into census tracks that they survey monthly to identify property maintenance violations. Property owners are then notified in writing with photos of the condition. If appropriate, they are provided information about the Home Improvement Rebate Program as a solution to assist them to resolve their property maintenance problem(s). Staff re-inspects the property in 30 days and if the problem has not been resolved, it is referred to the City’s Code Enforcement Division to be cited. This effort has resulted in an incredible 70% compliance rate in resolving property maintenance problems with in 30 days -- a dramatic increase in securing voluntary compliance.

b. Neighborhood Leadership Program

Since 1992, the nationally recognized Neighborhood Leadership Program (NLP) has brought together a diverse group of dedicated neighborhood residents to participate in a 5-month experience that facilitates the enhancement of communication skills, conflict resolution, leadership and human relations’ skills. During the 2008-2009 Program Year 33 participants successfully completed the program, boosting the ranks of Long Beach resident-leader graduates to an impressive 450!

The only simultaneously multi-lingual (English, Spanish, and Khmer) neighborhood leadership program available anywhere in the country, the Neighborhood Leadership Program provides training free of charge to Long Beach residents to enhance their knowledge about their community and the network of services available to them. The program design and curriculum provide an opportunity for participants to strengthen their

linkages between the city, schools, businesses, parents, families, and neighborhoods.

A major component of the curriculum is the development and completion of neighborhood improvement class projects. Each team utilized up to \$1,000 in matching grant funds provided by the Redevelopment Agency and their Central Project Area Committee. Participants gained confidence in their ability to create neighborhood change while they learned how to prepare a grant proposal, worked as a team with other neighborhood residents, leveraged additional resources, engaged resident participation, and resolved a neighborhood issue. Four community projects were developed and completed along the Pacific Avenue corridor that have a combined value of approximately \$ 98,000.00 and include:

- **Bellas Flores** enhanced the appearance of a Domestic Violence Resource Center. The project included planting two Purple Trumpet trees in the parkway, removing overgrown invasive plants and replacing them with drought-tolerant native plants.
- **Neighborhood Alert** planned a Safety Business Forum at the Wrigley Community Police Center. The forum was designed to inform business owners about the importance of helping each other. The event featured Jose Vasquez and Lisa Massacani from the Long Beach Police Department and Juan Bucio, who represented the Community Police Center. Safety stickers were provided to identify which businesses were involved in maintaining a safe and protected Pacific Avenue business corridor.
- **Waves4Change** was responsible for the foundation needed to develop a garden for the community. The project involved the creation of a partnership between the property owner at 2044 Pacific Avenue and Long Beach Organic. The goal of the project was to enhance the garden entryway, to install two benches and two arbors, to repair the fencing at the location and to redecorate the garden.
- **Stone Soup** built a garden for Young Horizons, a non-profit preschool. The project included training on proper planting and maintenance of both native and vegetable plants. The Growing Experience representatives at Carmelitos Housing Development held training for team members on 6/17/09. The Growing Experience program is co-sponsored by Common Ground and the Los Angeles County Community Development Commission. The Growing Experience also provided all native plants used for the garden.

Dozens of active alumni donated their time to assist with many components of the program and served to mentor and inspire participants

by sharing their post-graduation accomplishments to improve our neighborhoods and city.

c. Community Police Centers (CPC)

The City of Long Beach uses CDBG funds to support three Community Police Centers (CPCs) in Neighborhood Improvement Strategy (NIS) area neighborhoods. The CPCs facilitate developing the capacity of the community for sustainable and independent governance by the residents. The facilities are operated as a partnership among three legs of each CPC triangle - consisting of neighborhood residents, bilingual Neighborhood Improvement Strategy (NIS) staff, and a retired police officer. In order to enable residents to advocate for themselves on such issues as community safety and overall neighborhood pride, each CPC has its own Citizen Advisory Committee responsible for guiding the programming of the CPC and assisting in fundraising for neighborhood events and projects.

In addition, these facilities provide a non-threatening community center that helps residents connect to police resources. Many residents are immigrants who have a distrust and fear of police and frequently have language barriers as they are often non-English speaking. Each CPC is staffed by a retired police officer and bilingual Khmer and/or Spanish speaking staff who assist the community. This retired officer reduces the work of uniformed officers, the 911-emergency system and the Police Department non-emergency number by addressing minor crime and nuisance issues. The retired officers are often able to resolve issues and connect residents to police resources that they ordinarily may not utilize because of fear, mistrust, and communication barriers.

These Community Police Centers (CPC) also build trust and knowledge within the community, provide additional resources to address neighborhood needs and bring residents to the facility for non-crime related uses. This helps to build rapport and trust with the staff and residents. The CPCs offer educational workshops, training, and educational opportunities for their neighborhoods they serve, and include the Raising A Reader Program, an early childhood program that helps non-English speaking parents to read to their children. English as a

Second Language (ESL) classes for residents are also available at one CPC and Khmer language classes are available to teach residents the Cambodian language. In addition, the CPCs are used to host neighborhood Community Code Enforcement and neighborhood association meetings that further help to bring area residents in contact with police resources. The retired police officers participate in these programs and events and are able to provide valuable information about public safety concerns.

Overall Community Police Center Activities for FY 08-09:

Total Number of Walk-Ins Residents Assisted:	7,837
Total Number of Police Related Issues Addressed:	3,751
Total Number of Referrals to Other Departments:	1,314

d. Neighborhood Resource Center (NRC)

The City of Long Beach provides a resource for the community called the Neighborhood Resource Center (NRC) that assists neighborhood and community groups and individual residents with the tools, training and resources to improve their neighborhoods and build the

capacity of their neighborhood groups to create meaningful neighborhood improvements. The NRC helps individual residents connect to their local neighborhood associations and start new ones in neighborhoods that need them. Staff provides training, guidance, technical neighborhood problem solving, and project and grant assistance to apply for grants and to develop and host neighborhood projects and events. Neighborhood groups have free use of a community meeting room and a photocopier to make free photocopies of newsletters and flyers to announce their meetings and events. Neighborhood groups can borrow supplies at no cost for block parties, neighborhood events, alley stenciling. Groups can borrow publications on a variety of subjects including property management, crime prevention, and urban forestry. The NRC hosts free workshops each month to assist neighborhood groups to improve their communities. Interest in workshop topics are voted on by neighborhood and community leaders from an on-line annual e-mail survey of the community. Popular subjects are developed into free workshops including “Meet the Funder” and “Grant Writing Basics”. The NRC shares grant announcements via e-mail to over 1,500 neighborhood and community leaders and provides free grant proposal preparation technical assistance to assist neighborhood groups to leverage neighborhood improvement funds from multiple sources. Neighborhood groups have used these

resources to win grants to plant hundreds of street trees, install public trash cans, create murals and public art, install artistic bicycle racks, and move and restore historic homes within their neighborhoods.

The NRC has a partnership agreement with Los Angeles County Bar Association's Dispute Resolution Services to provide free and low-cost mediation services to assist Long Beach residents, business owners and property owners to mediate disputes. Common disputes resolved include landlord/tenant and neighbor/neighbor conflicts that are resolved amicably without the need to utilize the court system.

D. OTHER ASSESSMENTS

1. ANTI-DISPLACEMENT AND RELOCATION

During the report period, the City of Long Beach did not utilize CDBG funds to undertake activities that resulted in the acquisition or demolition of any occupied real property. All housing rehabilitation was accomplished without the displacement of residents. If CDBG funded activities would have resulted in the displacement of households or businesses, the following steps would have been taken:

1. Fully inform eligible persons as to the availability of relocation benefits and assistance/ eligibility requirements, as well as the procedures for obtaining such benefits and assistance;
2. Determine the extent of the need of each eligible person for relocation assistance;
3. Assure eligible displaced residents that within a reasonable period of time prior to displacement, to the extent that it can be reasonably accomplished, there will be available comparable replacement dwellings sufficient in number and kind for and available to such eligible residents;
4. Provide current and continuing information on the availability, prices, and rentals of comparable sales and rental housing, and comparable commercial properties and locations, and as to security deposits, closing costs, typical down payments, interest rates, and terms for residential property in the area;
5. Assist each eligible displaced person to complete applications for payments and benefits;
6. Assist each eligible, displaced resident to obtain and move to a comparable replacement dwelling;
7. Assist each eligible, displaced business in obtaining and becoming established in a suitable replacement location with a minimum of delay and loss of earnings;
8. Provide any services required to insure that the relocation process does not result in different or separate treatment on account of race, color, religion, ancestry, national origin, sex, marital status or other

arbitrary circumstances. Such relocation process shall satisfy the requirements of Title VI of the Civil Rights Act of 1964, Title VIII of the Civil Rights Act of 1968, the Unruh Civil rights Act and the California Fair Housing Law;

9. Supply to eligible persons information concerning federal and state housing programs, disaster loan, and other programs administered by the Small Business Administration, and other federal or state programs offering assistance to displaced persons;
10. Provide other advisory assistance to eligible persons to minimize their hardships, such as counseling and referrals with regard to housing, financing, employment, training, health, and welfare.

2. LOW/MOD LIMITED CLIENTELE ACTIVITIES

The City has supported a comprehensive community outreach process to serve those individuals not falling within the “presumed beneficiaries” categories. We have marketed our programs to the entire low-income community by conducting door-to-door outreach in three languages. The City has also partnered with neighborhood and community groups to assist in the delivery of HUD funded programs. By using their credibility to help with outreach, we are serving many low-income families that might not otherwise utilize our services

3. ANTI-POVERTY STRATEGY

The 2008-2009 Action Plan identified strategies for reducing the number of persons living below the poverty level. The City of Long Beach provides resources to households living in poverty through a network of social and public service agencies and programs addressing poverty and its effects. These efforts may include, but are not limited to, the following:

a. Housing and Employment

- No interest loans to non-profits and Community Housing Organizations to acquire and/or rehabilitate rental property for low-income tenants, 3% loans to low-income homeowners to rehabilitate owner occupied residential property, and no interest loans or grants to low-income homeowners to fund rehabilitation required by lead based paint regulations.
- Financial assistance to housing developers for construction of affordable rental housing for low-income residents and HUD funds for the administration of the construction of low-income housing projects (Scherer Park and Pacific Coast Villas).

- HUD housing subsidies and assistance for low-income households, chronically homeless disabled persons, and low income persons with AIDS/HIV
- Rental assistance to low-income households (including assistance to tenants of HOME funded rehabilitated buildings, assistance required due to long Section 8 waiting lists, assistance to qualified homebuyers pending completion of home purchase process, assistance with security or utility deposits and assistance to HUD Section 8 recipients to become self-sufficient).
- Community Development Block Grant (CDBG) funding to City social service agencies, nonprofit organizations, and other supportive service institutions that provide homeless assistance, emergency shelter, transitional shelter, supportive housing, outreach/assessment, and job search and placement services to homeless families and at-risk populations.
- Job training and assistance in the construction industry through HUD Section 3 funding targeting employers who will hire local low-income residents.
- Services for low-income disadvantaged youth to prepare them for entry into the workforce (includes internship programs, job placement and Summer Job Fairs, Job Shadow programs, and training opportunities).
- Targeted employment preparation services to economically disadvantaged persons including the long-term unemployed or laid-off adults (includes counseling, job search tools, computer classes, volunteer opportunities, and employment preparation workshops), and assistance to individuals preparing for work in targeted high growth industries (includes training programs, certifications, pathways to apprenticeships, and job placement).

b. Health, Human, and Social Issues

In addition to the services and resources above, the City of Long Beach manages numerous other programs addressing poverty and related health, human, and social issues. Some of these programs include:

- Supplemental nutritious foods and nutrition education to low-income pregnant and post-partum women, infants, and young children up to 5 years of age who are at nutritional risk provided at six sites throughout the city through the citywide Federally funded Women, Infants, and Children (WIC) Program.

- Assistance and education regarding nutrition, physical activity, and participation in USDA food assistance programs for food stamp eligible families through the California Nutrition Network for Healthy Active Families Program.
- Pediatric immunizations and adult and pediatric flu vaccine doses for little or no cost through the City's Immunization Program.
- Comprehensive family planning services for low-income men and women (including counseling and education, contraceptive supplies, laboratory testing and follow up) through the City's Family Planning Clinic, part of the State of California's Family Planning, Access, Care and Treatment Program (F-PACT).
- HIV/AIDS services (including testing, medical management, health education and risk reduction, consultation, psychosocial assessment, and case management) regardless of ability to pay, and HIV medications free of charge or at a reduced rate depending on applicant eligibility through the AIDS Drug Assistance Program (ADAP).
- Risk reduction services, referral services and health assessments/screenings (including blood sugar and blood pressure checks, physical exams including pelvic and prostate exams, and screenings by a podiatrist, an audiologist, and an ophthalmologist), for seniors through the Senior Health Clinic.
- Case management services and application assistance to help low-income families utilize and maintain free or low-cost health insurance coverage through an affiliated citywide outreach campaign offered through a community collaborative.
- Short-term case management services to stabilize Long Beach seniors in their homes through linkages to community resources (many free or low-cost) including delivered meals, in-home assistance, medical management, and social services.
- "Brown Bag" food distribution, homeowner and renter assistance, utility tax exemption and refunds, FAME Taxi Vouchers, and Bus Tokens for low-income seniors and the disabled through the Department of Parks, Recreation, and Marine.
- A work experience program for seniors consisting of part-time work and on-the-job training available through a partnership between the City of Long Beach and Los Angeles County.

4. EFFORTS TO CARRY OUT PLANNED ACTIONS

a. Pursuit of Resources Indicated in the Consolidated Plan

The City of Long Beach's Consolidated Plan identified several resources it would pursue for housing and community development activities. The City pursued and utilized the following funding sources delineated in the plan:

- Community Development Block Grant (CDBG) Funding
- Emergency Shelter Grants (ESG) Funding
- HOME Investment Partnership Act (HOME) Funding.

The City also pursued other Federal, State, and County grants to assist in achieving the needs identified in the 2005 Consolidated Plan. Long Beach has access to a variety of federal, state, local, and private resources to achieve its housing and community development goals. Specific funding sources will be utilized based on the opportunities and constraints of each program. The table below summarizes the major sources of funding available to carry out housing activities in Long Beach, and provides information on local funding levels where applicable.

Financial Resources for Housing Activities:

Program Name	Description	Eligible Activities	Program Narrative
Cal Home Program	Grants to municipalities and nonprofit developers to assist first-time homebuyers in home purchase. Project loans for development of multi-unit and single-family homeownership projects.	<ul style="list-style-type: none"> Homebuyer Assistance New Construction (owner) 	Awarded \$5.1 million since 2004. Committed \$3.6 million for mortgage assistance loans to first time homebuyers and \$1.5 Million for owner-occupied single-family home rehabilitation loans.
Building Equity and Growth in Neighbor-hoods (BEGIN)	Grants to municipalities to make deferred-payment second mortgage loans in projects with affordability enhanced by local regulatory incentives or barrier reductions.	<ul style="list-style-type: none"> Homebuyer Assistance 	Awarded \$1.3 million for the Olive Villas project.
Workforce Housing Reward Program	Grants to local governments that issue permits for deed-restricted, affordable rental and ownership housing.	<ul style="list-style-type: none"> Local government reimbursement for affordable new construction 	Awarded \$603,596 in the 04 and 05 Grant Years. Earmarked for infrastructure improvements surrounding the Pacific City Lights Apartments
Redevelopment Housing Fund	State law requires that 20% of Redevelopment Agency funds be set aside for a wide range of affordable housing activities governed by State law. The Long Beach Redevelopment Agency generates approximately \$12 million annually in Low/Mod Housing Funds.	<ul style="list-style-type: none"> Acquisition Rehabilitation New Construction Homebuyer Assistance 	Committed \$21.8 million in FY09 for the acquisition/ development of new rental and for sale properties.
Redevelopment Tax Allocation Bonds	In January 2005, the Long Beach Redevelopment Agency issued tax allocation bonds for the North, Central, West Beach, Poly High and Los Altos Redevelopment Project Areas. Approximately \$50 million of net proceeds of the housing set-aside bonds will be contributed into the City's Housing Development Fund. Annually, \$3.5 million in Low/Mod Housing Funds will be used to repay these bonds over a 35-year period.	<ul style="list-style-type: none"> Acquisition Rehabilitation New Construction Homebuyer Assistance 	Committed \$14.9 million for the acquisition/rehabilitation of properties in the Central and Washington School HAP Focus Areas, and \$7 million for second mortgage assistance to moderate-income homebuyers of a new condominium.
Housing Trust Fund	A dedicated, annually renewable source of funding for the development and preservation of affordable housing.	<ul style="list-style-type: none"> New Construction Acquisition/ Rehab Preservation Homebuyer Assistance 	Sources of Funds: 1) Transient Occupancy Tax (TOT) = \$500,000 Annually – if available 2) Developer Contributions – Boeing = \$250,000
Developer Contributions	Fees paid into the Long Beach Housing Development Fund by developers as a requirement during the development review process. While unable to precisely estimate future contributions, one major project (Boeing) has agreed to pay \$3 million into the fund based on development phases.	<ul style="list-style-type: none"> Any permissible use of the Housing Trust Fund 	Designation as a source of income for the Housing Trust Fund

In addition to HOME funds to address housing affordability, severe overcrowding and to encourage owner-occupancy for Long Beach households with greatest needs, the City, through its Housing Action Plan and using Set-Aside and 2005 RDA Bond funds, is implementing the following projects:

Activities	Funding Sources	Affordable Units
New Construction - Ownership		
Meta Housing Long Beach Blvd/Anaheim St.	Set-Aside Estimate \$6 Million	40 for sale condo units to moderate-income Households
Coronado West Side, 20 th , Atlantic to Hill St.	Set-Aside and 2005 RDA Bond Funded. Est. \$18 Million	48 for sale condo units to moderate income households
New Construction - Rental		
Lyon West Gateway 421 W. Broadway Ave.	Set-Aside \$5.6 Million	26 rental units affordable to low- income households
Meta Housing Long Beach Blvd/Anaheim	Set-Aside \$11 Million	67 rental units affordable to low- income senior households
Meta Housing 2355 Long Beach Blvd.	Set-Aside \$9.86 Million	36 Rental units affordable to very low- low-, and moderate- income households
Ramona Park Apts. Artesia Blvd.	\$9.5 Million Set-Aside	60 rental units for very low- and low-income seniors
Homeownership		
Second Mortgage Assistance	\$6.5 Million, Set-Aside \$2.5 Million, CalHome \$1.75 Million, HOME/ADDI \$5.5 Million	54 Low-income borrowers, 12 moderate-income borrowers
Acquisition/ Rehabilitation		
Courtyard Apartments (scattered sites)	Set-Aside Funded \$2.2 million	46 rental units affordable to very low- and low- income households
2642 E. Anaheim St.	Set-Aside 2.8 million est.	13 rental units for transition-aged youth

b. Fair and Impartial Provision of Certifications of Consistency

City of Long Beach granted Requests for Certifications of Consistency for HUD program in fair and impartial manner for applications by other entities.

c. Non-Hindrance of Consolidated Plan Implementation

City of Long Beach did not hinder Consolidated Plan implementation by action of willful inaction, nor did the City of Long Beach undertake actions that hindered the implementation of the approved Consolidated Plan.

5. FUNDS NOT USED FOR NATIONAL OBJECTIVES

All CDBG-funded programs and activities were designed to meet national objectives. As a result, all CDBG funds met national objectives and complied with overall benefit certification.

6. FINANCIAL

Total amount of loans (outstanding and principle balance):

- HOME – 397 loans totaling over \$55,535,243.00
- CDBG – 195 loans totaling over \$5,185,604.00

a. Amount Repaid (By Float-Funded Activity)

No activity was float-funded.

b. Property Sale Income (By Parcel)

There are no parcels acquired or improved with CDBG funds that are for sale.

7. PRIOR PERIOD ADJUSTMENTS

There were no prior period adjustments where reimbursement was made this reporting period for disallowed expenditures made in previous reporting periods.

8. LUMP SUM AGREEMENTS

No lump sum agreements were executed in the 2008-2009 program year.

B. CDBG TIMELINESS EXPENDITURE CALCULATION

City of Long Beach CDBG Timeliness Expenditure Calculation

Under a HUD provision a grantee (City of Long Beach) must expend funding in a timely manner. This is determined by calculating the unspent grant funds 60 days prior to end of grantees program year. The available amount cannot exceed 150% of the annual grant.

The following calculates the City of Long Beach's timeliness expenditure of funds:

Total Funds Available at the Beginning of Grant Year*	Total Expenditure at the End of Grant Year	Unexpended Balance
\$13,376,365	\$10,212,650	\$3,163,715

City of Long Beach's 2008 - 2009 Grant Year CDBG Grant Entitlement = \$8,654,215.00

<u>Unspent Funds</u> _____	<=1.5	<u>\$3,163,715</u>	0.37
CDBG Grant Amount		<u>\$8,654,215</u>	

The above test shows that the City is expending grant funds in a timely manner. While HUD's provision allows a grantee to have a balance of unspent funds up to 150% of the yearly grant, the City of Long Beach carryover was only 37% of the annual grant.

***Note:** This figure is composed of carryover funds from 2007 grant year, 2008-grant year program income and 2008 grant year entitlement.

**C. CDBG PUBLIC SERVICE ACTIVITIES
AND CAP CALCULATION**

I. HOME MATCH REPORT AND LOG

HOME Match Report

U.S. Department of Housing and Urban Development
Office of Community Planning and Development

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Match Contributions for
Federal Fiscal Year (yyyy) 2008

3. Name of Contact (person completing this report)
Helen Yamamoto

4. Contact's Phone Number (include area code)
562 570-5039

Part I Participant Identification

1. Participant No. (assigned by HUD) M-02-06-0518
2. Name of the Participating Jurisdiction City of Long Beach

5. Street Address of the Participating Jurisdiction 444 West Ocean Blvd., Suite 1700

6. City Long Beach

7. State CA

8. Zip Code 90802

Part II Fiscal Year Summary

1. Excess match from prior Federal fiscal year	\$ 4,226,861.39
2. Match contributed during current Federal fiscal year (see Part III.9.)	\$ 1,479,621.12
3. Total match available for current Federal fiscal year (line 1 + line 2)	\$ 5,706,482.51
4. Match liability for current Federal fiscal year	\$ 1,290,405.59
5. Excess match carried over to next Federal fiscal year (line 3 minus line 4)	\$ 4,416,076.92

Part III Match Contribution for the Federal Fiscal Year

1. Project No. or Other ID	2. Date of Contribution (mm/dd/yyyy)	3. Cash (non-Federal sources)	4. Foregone Taxes, Fees, Charges	5. Appraised Land / Real Property	6. Required Infrastructure	7. Site Preparation, Construction Materials, Donated labor	8. Bond Financing	9. Total Match

D. Total number of Section 3 businesses receiving non-construction contracts	0

Part III: Summary

Indicate the efforts made to direct the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs, to the greatest extent feasible, toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. (Check all that apply.)

- Attempted to recruit low-income residents through: local advertising media, signs prominently displayed at the project site, contracts with the community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods.
- Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.
- Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.
- Coordinated with Youthbuild Programs administered in the metropolitan area in which the Section 3 covered project is located.
- Other; describe below.

Staff held a mandatory pre-bid meeting on July 8, 2009 to discuss the Section 3 outreach requirements. A mandatory pre-construction meeting was held on October 13, 2009 to discuss the contractor's Section 3 workforce compliance requirements.

Public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB number.

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u, mandates that the Department ensures that employment and other economic opportunities generated by its housing and community development assistance programs are directed toward low- and very-low income persons, particularly those who are recipients of government assistance housing. The regulations are found at 24 CFR Part 135. The information will be used by the Department to monitor program recipients' compliance with Section 3, to assess the results of the Department's efforts to meet the statutory objectives of Section 3, to prepare reports to Congress, and by recipients as self-monitoring tool. The data is entered into a database and will be analyzed and distributed. The collection of information involves recipients receiving Federal financial assistance for housing and community development programs covered by Section 3. The information will be collected annually to assist HUD in meeting its reporting requirements under Section 808(e)(6) of the Fair Housing Act and Section 916 of the HCDA of 1992. An assurance of confidentiality is not applicable to this form. The Privacy Act of 1974 and OMB Circular A-108 are not applicable. The reporting requirements do not contain sensitive questions. Data is cumulative; personal identifying information is not included.

Data is cumulative; personal identifying information is not included.

**A. SECTION 3, MBE/WBE AND LABOR STANDARD REPORTS
(continued)**

Part II: Contracts Awarded

1. Construction Contracts:

A. Total dollar amount of all contracts awarded on the project	\$ 1,190,700.00
B. Total dollar amount of contracts awarded to Section 3 businesses	\$ 0
C. Percentage of the total dollar amount that was awarded to Section 3 businesses	0 %
D. Total number of Section 3 businesses receiving contracts	0

2. Non-Construction Contracts:

A. Total dollar amount all non-construction contracts awarded on the project/activity	\$
B. Total dollar amount of non-construction contracts awarded to Section 3 businesses	\$
C. Percentage of the total dollar amount that was awarded to Section 3 businesses	%
D. Total number of Section 3 businesses receiving non-construction contracts	1

Part III: Summary

Indicate the efforts made to direct the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs, to the greatest extent feasible, toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. (Check all that apply.)

- Attempted to recruit low-income residents through: local advertising media, signs prominently displayed at the project site, contracts with the community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods.
- Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.
- Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.
- Coordinated with Youthbuild Programs administered in the metropolitan area in which the Section 3 covered project is located.
- Other; describe below.

Staff held a mandatory pre-bid meeting on December 4, 2008 to discuss the Section 3 outreach requirements with the bidding contractors. A pre-construction meeting was held on April 30, 2009 to discuss the winning bidder's Section 3 workforce compliance requirements. This project is still under construction.

Public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB number.

Section 3 of the Housing and Urban Development Act of 1966, as amended, 12 U.S.C. 1701u, mandates that the Department ensures that employment and other economic opportunities generated by its housing and community development assistance programs are directed toward low- and very-low income persons, particularly those who are recipients of government assistance housing. The regulations are found at 24 CFR Part 135. The information will be used by the Department to monitor program recipients' compliance with Section 3, to assess the results of the Department's efforts to meet the statutory objectives of Section 3, to prepare reports to Congress, and by recipients as self-monitoring tool. The data is entered into a database and will be analyzed and distributed. The collection of information involves recipients receiving Federal financial assistance for housing and community development programs covered by Section 3. The information will be collected annually to assist HUD in meeting its reporting requirements under Section 808(e)(6) of the Fair Housing Act and Section 916 of the HCDA of 1992. An assurance of confidentiality is not applicable to this form. The Privacy Act of 1974 and OMB Circular A-108 are not applicable. The reporting requirements do not contain sensitive questions. Data is cumulative; personal identifying information is not included.

- Coordinated with Youthbuild Programs administered in the metropolitan area in which the Section 3 covered project is located.
- Other: describe below.

Staff conducted a mandatory Section 3 pre-bid meeting on December 11, 2008. Once bids were received, staff reviewed outreach documents for compliance and determined that the bidding prime contractor was in compliance. A pre-construction meeting was held on April 8, 2009 to discuss the Section 3 workforce compliance requirements. The project is still under construction.

Public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB number.

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u, mandates that the Department ensures that employment and other economic opportunities generated by its housing and community development assistance programs are directed toward low- and very-low income persons, particularly those who are recipients of government assistance housing. The regulations are found at 24 CFR Part 135. The information will be used by the Department to monitor program recipients' compliance with Section 3, to assess the results of the Department's efforts to meet the statutory objectives of Section 3, to prepare reports to Congress, and by recipients as self-monitoring tool. The data is entered into a database and will be analyzed and distributed. The collection of information involves recipients receiving Federal financial assistance for housing and community development programs covered by Section 3. The information will be collected annually to assist HUD in meeting its reporting requirements under Section 808(e)(6) of the Fair Housing Act and Section 916 of the HCDA of 1992. An assurance of confidentiality is not applicable to this form. The Privacy Act of 1974 and OMB Circular A-108 are not applicable. The reporting requirements do not contain sensitive questions. Data is cumulative; personal identifying information is not included.

A. SECTION 3, MBE/WBE AND LABOR STANDARD REPORTS (continued)

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/M) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31.
Send one copy to the appropriate HUD Field Office and one copy to:
HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410

This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)
Starting	Ending	
10-01-08	09-30-09	11-12-09

Part I Participant Identification

1. Participant Number 95-60000733		2. Participant Name City of Long Beach, Department of Community Development	
3. Name of Person completing this report Helen Yamamoto		4. Phone Number (Include Area Code) 562 570-5039	
5. Address 444 West Ocean Blvd., Suite 1700		6. City Long Beach	7. State CA
		8. Zip Code 90802	

Part II Program Income

Enter the following program income amounts for the reporting period: in block 1, enter the balance on hand at the beginning; in block 2, enter the amount generated; in block 3, enter the amount expended; and in block 4, enter the amount for Tenant-Based rental Assistance.

1. Balance on hand at Beginning of Reporting Period	2. Amount received during Reporting Period	3. Total amount expended during Reporting Period	4. Amount expended for Tenant-Based Rental Assistance	5. Balance on hand at end of Reporting Period (1 + 2 - 3) = 5
0	554,901.05	554,901.05	94,500.00	0

Part III Minority Business Enterprises (MBE) and Women Business Enterprises (WBE)

In the table below, indicate the number and dollar value of contracts for HOME projects completed during the reporting period.

	a. Total	Minority Business Enterprises (MBE)				f. White Non-Hispanic
		b. Alaskan Native or American Indian	c. Asian or Pacific Islander	d. Black Non-Hispanic	e. Hispanic	
A. Contracts						
1. Number	196	0	0	19	98	79
2. Dollar Amount	2,344,160.59	0	0	216,670.92	1,461,419.76	666,069.91
B. Sub-Contracts						
1. Number	0	0	0	0	0	0
2. Dollar Amount	0	0	0	0	0	0

D. Sub-Contracts						
1. Number	0	0	0			
2. Dollar Amounts	0	0	0			

**A. SECTION 3, MBE/WBE AND LABOR STANDARD REPORTS
(continued)**

Part IV Minority Owners of Rental Property

In the table below, indicate the number of HOME assisted rental property owners and the total dollar amount of HOME funds in these rental properties assisted during the reporting period.

	a. Total	Minority Property Owners			f. White Non-Hispanic
		b. Alaskan Native or American Indian	c. Asian or Pacific Islander	d. Black Non-Hispanic	
1. Number	1	0	0	0	0
2. Dollar Amount	535,119.36	0	0	0	535,119.36

Part V Relocation and Real Property Acquisition

Indicate the number of persons displaced, the cost of relocation payments, the number of parcels acquired, and the cost of acquisition. The data provided should reflect only displacements and acquisitions occurring during the reporting period.

	a. Number	b. Cost
1. Parcels Acquired	0	0
2. Businesses Displaced	0	0
3. Nonprofit Organizations Displaced	0	0
4. Households Temporarily Relocated, not Displaced	0	0

Households Displaced	a. Total	Minority Business Enterprises (MBE)			f. White Non-Hispanic
		b. Alaskan Native or American Indian	c. Asian or Pacific Islander	d. Black Non-Hispanic	
5. Households Displaced - Number	0	0	0	0	0
6. Households Displaced - Cost	0	0	0	0	0

A. SECTION 3, MBE/WBE AND LABOR STANDARD REPORTS (continued)

Semi-Annual Labor Standards Enforcement Report - Local Contracting Agencies (HUD Programs)	U.S. Department of Housing and Urban Development Office of Labor Relations	HUD FORM 4710 <small>OMB Approval Number 2501-0019 (Exp. 07/31/2007)</small>
---	---	--

Agency Name: City of Long Beach	Agency Type: <small>[e.g., CDBG, PHA, TDHE/HA]</small> City Gov't / CDBG	State: CA	LR2000 Agency ID #: <small>(HUD Use Only)</small>
Period Covered: Check One and Enter Year(s)			
<input checked="" type="checkbox"/> Period 1: October 1, 2008 to March 31, 2009		<input type="checkbox"/> Period 2: April 1, ____ to September 30, ____	
Agency Contact Person: Alem S. Hagos	Agency Contact Phone/E-mail: (562) 570-7403 / alem_hagos@longbeach.gov		

PART I - CONTRACTING ACTIVITY*
Pertains ONLY to projects awarded during the reporting period.

- Number of prime contracts subject to the Davis-Bacon and Related Acts (DBRA) and/or the Contract Work Hours and Safety Standards Act (CWHSSA) awarded this period **5**
Note: Do not include contracts included in previous semi-annual reports
- Total dollar amount of prime contracts reported in item 1 above **\$305,458.00**
- List for each contract awarded this period:

Project Name/Number	Contract Amount	Wage Decision Number	Wage Decision Lock-In Date
EXAMPLE:			
"Boy's Club Renovation # CD54005-65"	"\$0,000,000.00"	"FL040001/Mod 3, 6/25/04, Building"	"07/02/04 bid open date" Lock
Substance Abuse Foundation	\$70,000.00	CA20080033	07/21/08
Conservation Corps Long Beach	\$47,357.00	CA20070033	12/13/07
Conservation Corps Long Beach	\$60,345.00	CA20070033	12/13/07
Boys & Girls Clubs Long Beach	\$61,256.00	CA20080033	07/11/08
Substance Abuse Foundation	\$66,500.00	CA20080033	07/11/08

*Use additional pages if necessary

WHAT IS THE LOCK-IN DATE? For contracts entered into pursuant to competitive bidding procedures, the bid opening date "locks-in" the wage decision provided that the contract is awarded within 90 days. If the contract is awarded more than 90 days after bid opening, the contract award date "locks-in" the wage decision. For contracts, purchase orders or other agreements for which there is no bid opening or award date, use the construction start date as the lock-in date. However, for projects receiving assistance under Section 8 of the U.S. Housing Act of 1937 or contracts involving a project wage determination, the lock-in rules may vary from above. See Department of Labor Regulations, 29 CFR, Part 1, Section 1.6 and/or HUD Handbook 1344.1, or consult the HUD Labor Relations staff.

WHAT IT ISN'T: Do not use the wage decision publication date, unless that happens to correspond to one of the trigger events described above. If you are not sure about any of this, please feel free to contact the Labor Relations staff in your state or region.
