## **I. EXECUTIVE SUMMARY**

### **A. INTRODUCTION**

As an entitlement jurisdiction for the Community Development Block Grant (CDBG), HOME Investment Partnership Program, and Emergency Shelter Grant (ESG) funds, the City of Long Beach must report on the progress of the Consolidated Plan to the community and the Department of Housing and Urban Development (HUD). The overall goal of the community planning and development programs included in the Consolidated Plan is to develop viable communities by providing decent housing, a suitable living environment, and expanding economic opportunities principally for low and moderate income persons. This Consolidated Annual Performance and Evaluation Report (CAPER) consists of the City of Long Beach's evaluation of accomplishments achieved as a result of the 2010 – 2011 Action Plan. The Plan, approved by the City Council in July 2010, covers the period of October 1, 2010 through September 30, 2011.

### **B. GENERAL PRIORITIES AND OUTCOMES**

The City of Long Beach submitted its Five Year Consolidated Plan in August 2004 as a requirement to receive federal Community Development Block Grant (CDBG), Home Investment Partnership Act (HOME), and Emergency Shelter Grant (ESG) funds from the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan explains how and why federal HUD funding for housing and community development activities should be used based on identified local needs.

The 2010-2011 Action Plan is a continuation of prioritizing the use of federal funds consistent with the City's adopted Consolidated Plan.

The Action Plan priorities are designed to principally serve very low, low, and moderate income residents by addressing the following needs:

- Housing Needs
- Homeless Needs
- Special Need Populations
- Community Development Needs (Economic Development, Public and Community Facilities, Infrastructure Improvements, Public and Community Services)

Using established objectives and outcomes, this document will provide a summary of the City's progress in addressing the above-mentioned priorities during the reporting period October 1, 2010 through September 30, 2011.

## II. ONE AND FIVE YEAR GOALS AND OBJECTIVES

### A. OVERVIEW/PROGRESS REPORT

The City is making progress on the priorities addressing the needs identified and described in the seven-year Consolidated Plan and one-year Action Plan. All major objectives are on target as indicated in the following Section II-B (Assessment). This reporting period is the sixth of the seven years covered in the ongoing Consolidated Plan. Several programs and activities implemented with the seven-year Consolidated Plan will, on average, show 85% or more completion of accomplishment goals in this CAPER. As of the writing of this progress report, the seventh and final Action Plan is being implemented, and the City is pleased to inform the public and the grantor that we anticipate meeting or exceeding the stated seven-year goals and objectives of the Consolidated Plan.

#### Housing Needs

The City's housing target, as described in the seven-year Consolidated Plan, is being met. The City has rehabilitated several hundred single-family residential and multi-family residential properties, thereby improving the City's housing stock and creating affordable housing for low-income households. The housing market in the last six years has been volatile and unpredictable, and at times very expensive, making it difficult to develop new, affordable housing projects. To compensate for the unpredictable nature of housing and other problems, the City has dedicated several other non-federal housing resources, including Redevelopment and State funding, during the seven-year Consolidation Plan period to offset shortfalls in some specific programs. By leveraging these funds and developing projects that mirror CDBG and HOME housing programs, the City has accomplished the Consolidated Plan housing objectives. For instance, in support of CDBG-funded home improvement rebate programs, the City has replicated the same program using Redevelopment funds and has met its stated targets.

One other Consolidated Plan goal was to provide downpayment assistance to low- and moderate-income first time homebuyers. During the initial years of the Consolidated Plan period, housing was very expensive and there were no qualified applicants. Once the housing market started to crash, housing prices went down, but banks were not amicable to lend to the demographic clients who qualified under these programs. Fortunately, Neighborhood Stabilization Program (NSP) was initiated and the City was able to design and implement several programs to assist low- and moderate-income first time homebuyers.

The City has used NSP funding to further meet the housing needs assessed in the Consolidated Plan. Several silent second mortgages were provided to low- and moderate-income residents in order to finance the purchase of foreclosed. Furthermore, several foreclosed properties were removed from the foreclosure rolls and rehabilitated for resale to low- and **moderate-income households**.

Overall, other City resources and federal NSP resources have played key roles in meeting our housing objectives.

### **Priorities for Special Needs Populations**

The City is meeting and exceeding the targets established for special needs populations for the seven-year Consolidated Plan period.

### **Community Development Needs**

The City is meeting and exceeding the targets established for community development needs for the seven-year Consolidated Plan period.

### **Other Resources**

In addition to the regular Community Planning and Development grants (CDBG, HOME, and ESG) that were used as resources to accomplish several housing and community development projects, that improved the quality of life for low and moderate income households and the areas in which they reside, several one-time grants from HUD were also used to further address the priorities of the seven-year Consolidated Plan. These grants, Neighborhood Stabilization Program and other Recovery Act funding act grants, are described in more detail below.

### **Neighborhood Stabilization Programs (NSPs)**

As previously discussed, the City has used NSP funding to address the impact of the recent foreclosure crisis and to complement existing housing assistance activities. As of the end of this reporting period, NSP funds have assisted in removing 115 housing units from the foreclosure rolls and the creation and retention of jobs in the administration, real estate, and construction industries. These accomplishments have been achieved by establishing financing mechanisms to assist low-, moderate- and middle-income first time homebuyers, as well as through a successful acquisition, rehabilitation and resale program. The City, along with its consortium partner Habitat for Humanity of Greater Los Angeles, has structured NSP to benefit prospective buyers and neighborhoods as a whole by beautifying the neighborhoods and increasing responsible homeownership within our community. The City is pleased to report that as of this reporting period, crucial program milestones and benchmarks, including obligation and expenditure deadlines, have been met and that the program is on target to achieve its final objective of addressing 148 foreclosed housing units.

### **Community Development Block Grant-Recovery (CDBG-R)**

CDBG-R milestones dictated that all funds be expended by September 30, 2012. Although a three-year grant, the City completed CDBG-R activities by October 2010, nearly two years ahead of schedule. The City accomplished, reported, and closed all CDBG-R programs in the 2009-2010 reporting period. As illustrated by the quarterly reports, CDBG-R accomplishments created or retained 43 FTE jobs during the improvement of the Arlington Street/River Avenue Storm Drain system to alleviate flooding affecting neighboring residents and the replacement of 96,000 square feet of sidewalk and several hundred sidewalk-related projects in low- and moderate-income areas.

### **Homelessness Prevention and Rapid Re-housing Program (HPRP)**

The City's Department of Health and Human Services, Homeless Services Division, works closely with three subgrantee partners to implement the HPRP program. During the second year, Long Beach HPRP partners assisted 242 households with homeless prevention services and 379 households with homeless assistance services. In total, since the start of the program, 2,132 persons in 960 households have been assisted with housing search and placement services, case management, legal services, and over \$1.5 million in financial assistance designed to prevent and end homelessness in Long Beach. This program has enhanced service delivery provisions while leveraging resources from the Long Beach Continuum of Care (CoC) to expedite permanent housing stability for individuals and families both at-risk for and experiencing homelessness in Long Beach.

The current economic downturn has negatively impacted the community in the City of Long Beach. In conjunction with CDBG, HOME, and ESG funding, these aforementioned grants have been crucial in helping the City to address the housing crisis. By strategically executing these programs, the City has concentrated efforts and funding to reduce the effect of foreclosures, make needed public infrastructure improvements, and help stabilize potential homelessness, all the while creating and retaining jobs in our community.

## **B. NEW OUTCOME MEASUREMENT PERFORMANCE FRAMEWORK**

In March of 2005, HUD's Office of Community Planning Development (CPD) established and published a notice in the Federal Register requiring grantees to implement a new CPD Outcome Performance Measurement System (PMS). Accordingly, the City, for the fourth time, is being guided by this new system to assess and demonstrate its progress in addressing the high priority needs that are stated in its Seven-Year Consolidated Plan. The new system is expected to allow HUD to access readily available data from grant recipients, aggregate the data nationally to demonstrate the positive impact housing and community development programs are making at the national level, and communicate program results to funding decision-makers and the public. In addition, the new system will inform the public of the City's decisions about program design and implementation.

The first component of the CPD Outcome Performance Measurement System offers three possible objectives for each activity based on the broad statutory purpose of HUD programs. These objectives are used to describe the purpose of an activity. The second component of the system specifies program outcomes designed to capture the expected result of the objective, or what the City seeks to achieve.

When funding an activity, the City determines which of the three objectives best describes the purpose of the activity. The three objectives are:

- Suitable Living Environment (SL) - In general, this objective relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment.
- Decent Housing (DH) - The activities that typically would be found under this objective are designed to cover the wide range of housing possible under HOME, CDBG, or ESG. This objective focuses on housing programs where the purpose of the program is to meet individual family or community needs. This objective does not focus on programs where housing is an element of a larger effort, since such programs would be more appropriately reported under Suitable Living Environment.
- Creating Economic Opportunities (EO) - This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

**Once the objective for the activity is identified, the City determines which of the three outcome categories best reflects what the City seeks to achieve by funding the activity. The three outcome categories are:**

- (Outcome 1) Availability/Accessibility. This outcome category applies to activities that make services, infrastructure, and the affordable basis of daily living available and accessible to low and moderate income people where they live.
- (Outcome 2) Affordability. This outcome category applies to activities that provide affordability in a variety of ways in the lives of low-and moderate-income people. It can include the creation or maintenance of affordable housing, basic infrastructure hook-ups, or services such as day care.
- (Outcome 3) Sustainability. Promoting Livable or Viable Communities. This outcome applies to projects where activities are aimed at improving communities or neighborhoods by helping to make them livable or viable through the creation of benefit to low and moderate-income persons, removing or eliminating slums or blighted areas, or through multiple activities or services that sustain communities or neighborhoods.

Each outcome category can be connected to each of the overarching objectives, resulting in a total of nine groups of outcomes/objectives as indicated by the matrix below.

## Link between General Objectives and Outcomes

Please refer to this matrix to identify the outcome statement associated with the keys (SL-1, etc) listed in the tables included in the next section of this CAPER document.

**1. PRIORITIES FOR HOUSING NEEDS**

**a. Provide and Preserve Safe, Decent and Affordable Housing for Long Beach Households with the Greatest Need**

Objective DH-2 Assists affordable housing developers in the production of affordable rental housing, and in the production of affordable ownership housing, with financial assistance including predevelopment loans, bridge loans, construction loans and permanent financing. Maximize leveraging of City-provided funding with other public and private sources of funds to maximize the number and affordability of units created.

**a. Provide and Preserve Safe, Decent and Affordable Housing for Long Beach Households with the Greatest Need (continued)**

Objective DH-2 Rental assistance available for a period of two years to eligible tenants residing in buildings that have been rehabilitated with HOME loan funds. Tenants whose income is below the maximum limit pay 30% of their monthly income for rent, while the City pays the difference (approximately 70%) of the total contract rent, directly to the owner. Security deposit assistance to qualified low-income, formerly homeless households, to enable them to secure long-term permanent housing in unsubsidized apartments.

Objective DH-2 Provides low interest loans, typically at 0% to private owners, nonprofit housing developers and certified CHDOs to rehabilitate multi-family residential rental properties for occupancy by low and very-low income households at affordable rents. Loans to nonprofit housing developers and certified CHDOs may include funds for acquisition and rehabilitation of the properties. Funds may include eligible CHDO operating expenses if the developer is a CHDO. Loans may be on a residual receipt basis for nonprofit developers and CHDOs. May refinance existing HOME funded loans and provide new funds to rehabilitate and preserve existing deed restrictions for low and very-low income households for nonprofit developers. This project also includes acquisition and/or rehabilitation by the City and/or the Long Beach Housing Development Company of HUD foreclosed properties for rent to low and very low income households, or the City may designate a nonprofit housing developer to rehabilitate and manage the acquired units for rent, or may sell properties to providers of rental housing.

### III. STATEMENT OF GENERAL ACTIVITIES

#### A. AFFIRMATIVELY FURTHERING FAIR HOUSING

The Fair Housing Foundation (FHF) of Long Beach is under contract to the City to develop and implement the City's Fair Housing Program. Development and implementation of the Fair Housing Program is required as a condition of receipt of federal CDBG and HOME funds. The FHF also works to investigate and report on activities that emanated as a result of the Analysis of Impediments to Fair Housing Choice (AI). The City has completed a matrix of actions and activities to assist residents in finding housing without discrimination or harassment. The services provided by the FHF enhance access to housing for minorities as well as disadvantaged persons through research, advocacy, Landlord/Tenant counseling, housing discrimination investigation, placement assistance, and education of the public and property owners regarding Fair Housing matters.

The purpose of the FHF program is to affirmatively further fair housing by providing information, education, counseling, and investigative services. These services are offered to all Long Beach residents without discrimination. FHF emphasizes the following: (1) Testing and investigation of complaints alleging housing discrimination; (2) Audits of housing practices; (3) Education and outreach services; (4) Landlord tenant counseling and other referral services; (5) Tester and other volunteer training; and, (6) Promoting media interest in eliminating housing violations.

For the reporting period of October 1, 2010 through September 30, 2011, the Fair Housing Foundation provided the following services to Long Beach residents to affirmatively further fair housing:

- 186 discrimination complaints were investigated
- 2,187 Landlord/Tenant complaints were investigated
- 82 cases opened, 5 cases pending, 99 cases resolved
  
- Clients served through discrimination services:
  - 26% White
  - 2% White/Latino
  - 42% Black
  - 1% Alaskan/Latino
  - 3% Pacific Islander
  - 3% Asian
  - 1% Asian/White
  - 1% American Indian Alaskan Native
  - 2% Other
  - 20% Other/Latino
  
- Clients served through general housing services:

- 29% White
- 1% White/Latino
- 37% Black
- 2% Asian
- 1% Pacific Islander
- 2% Other
- 27% Other/Latino

In addition to Fair Housing Foundation services, many of the clients received additional services through: the Health Department, Housing Authority, County Assessor, Consumer Affairs, Code Enforcement, Legal Aid of Long Beach, Small Claims Court, and HUD.

In Long Beach, the most common impediments to fair housing choice are race and familial status. The FHF uses a diverse pool of skilled testers to investigate complaints. When an investigation is complete, each client is advised of the findings and available legal options. Referrals are made to the Federal Department of Housing and Urban Development (HUD) for complaints regarding lending discrimination, to the Department of Justice (DOJ) for class action cases, to the State Department of Fair Employment and Housing (DFEH), Small Claims Court, and to private attorneys for other matters as appropriate. FHF follows the desired legal path selected by the complainant, and mediates the situation if requested to do so. Legal training seminars are available to property owners as a means to educate them on Fair Housing regulations and requirements.

For a complete list of Fair Housing actions towards outreach and education, please refer to Appendix 5 – A.

## **B. ACTIONS TO ADDRESS UNDERSERVED NEEDS**

The City continues to target low/moderate income persons, families, and neighborhoods with its federal, state, and local resources in a comprehensive and coordinated strategy to address individuals and families that are underserved. This approach is designed to leverage private resources to augment and enhance the City's efforts. The Neighborhood Improvement Strategy (NIS) program focuses programs and services in low-income neighborhoods determined to have the highest levels of social, physical, and economic distress in the City. The Neighborhood Leadership Program selects residents from those ten NIS areas for free leadership training services. These services focus on developing the skills and confidence of neighborhood residents in preparation for leadership roles in their communities by providing enhanced services designed to improve housing and neighborhood conditions and enhance the quality of life in low-income neighborhoods. Mobile recreation continued as a means of providing supervised recreation opportunities to designated low-income neighborhoods that lack sufficient parks and/or play areas. The three Community Police Centers, primarily staffed and operated by neighborhood volunteers and community liaisons in low income neighborhoods, provide a valuable link

between residents and local police. The Neighborhood Business Investment Program continued to offer small start-up grants for newly established businesses located in and serving low/moderate income neighborhoods.

### **C. LEAD-BASED PAINT HAZARD REDUCTION**

In FY 11, efforts to evaluate and reduce the number of housing units containing lead-based paint hazards continued. Ultimately, the intended effect of these programs is to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families.

All CDBG, HOME, and ESG-funded housing programs and projects have incorporated lead-based paint hazard reduction efforts. In addition, Code Enforcement used Title 17 California Code of Regulations Lead Safe Work Practice (LSWP) standards to correct code enforcement violations. Five full-time equivalent Code Enforcement employees have obtained the State of California Department of Public Health Lead Inspection Assessor certification. These five employees are involved in the detection and correction of lead-based hazards in properties.

The Department of Health and Human Services also manages a Childhood Lead Poisoning Prevention Program (CLPPP) focusing on case management of children with elevated blood lead levels as defined by the State. This program provides community outreach regarding lead poisoning prevention, hazards of lead poisoning, as well as information on identifying sources of lead. Health education presentations and materials are provided at community events and meetings. Public Health Nurses (PHNs) provide case management services to children who are referred to the program. Case management services include an interview, health assessment, lead prevention education, and nutrition education by PHNs with the parents. The PHNs encourage parents to conduct medical follow-up for children who have lead poisoning. A Registered Environmental Health Specialist provides an environmental inspection including on-site testing and specimen collection of possible lead sources for testing by the Health Department Public Health Laboratory. The PHNs also provide outreach and education to parents of children with lower lead levels and to adults who have elevated lead levels.

In April, 2009 the Department of Health and Human Services Bureau of Environmental Health was awarded a three-year, \$3 million grant from the U.S. Department of Housing and Urban Development (HUD) to eliminate lead-based paint hazards in low and very low income residences. The Lead Hazard Control (LHC) Program identified 180 low and very low income residences (with a focus on families with children under 6 years old), and addressed lead poisoning hazards created by lead-based paint. These hazards included chipping and peeling paint on walls and exterior surfaces, dust-producing friction surfaces (like doors, cabinets, and windows), and other conditions whereby children and adults were exposed to lead-based paint dust or chips. The program hired painting and

construction companies that are certified to work with lead. Families were relocated during the renovations. The program also conducted 20 outreach/education events in the community, and trained more than 30 economically disadvantaged people in lead-safe work practices so that they may be hired as part of these renovations. More than 1,600 residential units have been made safe since the City first began receiving these HUD grants. This program is one of the City's first American Reinvestment and Recovery Act (ARRA) grants. The Department of Health and Human Services continues to apply for additional funding for this program on a regular basis.

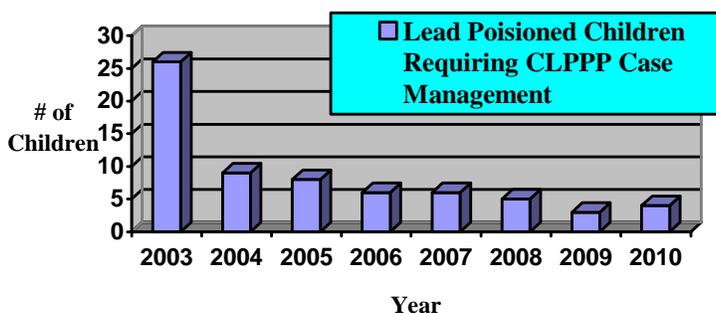

### Childhood Lead Poisoning Prevention Program

The Department of Health and Human Services Division of Public Health Nursing manages the Childhood Lead Poisoning Prevention Program (CLPPP). The program provides case management of children with elevated blood lead levels as defined by the State. A Public Health Nurse (PHN) provides services for children who meet case criteria as defined by the State Childhood Lead Poisoning Prevention Branch (CLPPB). A Registered Environmental Health Specialist provides an environmental inspection that includes on-site testing and specimen collection for possible sources of lead contamination. The PHN interviews parents and provides education/educational materials regarding prevention, sources, and hazards of lead poisoning, nutrition, and importance of follow up with the child's primary physician. The PHN continues to follow the child (case management) until the blood lead level meets case management closure as defined by the CLPPB. The PHN also conducts a health assessment which identifies the need for interventions related to other health, social, and environmental concerns with in the home.

The program provides modified case management to children with lower lead levels and to adults who have elevated lead levels. Community outreach is a primary activity of this program, stressing the importance of screening, lead poisoning prevention, the hazards of lead poisoning, and sources of lead. Health education presentations are provided at community events/meetings, healthcare provider offices, childcare provider homes, school settings, and on request by City funded programs. Health education materials about lead poisoning prevention are provided to individuals, the public, childcare providers, hardware stores and health care providers.

### MEASURING PROGRAM SUCCESS

Children with a blood lead level of 20 µg/dL or two tests above 15 µg/dL are case managed by the CLPPP program as described above. The number of childhood lead poisoning cases reported in the City continues to

decline each year. Through November, there have been two lead poisoned children cases in Long Beach for 2011.

### **CONTINUED EFFORTS**

Although the level of concern in children is currently 10 µg/dL, essentially there is no threshold as the health effects related to children's neurobehavioral development occur at lower blood levels. At less than 5 µg/dL lead poisoning has been associated with loss of IQ points and intellect, learning disabilities, academic failure, attention problems (ADHD and ADD), hyperactive behavior, and antisocial or criminal behavior. The Public Health Nursing CLPPP program is funded through FY 2011 and is in the process of renewing their contract with the State for the next three years (2011-2014).

All rehabilitation projects, including those funded by CDBG and HOME dollars, are completed using lead-safe practices. Upon completion, projects are tested for lead clearance, and samples are taken for analysis by the Health Department laboratory, in order to certify these clearances. This year, more than 150 housing rehabilitation projects were assessed and cleared under these guidelines.

**D. LEVERAGING RESOURCES**

State and local funds, including City Redevelopment Agency and State low-income housing tax credit funds leveraged Federal HUD funds to address the needs identified in the Annual Consolidated Plan. A total of \$25,572,418.15 in non-federal funds was leveraged. The following table shows the investment of all resources for the 2010-2011 Fiscal Year:

Examples of leveraged funds include property owners using their own funds in addition to those received through the Residential Rehabilitation Program for additional improvements to property.

The City continued its unique collaboration between the Long Beach Redevelopment Agency and the Neighborhood Services Bureau. The Redevelopment Agency funded \$646,827 for targeted code enforcement and blight removal on commercial corridors and in Community Code Enforcement residential neighborhoods. The Neighborhood Services Bureau, using CDBG funds, offered the Commercial Improvement Rebate Program to assist business and property owners in addressing code deficiencies. This project resulted in opening 13,772 code enforcement cases and closing 13,860 cases.

Using successful Neighborhood Services Bureau (CDBG-funded) programs as a model, the Long Beach Redevelopment Agency offered Long Beach property owners the Home Improvement Rebate Program (reimbursements up to \$2,000 for exterior improvements visible from the street), the Security Lock Program (vouchers for up to \$300 for deadbolt locks), and the Security Lighting Program (reimbursements up to \$500 for security lighting where needed).

- \$340,334.60 were reimbursed to 238 North Long Beach residential property owners
- \$2,000 Home Improvement Rebate Program: 164 residential property owners reimbursed \$309,160.58
- \$500 Security Lighting Program: 38 residential property owners reimbursed \$23,055.92
- \$300 Security Lock Program: 36 residential property owners reimbursed \$8,118.10
- Residential property owners contributed an additional \$101,908.22 for residential property improvements

In coordination with the Neighborhood Services Bureau, the Redevelopment Agency has reimbursed \$5,663,043.57 to 4,020 North Long Beach homeowners for home improvements since March 2000. Thereby generating an additional \$2,017,964.62 in the form of leverage for improvements to the above mentioned properties.

## **E. COMPREHENSIVE PLANNING**

The Department of Housing and Urban Development (HUD) consolidated the planning and application process of four HUD funded grant programs in 1995. The purpose was to coordinate program requirements and simplify the process of requesting and obtaining Federal funds. The City of Long Beach receives three such grants: the Community Development Block Grant (CDBG), the HOME Investment Partnership Program Grant (HOME), and the Emergency Shelter Grant (ESG).

The City submitted its Five-Year Consolidated Plan in 2005. It describes the City's plan to create a viable urban community, which offers decent affordable housing, a suitable living environment, and expanding economic opportunities, especially for low and moderate-income persons. The activities the City will undertake to achieve its stated objectives are detailed in this document.

In May of 2010, the City of Long Beach requested, and the U. S. Department of Housing and Urban Development (HUD) agreed to a two-year extension of the City of Long Beach 2005-2010 Consolidated Plan. The City has made the request to allow time for the decennial census to be completed and the data made available to HUD grantees. As a result of the extension, the amended Consolidated Plan became the 2005-2012 Consolidated Plan. Accordingly, the City has updated the Strategic Plan section of the 2005-2010 Consolidated Plan to reflect two additional years of performance-measured goals. In addition, the City has updated the 2005-2010 Consolidated Plan narratives to reflect current Housing and Community Development needs. The City has maintained the format and page settings of the original 2005-2010 Consolidated Plan to avoid any confusion and ease of comparison between the documents.

The consolidated planning process is intended to achieve the following:

- Promoting citizen participation in the development of local priority needs benefiting low and moderate income persons;
- Developing a series of one-year Action Plans that will be the basis for assessment of performance; and
- Consulting with public and private agencies on identifying needs and appropriate actions required to address those needs.

The purpose of the annual One-Year Action Plan is to implement, on a yearly basis, the Consolidated Plan and to provide the City with a basis for assessing its progress in meeting the goals of the Consolidated Plan as described in this Consolidated Annual Performance and Evaluation Report (CAPER). The One-Year Action Plan describes the resources expected to be available in the coming program year from Federal, non-Federal and private sources. It includes a description of the activities that will be undertaken to meet the stated objectives in the Consolidated Plan, including those designed to meet homelessness and other special needs. The Action Plan also describes actions to be undertaken to

address obstacles in meeting the needs of the under-served, removing barriers, and enhancing service coordination in the community.

The Consolidated Plan represents a comprehensive planning effort involving local government experts, the social service community, residents, consultation with other local HUD entitlement communities, and active participation by the Community Development Advisory Commission. Appointed by the Mayor, 15 Long Beach residents representing a cross-section of the community serve as voluntary commissioners. They represent:

- Business and Industry
- Social Services
- Housing Rehabilitation
- Low-Income
- Minorities
- Housing
- Redevelopment

The Commission works closely with staff to ensure that careful consideration is given to the City's identified needs and that programs and services are cost-effective and meet specific goals and objectives.

## **F. CITIZEN PARTICIPATION**

The development of the City of Long Beach FY 2010-11 Action Plan involved extensive citizen participation. The Community Development Advisory Commission, a fifteen-member citizen body that provides advice and input to the Mayor and City Council on the development of the Action Plan, is responsible for compliance with the City of Long Beach Citizen Participation Plan. As such, it conducted two public hearings and worked closely with City staff to ensure that a significant multi-lingual community outreach and education effort was completed prior to the adoption of the Plan.

After a notice was published in three local newspapers, the Commission conducted an initial Public Hearing on April 21, 2010 to solicit public comments on the City's intent to begin the preparation of the FY 2010-11 Action Plan. In addition to published notices in English, Spanish and Khmer, fliers announcing the Public Hearing were e-mailed to over 1,000 individuals and organizations. As a result of this extensive community outreach, three residents testified at that Public Hearing.

The Commission and City staff developed a list of organizations in which to seek comments on the Action Plan. Presentations were made to neighborhood and community organizations that benefit from CDBG, HOME, and ESG funded services.

A second Public Hearing was conducted on June 16, 2010 by the Commission to solicit public comments on the draft FY 2010-11 Action Plan. Included on pages 75 through 77 of the Action Plan are the public comments received at both Public Hearings and the written responses from City staff.

At the conclusion of the Second Public Hearing, the Commission unanimously recommended that the Long Beach City Council approve the FY 2010-11 Action Plan.

At a public meeting, the Long Beach City Council reviewed the draft Action Plan recommended by the Commission, along with all citizen comments received during the Public Hearing and authorized that it be approved and submitted to the U.S. Department of Housing and Urban Development (HUD).

### **1. IDENTIFICATION OF FEDERAL FUNDS**

For each formula grant program, the Action Plan identifies to citizens the total amount of Federal funds made available for furthering the objectives of the Consolidated Plan (including estimated program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of investment.

### **2. COMMUNITY OUTREACH**

In addition to the formal structure of CDAC, City of Long Beach staff works year-round to outreach to all segments of the low/moderate income community. Bilingual community workers are employed to provide translation services at community meetings and workshops. Program information and most documents are now provided in all three languages that are predominately spoken in the low/moderate income community (English, Spanish, and Khmer).

In addition, comprehensive services are marketed to neighborhood residents regardless of income to encourage participation in the overall neighborhood revitalization effort. The City works with a number of community organizations that participate in various programs. For example, under the Neighborhood Improvement Strategy Program, residents plan and participate in projects to clean-up neighborhoods. These projects represent grassroots organizing where neighbors work together to improve their community. Targeted outreach is done within the small business community to distribute information on Business Improvement Programs.

### **3. CITIZEN COMMENTS**

The Consolidated Annual Performance and Evaluation Report, as well as other documents prepared under the Consolidated Plan, is provided to the public at the City's Main Public Library and the Neighborhood Resource Center. The public written responses as well as public comments at public hearings are included in the written text of all documents. Public hearings are held to provide an

opportunity for the public to comment on funding priorities. All citizens wishing to comment on specific programs or projects can and do address CDAC at their monthly meetings. This allows for an important exchange of information between the community and CDAC.

The City of Long Beach published the following public notice on November 21, 2011 to request comments on this report. Public comments were due on December 20, 2011. The report is submitted to the Community Development Advisory Commission (CDAC) and City Council as per the Public Participation Plan (please refer to *Appendix 5 – B* for a copy of the certified public notice)

#### **PUBLIC NOTICE**

The public comment period for reviewing the City of Long Beach 2010/11 draft Consolidated Annual Performance Evaluation Report (CAPER) will be held from November 21, 2011 to December 20, 2011. A copy of the report will be available to the public for review and comment in the Neighborhood Resource Center, 425 Atlantic Ave., Long Beach, CA 90802 and the Main Public Library, 101 Pacific Ave., Long Beach, CA 90802. A copy of the report can also be obtained by contacting Suzan Simaan at (562)570-5087 or by visiting the Neighborhood Services Bureau web page at [www.longbeach.gov/cd/neighborhood\\_services](http://www.longbeach.gov/cd/neighborhood_services).

### **G. INSTITUTIONAL STRUCTURE**

The City has made a concerted effort to eliminate institutional gaps and enhance coordination of programs to all segments of the community. The City and nonprofits work closely with other governmental entities to determine the critical needs of households in order to ensure CDBG funded programs address gaps in services. The City of Long Beach continues to reach out through public meetings and public hearings with the Community Development Advisory Commission to extract public and nonprofit agencies comments.

The City of Long Beach, Development Services Department is the lead agency responsible for implementing the Consolidated Plan. Several Bureaus within and outside of the department (including Neighborhood Services, Housing Services, Housing Authority, and Redevelopment) work closely together in implementing the Plan's activities. The Development Services Department also maintains staff linkages with other City departments, including the Department of Parks, Recreation and Marine; Public Works; Police; the City Manager's Office, and Health and Human Services, which oversees the Homeless Continuum of Care and Lead Based Paint Reduction Program. Memorandums of Understanding (MOUs) among various departments for administration of Consolidated Plan programs have led to collaborative partnerships using the most effective and experienced City staff.

In addition to the City's internal network, Long Beach expands its existing relationships with local jurisdictions through participation in sub regional planning

efforts through the Gateway Cities Council of Governments. In addition, the City regularly meets with representatives from other cities through the Southern California Neighborhood Partners to share ideas and achieve coordinated solutions to regional issues. The City also regularly distributes its Federal HUD reports and public meeting announcements to local and county officials.

Long Beach interacts with various non-profit agencies and public service groups in the delivery of programs through its federal entitlement and other resources. City staff assists these agencies in planning programs and projects, ensuring activity eligibility and costs, complying with federal regulations and requirements, and monitoring the timely expenditure of annually allocated program funds. The City requires agencies to submit quarterly and annual reports to meet Federal requirements, and periodically conducts on-site monitoring reviews.

## **H. PROGRAM MONITORING (COMPLIANCE & PERFORMANCE)**

Annually the City of Long Beach receives Community Development Block Grant (CDBG), HOME, and Emergency Services Grant (ESG) funds from the U. S. Department of Urban Development (HUD). These entitlement funds are used to support various programs and services that are vital to communities within the city. The Development Services Department, Neighborhood Services Bureau (NSB) is responsible for ensuring that the funded programs and services comply with federal guidelines and requirements through the use of monitoring. Although programs and services are designed to comply with all CDBG/HOME/ESG regulations, proactive and ongoing monitoring not only ensures federal compliance, but it also evaluates the performance and effectiveness of the programs and services. The primary goals of monitoring are to:

- Ensure production and accountability
- Ensure compliance and consistency with HUD regulations
- Evaluate organizational and project performance.

The Monitoring Plan includes:

- Standardized procedures for reporting by program service providers;
- Standardized procedures for monitoring frequency and reviews; and
- Availability of staff and other resources to assist in meeting HUD regulations.

### **MONITORING PROCESS**

To ensure that the primary goals of the monitoring process are met and to evaluate the effectiveness of program delivery, periodically scheduled site reviews are held with the NSB monitor and the program and service providers. The site reviews consist of an entrance interview for clarification of the program's purpose, scope, objectives, and goals. HUD-required records and information to be collected are then discussed. The review ends with an exit conference to present preliminary results of the monitoring, provide an opportunity to discuss

program compliance and reporting concerns, and to provide an opportunity for the program and service provider to report on steps being taken to address areas of non-compliance or non-performance.

The monitor is responsible for providing technical assistance needed to ensure that programs and services are in compliance with Federal regulations and are productive. The monitor is also responsible for ensuring that program providers have clear and consistent guidelines for implementing program objectives and that program reports are complete and accurate. Program and service providers submit to the monitor on a quarterly basis progress reports for review of compliance, consistency and productivity. As required, the monitor enters report data and accomplishments into the HUD information system.

## **PERFORMANCE & COMPLIANCE**

To achieve maximum effort of funded programs and services, the following is implemented:

- Identification of needs
- Set objectives and goals
- Develop a plan following federal guidelines
- Set performance indicators to measure program progress
- Implementation of the program

Program and service providers are required to submit program reports one month after the completion of the quarter. The reports are reviewed for federal compliance, and the collection of data (outcome indicators) reported is used to demonstrate the progress towards meeting specific goals and objectives set forth in the beginning of the program year. These indicators also demonstrate the progress of achieving long-term goals relating to the City's overall aim or mission outlined in its' Action Plan and 5 Year Plan.

In an effort to increase program delivery and accountability, funding is contingent upon the timely submission of complete and accurate reports.

## **ADDITIONAL PERFORMANCE MEASUREMENT**

The City of Long Beach implements a citywide integrated management system called Focus On Results (FOR) Long Beach. The goals of FOR Long Beach are to:

- Align resources around City Council and community priorities
- Focus the entire organization on common objectives
- Empower the work team
- Improve efficiency and effectiveness of City services
- Increase accountability at all levels of the organization
- Communicate status of performance regularly

FOR Long Beach is designed to strengthen the decision-making process and serve as a critical communication link between City Council, City staff and the community. The system links budget and performance information for the entire organization, facilitates regular and integrated performance reporting, highlights performance and resource gaps, and enables the optimization of service delivery based on demand, results, and best practices.

The Program Activities of the CDBG, ESG and HOME programs have been integrated into the City's goals and strategies as communicated through Citywide and Departmental Strategic Plans. Results of many of the CDBG, ESG and HOME funded activities reported herein are also communicated to the City Council, City staff, and the community through monthly, quarterly, and annual FOR Long Beach performance reports.

## **RESPONSE TO MONITORING**

A standardized program specific checklist is utilized to measure program compliance and performance results. Utilization of the checklist system allows for the identification of any discrepancies and/or omissions to program files and information that support program goals and accomplishments as it relates to program compliance and performance. Discrepancies and omissions are noted in the file and corrective measures are instructed for action to be taken. Implementation of this system is very effective in the monitoring process resulting in higher quality and more accurate program file maintenance.

## **IV. HOUSING NEEDS**

### **A. RELATIONSHIP OF FUNDS TO GOALS AND OBJECTIVES**

The 2005 – 2012 Consolidated Plan Housing Needs Assessment focuses on three problems: affordability, overcrowding and substandard units. These are the same problems facing other cities across the nation. Much of the information used to develop the needs assessment is derived from the City's Housing Action Plan for Fiscal Years 2005-2011. The Consolidated Plan adopted four housing priorities based on the Housing Action Plan. They are as follows:

- Provide and preserve safe, decent, and affordable housing for Long Beach households with the greatest need
- Address substandard conditions and severe overcrowding in Long Beach neighborhoods
- Encourage owner-occupancy
- Enhance neighborhood stability

These goals are addressed through activities funded by CDBG, HOME and ESG. The City's housing activities focus on development and construction of new single-family condominium and multi-family rental units as well as rehabilitation of existing properties to preserve affordability and extend homeowner tenure. Detailed expenditure information is listed in the financial section of this report.

The following is a breakdown of how Housing Funds were utilized during the 2010 – 2011 program year:

#### Housing Rehabilitation:

- Provided financial assistance in the rehabilitation of 37 multi-family housing units.
- Provided financial assistance in the rehabilitation of 30 single-family housing units.

#### Loan Management:

- The HOME program and Rental Rehabilitation Programs serviced a loan portfolio of 436 loans totaling over \$61.1 million.
- The City of Long Beach monitored HOME loans and/or agreements covering 922 units in 104 projects to ensure compliance with all applicable requirements and restrictions.

Housing Finance and Development:

- Completed construction of 103 affordable rental housing units and 42 affordable for-sale housing units.
- Began construction on 198 affordable rental housing units and 10 affordable for-sale housing units.
- 10 affordable for-sale housing units will be completed by the end of December 2011.
- Construction will begin in FY 12 on 188 affordable rental housing units and 2 affordable for-sale housing units.

Homeownership / Second Mortgage Assistance

The City utilized a variety of funding sources to provide Second Mortgage Assistance, which assisted lower-income households to purchase their first home. Funding sources include NSP1, NSP2, Long Beach Housing Trust Fund, California Redevelopment Housing Set-Aside, and California Department of Housing and Community Development BEGIN and CalHome Programs.

- Funded 111 silent second trust deed loans
- Provided underwriting services for homebuyer loans and grants
- Provided information and technical support for private lenders and realtors

**B. HOUSING NEEDS**

**1. PROVISION OF AFFORDABLE HOUSING**

**a. Eliminating Barriers to Affordable Housing**

Implementation of the Density Bonus Ordinance – Long Beach, California – Municipal Code, Volume III, Title 21 – Zoning, Chapter 21.63 – Incentives for Affordable Housing.

The City has implemented several programs during the reporting period that fostered and maintained affordable housing. Residential rehabilitation assistance was provided to low-income homeowners to preserve housing affordability. During the 2010 – 2011 program year, HOME provided assistance to rehabilitate 37 multi-family units and 30 single-family units with rehabilitation loans. All of the projects focused on improving living conditions and correcting code violations, while the multi-unit projects also established and/or maintained affordable rents.

In addition, the Human and Social Services Bureau of the Department of Health and Human Services (DHHS) and the Neighborhood Services Bureau continue to collaborate in providing affordable rental housing opportunities for formerly homeless households. HOME funds are made available to fund the Security Deposit Program to assist homeless families who are able to afford the monthly cost of permanent housing, but are

unable to save the “start-up” funds necessary to initially secure the housing.

The HOME Security Deposit Program brings together Federal HOME funding and an efficient participant qualification process developed for the Tenant Based Rental Assistance (TBRA) program by the Neighborhood Services Bureau, with homeless applicant intake, processing and monitoring by staff from the Department of Health and Human Services. Homeless individuals and families are assisted in securing stable, long-term housing through this collaborative effort. HOME funds are used to fund security deposits equivalent to two months of rent to enable these formerly homeless renters, who have income sufficient to pay rent but cannot afford “up front costs,” to secure a decent place to live. For the 2010-2011 fiscal year, 74 households were assisted at a total cost in HOME funds of \$84,632.

Under federal regulations, a minimum of 15% of HOME funding must be allocated to Community Housing Development Organizations (CHDOs) for housing development activities. CHDO organizations must be private, non-profit, community-based service organizations that have obtained or intend to obtain staff with the capacity to develop or rehabilitate affordable housing for the community served. Since the inception of HOME in 1992, the City has worked with sixteen CHDOs:

- Helpful Housing
- Clifford Beers Housing Inc.
- Community Corporation of Santa Monica (CCSM)
- Decro Alpha Corporation
- Decro Gamma Corporation
- Decro Epsilon Corporation
- Federation of Filipino American Associations, Incorporated
- Friends of Central Avenue
- Habitat for Humanity South Bay/Long Beach
- Home Ownership for Personal Empowerment
- JABEZ Foundation, Inc.
- Joshua One Community Development Corporation
- Long Beach Affordable Housing Coalition
- Mental Health Association
- Shelter for the Homeless
- United Cambodian Community, Incorporated

## **2. HOUSING NEEDS OF PERSONS WITH DISABILITIES**

The City provides reasonable housing accommodation for people with disabilities in accordance with the Americans with Disabilities Act of 1990.

The City has a Citizen Advisory Commission on disabilities interacting with people with disabilities, which include mobility, visual, speech, hearing, and learning disabilities.

### **3. “WORST CASE” HOUSING NEEDS**

“Worst Case Needs” housing is defined by HUD as serving low-income renters, who pay more than 50% of their incomes for rent, who live in severely substandard housing (including homeless people) or have been involuntarily displaced.

The Neighborhood Services Bureau’s successful effort to address “Worst-Case Needs” housing was shown by the development and implementation of the HOME Security Deposit Program. The Neighborhood Services Bureau and the Department of Health and Human Services (DHHS) jointly developed this HOME-funded, Tenant-Based Rental Assistance Program. It brings together federal HOME funding and an efficient participant qualification process developed by Community Development Neighborhood Services Bureau, with homeless applicant intake, processing and monitoring by staff from the DHHS Multi-Service Center. Homeless individuals and families are assisted in securing stable, long-term housing through this collaborative effort. HOME funds are used to fund security deposits equivalent to two months of rent to enable formerly homeless renters, who have sufficient income to pay rent but cannot afford “up front costs”, to secure a decent place to live. 74 households were assisted through this program in FY 2010 – 2011, at a cost in HOME funds of \$84,632. These families went from homelessness to full-time, permanent rental housing.

### **4. PUBLIC HOUSING STRATEGY**

#### **a. Improvement of Public Housing**

The Housing Authority of the County of Los Angeles (HACoLA) owns and operates the only public housing project in Long Beach - the Carmelitos Housing Development located in North Long Beach. HACoLA receives modernization funds annually from HUD to maintain its public housing stock.

The Carmelitos Housing Development has undergone several improvements in recent years, including a complete facelift involving new building exteriors, replacement of several parking areas, new roofs, and remodeled kitchens and bathrooms. An on-site Service Learning Program provides residents a range of learning opportunities, while the Carmelitos Community Garden represents another community partnership to improve the quality of life for public housing residents.

## **C. OTHER ASSESSMENTS**

### **1. AFFIRMATIVE MARKETING ACTIONS**

The City has continued a concentrated rehabilitation marketing effort in the ten Neighborhood Improvement Strategy Areas and the Anaheim and Seventh Street corridors. This effort includes mailing information to every owner and tenant in residential property within the areas, and providing materials at community meetings. All of the City's residential rehabilitation marketing, information and application materials have been translated into both Spanish and Khmer.

All recipients of HOME loans for multi-family rental projects must agree, in writing, to affirmatively market rehabilitated units for the applicable affordability period. This affirmative marketing condition is incorporated into the Declaration of Covenants, Conditions and Restrictions and the Agreement to Comply with HUD Regulations. Both documents are recorded against the property and stipulate that violations will result in loan default, making the loan immediately due and payable. Default conditions specifically include illegal discrimination covered under Federal and State Fair Housing statutes, discrimination against recipients of publicly assisted housing funds, and discrimination against families with children. All project owners are required to list vacant units with the Long Beach Housing Authority (LBHA) and the private non-profit Fair Housing Foundation of Long Beach, Inc. (FHF). The LBHA and FHF are required to inform City staff of any violations of the owners' responsibilities relative to affirmative marketing of vacant units. The FHF and LBHA will make lists of HOME-funded vacant units available to home seekers, and will address issues relating to violations of the owner's written affirmative marketing agreements.

In all materials marketing its housing programs, the City emphasizes its position as an equal opportunity lender and includes both the approved HUD logo and a written statement to that effect.

## 2. OUTREACH TO MINORITY AND WOMEN-OWNED BUSINESSES

City staff regularly solicits Section 3 Businesses, Minority Business Enterprises (MBE) and Women Business Enterprises (WBE) interested in providing services through HOME-funded activities. City staff participates in the City's annual MBE/WBE conference to encourage greater utilization of MBE/WBE and Section 3 firms by both the City and private businesses. Copies of the latest Section 3 and MBE/WBE reports are provided to HUD, and are included in the appendix of this document. For more information, please refer to *Appendix 2 - A*.

Section 3 is a Regulation of the Housing and Urban Development Department (HUD) that attempts to provide economic and employment opportunities to low-income residents and businesses when certain HUD funds are used for construction.

The City is continuing its efforts to residents by distributing and marketing the ***HUD Section 3 Resident Application*** to Long Beach residents that may qualify as HUD Section 3 residents. A HUD Section 3 resident is a person living in the metropolitan statistical area who meets certain income requirements. In the last 12-month period, more than 1,400 applications have been distributed to Long Beach and Signal Hill residents including Housing Authority Section 8 participants. Received applications were forwarded to the City's Pacific Gateway Network for possible enrollment in their Construction Pre-Apprenticeship Program or for direct hiring.

The City also continues to outreach to businesses and encourage business to apply for ***HUD Section 3 Business certification***. Staff certifies businesses as applications are received and then notifies the businesses as opportunities arise. Staff continuously outreaches to businesses throughout the entire project and throughout the entire year for opportunities and assistance. One hundred and eighty four businesses have been certified as of November 30, 2011:

- One Section 3 Business participated as a subcontractor on the Homeland Cultural Park Project (this project is now complete).
- Two Section 3 Businesses received contracts on the McBride Park project. This project will be complete late December 2011.

In an effort to increase potential opportunities for local low-income workers, union subcontractors who receive contracts to work on projects are required to request local workers from the hiring halls when new hires are required beyond their core workforce.

The City places banners at project sites, job boards, and places Section 3 resident applications for potential employment and training. The City also has

a Workforce Development liaison that frequents the project sites to inquire if any contractors need additional employees.

- Thirty-nine Section 3 Residents have been referred from the various union halls and Pacific Gateway Network for the Homeland Cultural Park Project. This project is now complete.
- Twenty-five Section 3 Residents have been referred from Pacific Gateway Network for the Admiral Kidd Project. This project is now complete.
- Fire Station 12 new hires have been reported, however staff is verifying the information that was submitted because the project was delayed. An updated number will be reported in January 2011.
- Seven Section 3 Residents have been referred from the various union halls and from Pacific Gateway for the McBride Park project.

### **3. MATCHING CONTRIBUTIONS**

For information on matching contributions, please refer to *Appendix 2 – A*.

## V. HOMELESS NEEDS

### A. RELATIONSHIP OF FUNDS TO GOALS AND OBJECTIVES

For over two decades, the City of Long Beach has been committed to shaping a comprehensive and coordinated system of care to respond to the diverse needs of homeless individuals and families and those at-risk of becoming homeless. In an on-going collaborative effort of local agencies, city leaders and community groups, and with the support of public and private resources, the City continues to expand services to homeless populations and works to provide for a seamless delivery system that addresses the fundamental needs of the homeless population. Through the City's Consolidated Planning process, "Continuum of Care" delivery system, and the 10-Year Planning Process to Prevent and End Homelessness, the City and its community partners strive to create a balance of emergency, transitional, and permanent housing and supportive services to assist homeless families and individuals, empowering them to make the critical transition from housing crisis to self-sufficiency and stable permanent housing.

The Long Beach Continuum of Care delivery system is comprised of the following components:

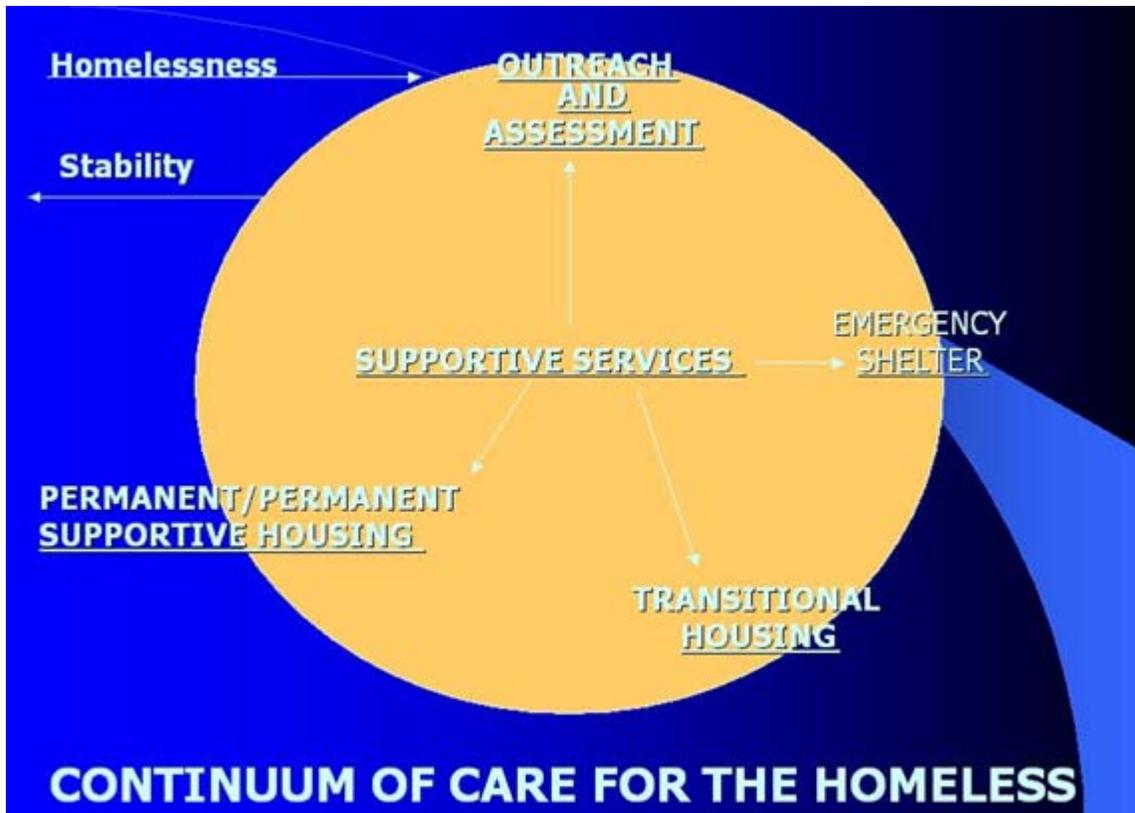

- Homeless prevention;
- Outreach and assessment to the hard-to-reach homeless, system-resistant and the episodically homeless who may be unaware of the available resources;
- Emergency shelter for individuals and families until either transitional housing, residential substance abuse treatment or other specialized housing can be arranged;
- Transitional housing with supportive services; and
- Permanent housing placement assistance and permanent supportive housing

A wide array of supportive services is provided through each step of the Continuum of Care delivery system to help all sub-populations of homeless individuals and families receive the assistance they need.

As result of the Continuum of Care and 10-Year Plan to Prevent and End Homelessness planning processes, the City has defined its vision as follows: Every resident of Long Beach will be able to access adequate housing, food, and medical services. Reaching this goal remains the focus of the Continuum of Care system. Throughout the year, various groups involved in the Continuum of Care planning process assess areas of need and set priority areas and goals.

Areas of concentration during FY 2011 - 2012 include:

- Continuing to review the 10-year strategic plan to address homelessness in Long Beach for implementation feasibility of its components;
- Continuing to expand and strengthen outreach to homeless residents;
- Shortening length of stay, thus increasing numbers served within transitional housing programs;
- Continuing to streamline service referrals within the Continuum of Care system;
- Continuing to build relationships with neighborhood and business associations, and faith based partners while increasing awareness regarding homelessness through these linkages;
- Supporting the Multi-Service Center for the Homeless;
- Working in conjunction with the City's Housing Services Bureau to develop avenues to expand housing resources and thereby increase the number of affordable housing units in Long Beach;
- Implementing the Homelessness Prevention and Rapid Re-Housing Program under the American Recovery and Reinvestment Act of 2009; and
- Increasing capacity the Homeless Management and Information System (HMIS).

A few examples of specific Continuum of Care for Homeless Assistance program goals and action steps completed or to be taken include:

- The Homeless Connections Initiative, co-led by PATH Partners and Mental Health America, is a grass roots community effort to assist homeless people to access housing, support existing community efforts and promote solutions that reduce homelessness. This group implemented a survey of homeless people living on the streets within a set boundary, to identify the most vulnerable people in an intensified effort to connect them with permanent housing and services.
- The City of Long Beach continues to dialogue with regional partners in the County of Los Angeles, including the Gateway Cities Council of Governments, to encourage participation in a regional approach to end homelessness.
- The City completed the fifth point-in-time enumeration and bed count inventory of homeless resources on January 27, 2011. The enumeration revealed that the City had 4,290 homeless persons on the streets and in shelters, with 3,704 adults and 586 children.
- The implementation of the Homeless Management Information System (HMIS) continues to increase bed coverage and expand users across the Continuum of Care system. The Homeless Services Division is working with non HUD funded programs that have homeless designated beds, such as HUD-VASH through the Veterans Administration and emergency shelter beds through the Rescue Mission, in an effort to expand HMIS bed coverage. This software is an important component for monitoring program outcomes and planning service delivery.
- The successful implementation of the Homeless Prevention and Rapid Rehousing Program (HPRP) is strengthening the City approach to formalize prevention resources and to permanent housing placement outcomes.

The City expended \$376,107 of Emergency Shelter Grant (ESG) funds and \$100,000 of Community Development Block Grant funds on activities directly serving the City's homeless population, coordinating and administering homeless services programs. For information on agencies funded under ESG and the associated match requirements for each, please refer to *Appendix 1-J*. (Agencies are required to submit 100% match)

## **B. CHANGES IN PROGRAM OBJECTIVES**

There were no major changes to the Consolidated Plan program priorities or objectives during the program year. The reduction in CDBG funding support from \$220,000 to \$100,000 has been significant, causing reductions in staff during a time of increased service demand in the Homeless Services system of care.

## **C. HOMELESS NEEDS**

### **1. PREVENTION PROGRAMS**

The Long Beach Continuum of Care system provides homeless prevention services such as rental assistance and eviction prevention that were designed to prevent individuals and families from experiencing homelessness. For example, in Fiscal Year 2011, Legal Aid Foundation of Los Angeles provided legal assistance and was able to resolve cases for 76 households at-risk for eviction through Emergency Shelter Grant funding. Through funding provided by the Los Angeles Emergency Food and Shelter Program, several local agencies provide assistance with utilities, rental assistance and case management. In fiscal year 2011, the City of Long Beach Department of Health and Human Services received \$12,636 for the Emergency Food and Shelter Phase 29 funding cycle, which will provide 195 motel bed-nights to homeless families and individuals in need. The Long Beach Health Department also provided vouchers for 1460 bed nights to 17 families as a part of the 2010-2011 Emergency Shelter Services Program funded in collaboration with the Los Angeles Homeless Services Authority and the Los Angeles County Department of Public Social Services. Several community partners, including New Image Emergency Shelter, provide rental assistance subsidies through Housing Opportunities for Persons With AIDS (HOPWA) funds, to assist persons living with HIV/AIDS from becoming homeless. The Multi-Service Center for the Homeless (MSC) collaborative agencies incorporate a prevention component into their services by conducting educational classes for low- and very low- income families and individuals to assist with employment preparedness, budgeting, information access, case management, health programs, and access to other mainstream resources.

In 2009, funding for homeless prevention resources was allocated Nationally when President Obama signed the American Recovery and Reinvestment Act (Recovery Act) into law. The Recovery Act provides \$1.5 billion to the United States Department of Housing and Urban Development (HUD) for the Homelessness Prevention and Rapid Re-Housing Program (HPRP). The purpose of the HPRP is to provide financial assistance and services to either prevent individuals and families from becoming homeless or rapidly re-house and stabilize those who are experiencing homelessness. The City of Long Beach received a total allocation of \$3,566,451. After completion of year two, implementation the Homeless Prevention component has served 490 households and the Rapid Rehousing component served 468 households.

### **2. OUTREACH AND ASSESSMENT**

Several methods are utilized in Long Beach to refer chronically homeless individuals, households experiencing homelessness, and those at risk of becoming homeless, to social service agencies. These mechanisms include street outreach, distribution of pocket resource guides, the availability of toll-free

hotline numbers and the City's Homeless Services staff to provide referrals to those in need.

Street outreach is usually the first point of contact for many homeless persons. The goal of outreach is to engage the system resistant and chronically mentally ill homeless individuals living on the street. Several agencies conduct street outreach in Long Beach, including the City of Long Beach Multi-Service Center for the Homeless (MSC), Police Department Quality of Life officers, Mental Health America of Los Angeles, Catholic Charities, Veterans Affairs Healthcare System, United States Veterans Initiative, the Downtown Long Beach Associates, the Department of Mental Health, PATH Ventures, the City of Long Beach Department of Health and Human Services (DHHS) Public Health Nurses and Mobile Health Clinics, and most recently, the Homeless Outreach Mobile Engagement through the Los Angeles County Department of Mental Health. Various agencies focus on special populations such as youth, chronically mentally ill, dually diagnosed homeless, veterans, and women affected by domestic violence. A great majority of the agencies in the City work together to provide citywide coverage. This effort is coordinated through the monthly Outreach Network meeting conducted at the MSC.

In addition to street outreach, information regarding social services is also disseminated to community members through the "Pocket Guide Resource Directory", 211 LA County, and the Homeless Services Division. The "Pocket Guide Resource Directory" is a highly utilized tool that contains information about social services in the Long Beach area. These guides are printed by the City of Long Beach Department of Health and Human Services, and provided free of charge to local agencies, businesses, churches, city council offices, parks, libraries, schools and police officers for distribution to individuals and families whom are in need of services. Between October 2010 to September 2011, 25,000 pocket guides were printed and distributed to homeless persons and those at-risk of homelessness in the community last year. As a result of the guides, many homeless individuals and families connecting with existing services. 211 LA County, formerly known as Infoline of Los Angeles, is a toll-free number that operates 24 hours a day, 7 days a week, and provides referrals for housing and other social services resources located in Los Angeles County, including Long Beach. Additionally, the City's Homeless Services Officer and other division staff provide referrals and conduct presentations in the community to promote awareness of homeless services and issues.

### **3. SUPPORTIVE SERVICES**

The Multi-Service Center for the Homeless (MSC) is a unique facility which co-locates 12 social service agencies in order to provide integrated, comprehensive services for homeless individuals and families in one location. These services include basic services, such as showers, laundry facilities, mail, message services, to mental health outreach, WIC outreach, homeless prevention assistance, case management, crisis counseling, licensed child care, life skills

training, employment assistance, financial literacy classes, expungement workshops, fair housing workshops, annual job fairs, housing placement, rental assistance, advocacy services, health screenings, substance abuse and mental health treatment referrals, veterans services, and referrals to other community resources.

Since its opening in March of 1999, the Multi-Service Center (MSC) has functioned as a main entry point into the City of Long Beach Continuum of Care system. MSC services expanded in 2000 with the completion of Building II, which is adjacent to the original facility. Utilization of the MSC has consistently grown over time. The challenging economy and high unemployment rate has contributed to a higher volume of requests for service. From October 2010 to the

end of September 2011, the MSC provided services to 23,134 duplicated client contacts.

**Services Provided:** Street outreach, basic services (showers, laundry, phones), intake, comprehensive assessment, crisis intervention, homeless prevention financial assistance and placement in emergency, transitional and permanent housing programs, all of which are coordinated by a diverse and qualified case management team.

**The Multi-Service Center for the Homeless** provides integrated services to the City of Long Beach's homeless population at one location that addresses the multiple needs of families and individuals experiencing homelessness through a collaborative effort that includes 12 co-located non-profit social service providers and many other off-site partners.

In addition to the MSC, the City of Long Beach, Department of Health and Human Services oversees the Long Beach Homeless Veterans Initiative (HVI), a collaboration with Mental Health America of Los Angeles, Single Parent United N Kids and United States Veterans Initiative, and funded by the County of Los Angeles, to provide comprehensive outreach and service delivery for homeless veterans. To support the goals of the HVI, the partners continue their collaborations with other agencies such as Veterans Affairs Healthcare System of Long Beach; Legal Aid Foundation of Los Angeles; and the University of

Southern California Military Social Work and Veteran Services Program. Through the HVI, the City of Long Beach Department of Health and Human Services' veteran-specific case manager and outreach worker collaborate to provide case management, referrals to housing programs and other supportive services to veterans in the Long Beach area. Together they have streamlined referrals to veteran housing located at the Villages at Cabrillo and HUD VASH Vouchers through the Long Beach Veterans Affairs Healthcare System.

#### **4. HOUSING PLACEMENT SERVICES**

Several local agencies utilize Supportive Housing Program (SHP) funding to provide housing placement assistance. Agencies including the City of Long Beach Department of Health and Human Services, the Beyond Shelter, and Mental Health America of Los Angeles employ Housing Coordinators to connect individuals and families with housing units that are safe, clean, affordable, and accessible to the disabled. The agencies may also assist with move-in funds for utilities, furnishings, and first/last month rent. The Housing Coordinators develop rapport with apartment associations and local landlords to bridge the gap between property owners and persons trying to re-enter permanent housing stability. The City of Long Beach Department of Health and Human Services staff at the MSC placed 70 households into permanent housing using HOME Security Deposit funds during this reporting period. Beyond Shelter staff continue to work with DHHS to provide in home case management support once families are placed into permanent housing. Mental Health America of Los Angeles has been instrumental in placing chronically homeless and other homeless individuals with mental illness in permanent housing during this reporting period.

##### **a. Emergency Shelter (90 Day Shelter)**

Several agencies in Long Beach provide temporary shelter for homeless families, individuals, and for specific sub-populations of the homeless with an average length of stay of less than 90 days. In fiscal year 2011, Emergency Shelter Grant funds supported two emergency shelters operated by Catholic Charities including: Project Achieve for individuals and Elizabeth Anne Seton Residence for Families. In addition to these organizations, several other agencies provide emergency shelter in the City including Los Angeles County Winter Shelter Program and the Long Beach Rescue Mission.

##### **b. Transitional Housing**

Through the 1994 Naval Reuse Process, the United States Veterans Initiative was given 26 acres to develop a planned community, the Villages at Cabrillo, to address the needs of homeless individuals and families. In March 2000, the first phase of the Villages at Cabrillo opened and began serving clients. The Villages at Cabrillo is made up of a collaboration of organizations dedicated to providing a wide range of services to break the cycle of homelessness. In fiscal year 2011, agencies at the Villages at Cabrillo (PATH Ventures and

United States Veteran's Initiative) were funded through the Supportive Housing Program (SHP) to provide transitional housing for up to 24 months. In total, these agencies operated 207 transitional housing beds and permanently housed 65% of exited clients during this reporting period. The transitional housing addresses the needs of several homeless sub-populations including unaccompanied youth, veterans, single women and men, substance abusers, families, and dually diagnosed. Supportive services available to residents include case management, life skills training, educational training, residential support, licensed childcare and employment training and assistance.

### **c. Permanent Housing**

In fiscal year 2011, the City of Long Beach Department of Health and Human Services, in conjunction with other MSC social service agencies, has continued to expand the effectiveness of the permanent housing placement component for clients of the MSC.

The City of Long Beach Department of Health and Human Services utilizes a Housing Coordinator, who is specifically dedicated to assist in the development of community housing resources with in-home case management follow-up, which allows for homeless individuals and families in permanent housing to sustain long-term independent living. Relationships are being established with landlords and property management companies in an effort to cultivate the necessary linkages to house homeless individuals and families. HOME funds are utilized for tenant-based security deposit assistance to facilitate successful transition of homeless families into permanent housing stability.

Mental Health America of Los Angeles currently operates several permanent housing programs in Long Beach. Mental Health America of Los Angeles provides 103 units of permanent housing to persons who are disabled. Of these units, 54 are provided through Shelter Plus Care programs. Mental Health America of Los Angeles also operates the Safe Haven project, which is permanent housing for the chronically homeless disabled population, funded by the Supportive Housing Program portion of the Continuum of Care. The Safe Haven consists of 25 units of scattered site permanent housing, with supportive services being offered to the residents where they reside. Mental Health America of Los Angeles operates a 24 unit scattered site permanent housing project linked specifically to street outreach efforts to house chronically homeless populations.

Two other agencies that provide permanent housing units in Long Beach are the United States Veterans Initiative and PATH Ventures. The United States Veterans Initiative provides 32 Shelter Plus Care units of permanent housing to individuals who are disabled. Additionally, the United States Veterans Initiative operates two other permanent housing programs that provide 168

permanent housing beds. PATH Ventures operates 40 units of permanent housing with 150 beds and on-site supportive services for homeless families.

A recent effort to outreach to and reduce the street homeless population has been led by The Long Beach Homeless Connections Initiative (Connections). Co-led by PATH Partners and Mental Health of America, Connections is a group of stakeholders that consists of the City of Long Beach, homeless service and housing agencies, California State University Long Beach, local hospitals, faith groups, business groups and residents working together to design specific actions that will help homeless people transition off the streets into housing. This stakeholders group has conducted two surveys in the Downtown area to assess homeless needs and has shown a decrease in the street homeless population by 12% in the last two years using existing resources such as Shelter Plus Care, HOME Security Deposit Program, Rapid Rehousing Funds, and Permanent Supportive Housing through the existing Continuum of Care.

**5. CHRONIC HOMELESSNESS**

The City, as lead entity for the Long Beach Continuum of Care jurisdiction, is required to complete a biennial homeless count. The chart below demonstrates the results of each of the counts as reported to the Department of Housing and Urban Development (HUD). Additional street outreach efforts have been implemented within the past year with the Homeless Veterans Initiative program and the community based Homeless Connections Initiative to address the needs of this most vulnerable population.

\* In 2011, HUD expanded the definition of Chronic Homelessness to include individuals and adults in families that experience homelessness for more than 12 months, counted in street, service only or emergency shelter locations.

The service providers in the City’s CoC system share the vision of ending chronic homelessness in Long Beach. The CoC agencies continue to improve client-centered, culturally competent activities and the “no wrong door” and “no fail”

approach. The “no wrong door” policy will assist clients in entering the CoC system thru any agency, while simultaneously looking at ways to close the back door, which will prevent chronically homeless clients from cycling back onto the streets. The core philosophy to the “no wrong door” policy is assessment and addressing the immediate needs of the person, which include food, clothing and shelter. The following list is the core of the CoC delivery system for chronically homeless services:

- Specialized street outreach teams
- Service-enriched permanent housing
- Substance abuse and mental health treatment
- Primary health care
- Homeless veteran services
- In-home case management services with enhanced supportive services

The outreach network provides the critical link between the streets and supportive services. The CoC has developed a comprehensive approach that is coordinated and integrated, yet flexible to address the varying needs of chronically homeless persons. The outreach network has been able to decrease the length of engagement while building on small successes by working with clients where they are and providing basic amenities during street outreach efforts, which has produced strong outcomes of permanent housing placement.

To most effectively engage and maintain services for the chronically homeless population, the CoC developed a seamless, low demand, high tolerance system that is integrated throughout Long Beach. Due to the chronically homeless persons’ previous negative experiences with multiple systems of care, the Long Beach CoC is based on immediate access to comprehensive services either through the Multi-Service Center, or through the multi-disciplinary outreach network team, which brings needed resources to clients where they reside. The outreach network continues to gain rapport with the chronic homeless population by building upon their relationship and empowering the individual to decide to access resources. The Community Partnership to Prevent and End Homelessness: Long Beach’s 10-year Plan will promote a design that strengthens coordination of existing services, increases accessibility to housing, and promotes flexibility to address the challenges of adapting services to people with multiple complex issues who have lived on the streets for prolonged periods of time.

Streets, parks, encampments, and alleys are where most of the chronically homeless reside; street outreach programs are the critical link between the chronically homeless and comprehensive services. The MSC agencies coordinate the multi-disciplinary outreach network (comprised of outreach case managers, the Quality of Life Police unit, mental health advocates, substance abuse case managers, veterans case managers and mental health clinicians). This outreach network provides services to clients where they reside, ranging from: intake, assessment and treatment planning, health assessments (physical

and mental), minor wound treatment and medical screenings, referrals into mainstream programs, assistance navigating the medical and mental health systems and housing placement. This approach has been successful in providing services to clients that in the past did not access services due to significant physical and psychological barriers.

Agencies within the Continuum of Care provide clients with transportation services to facilitate immediate access to services. Mental Health America of Los Angeles, the Multi-Service Center, and United States Veterans Initiative operate daily shuttle services. Other service providers assist with client transportation by distributing bus tokens, bus passes and taxi vouchers, and by assisting disabled clients with obtaining bus passes and shuttle services through mainstream resources.

Another component of the CoC system is the implementation of the Homeless Management Information Systems (HMIS). Through the HMIS, the case manager can access information such as service history, information about eligibility for services, what services s/he received, and rely on consistency of information relevant to the client. The information allows for appropriate referrals, flexible changes in the level of service, and the elimination of duplicate efforts of service providers to assist the client. The HMIS also supplies data on demographics, service delivery, program effectiveness, resource/service gaps, service utilization, and the overall continuum efficiency and effectiveness in achieving positive housing and service outcomes. By refocusing service efforts to address the special needs of the chronically homeless, the CoC system will be able to track progress on the number of chronically homeless placed and maintained in permanent housing.

## **D. OTHER ASSESSMENTS**

### **1. MATCHING RESOURCES**

The City of Long Beach contracts with non-profit agencies to improve the quality and number of emergency homeless shelters by funding emergency shelter and homeless prevention projects. The funded agencies must provide 100% match as stated in the Request for Proposals. The match source can be either in kind or cash match, and equal the amount requested from a sources other that ESG program or McKinney Vento funding. Funds used to match a previous ESG/CDBG grant may not be used to match a subsequent grant. Also, detailed match documentation must be submitted during the invoice process. Please refer to *Appendix 1-J*.

## **VI. COMMUNITY DEVELOPMENT NEEDS**

### **A. RELATIONSHIP OF FUNDS TO GOALS AND OBJECTIVES**

The 2010-2011 Action Plan prioritizes the use of Federal funds consistent with the City's adopted Consolidated Plan. Action Plan priorities are designed to principally serve very low, low, and moderate income residents by addressing:

- Housing Needs
- Prevention of Homelessness
- Special Need Populations
- Community Development Needs (Economic Development, Public and Community Facilities, Infrastructure Improvements, and Public and Community Services)

These goals are addressed through activities funded by CDBG and other various funds mentioned on page 32.

### **B. CHANGES IN PROGRAM OBJECTIVES**

There were no major changes to the Consolidated Plan program priorities or objectives during the program year.

### **C. COMMUNITY DEVELOPMENT NEEDS**

#### **1. ECONOMIC DEVELOPMENT PROGRAMS**

The City's Neighborhood Services Bureau plays a key role in the City's economic development efforts. The Bureau utilizes CDBG funds to provide an array of direct and technical assistance programs for business attraction, retention, and targeted incentives for job creation as represented by the following:

##### **a. BUSINESS REVITALIZATION**

The City of Long Beach Neighborhood Services Bureau operates the Commercial Improvement Rebate Program, which provides reimbursement of up to \$2,000 per business to commercial property owners and business owners on various business corridors to improve the exterior of their businesses and ensure proper code standards. In FY 2010-2011, the Commercial Improvement Rebate Program completed exterior repairs and upgrades at 111 sites and invested \$356,294 with additional contributions of \$86,961 from the property or business owners.

### **b. LONG BEACH SMALL BUSINESS DEVELOPMENT CENTER (SBDC)**

The Small Business Development Center (SBDC), at Long Beach City College, is a team of experienced current business owners who provide one-on-one advising services to fellow business owners at no cost. The goal of the SBDC is to partner with our clients and teach them the technical skills necessary to succeed in their business. For example, the SBDC will help a business owner build a website (at no cost) and teach them how to maintain and update the site on their own. Another example of how the SBDC helps clients is by packaging loans and then shopping that loan for the client (again, at no cost). The SBDC provides advising in areas such as business planning, finance, legal, marketing, international trade, operations, social media, website build/design, government procurement/certification and more. The Long Beach SBDC also hosts regular workshops at a low cost on several of the above topics.

The SBDC serves businesses in Long Beach, Lakewood, Cerritos, Hawaiian Gardens, South Gate, Paramount, Bellflower, Downey and Norwalk geographic area. During FY10/11, SBDC provided the following services in Long Beach:

- Provided 1,794 hours of one-on-one advising to 384 new and existing small businesses.
- Helped start 31 new businesses.
- Helped create 161 new jobs.
- Helped secure \$2,283,238 in capital infusion for local businesses.
- Helped attain \$5,954,617 in increased sales for local businesses.

### **c. TECHNICAL ASSISTANCE PROGRAMS**

The City of Long Beach offers technical assistance to entrepreneurs that are just starting a new business and to those that are established businesses seeking to improve or expand. The City offers individual, one-on-one counseling sessions for specific business concerns.

Through the Technical Assistance Program, 34 businesses received technical business assistance during FY 2010-2011.

**d. NEIGHBORHOOD BUSINESS INVESTMENT PROGRAM (NBIP)**

The Neighborhood Business Investment Program (NBIP) provides grants of \$2,000 to new small business owners serving low/moderate income communities. In FY 2010-2011, the Business Start-up Grant assisted 42 new businesses in CDBG eligible areas and provided business training and start-up cost rebates of \$88,891.

**Neighborhood Business Investment Program Recipient

**e. ENTERPRISE ZONE HIRING CREDIT**

The Long Beach Enterprise Zone provides a dynamic tool designed to stimulate business and job growth, through tax credits and other incentives, that may significantly reduce or eliminate state tax burden for eligible businesses. Enterprise Zone boundaries closely match CDBG areas of the City and contribute directly to area benefit through job retention and creation. For FY 2010-11, 5,901 hiring credit vouchers were issued to 585 companies in the Long Beach Enterprise Zone. Of those numbers, 2,512 hiring credit vouchers were issued for employees hired by 209 businesses located in CDBG project areas, with an average wage of \$11.52 per hour. Each voucher represents a job for an economically disadvantaged individual. For the most recent period available (2008), the California Franchise Tax Board reports state tax credits totaling over \$14,000,000 were claimed by Long Beach businesses, as a result of the Enterprise Zone.

**f. BUSINESS LOAN PROGRAMS**

The City operated two loan programs during 2010-2011, including the Grow Long Beach Fund (Grow America) and the Long Beach Revolving

Loan Program. The loan programs are administered by the Long Beach Redevelopment Agency. For larger businesses, the City offers the Grow Long Beach Fund. The Grow Long Beach Fund is an SBA 7a program. The Long Beach Revolving Loan Program is a loan program designed to provide assistance for the creation, expansion, retention, and attraction of businesses. This program is primarily for microenterprises and small businesses.

The Microenterprise Loan Program serves the needs of small and medium-sized businesses, which provide employment opportunities, specifically for the City's low/moderate income residents. The Microenterprise Loan Program focuses on entrepreneurial businesses. The loan is available to new businesses with five or fewer employees including the owner who must be low/moderate income. Loan proceeds are used for property acquisition, purchase of machinery, equipment and working capital. This program encourages new business ventures in low/moderate income neighborhoods through assistance to entrepreneurs.

Through the Technical Assistance and Business Loan Program, 34 businesses received technical business assistance including counseling on business loan programs during FY 2010-2011. Of these, six businesses received loans totaling \$405,000 in order to create or retain a minimum of 15 jobs, more than 65% of which are low/mod. So far, one borrower has already created 8 jobs and another has retained 5 jobs.

In addition, the current Grow Long Beach (Grow America) Revolving Loan Fund (RLF) has loaned \$315,000 to two Long Beach area businesses, retaining 25 jobs.

## **2. LOW/MOD JOB ACTIVITIES**

### **a. ENSURING CONSIDERATION FOR LOW/MOD PERSONS**

The City requires that first consideration for new jobs created be given to low- and moderate-income individuals residing in Long Beach. This is ensured through the Business Loan Agreement signed by both parties.

### **b. PERMANENT JOBS AVAILABLE TO LOW/MOD PERSONS**

There were no economic development activities undertaken in which jobs were made available to low- or moderate-income individuals but were not taken by them. For a listing of jobs by job title, please refer to *Appendix 2-B*.

### **c. LOW/MOD JOBS WITH SPECIAL REQUIREMENTS**

There were no CDBG funded positions that required special skills, work experience or education. The City has supported a comprehensive community outreach process to serve those individuals needing special skill training and/or education by establishing referrals to the City's Workforce Development Bureau and working with the needs of the potential employers. By using this resource of the Workforce Development Bureau, we are serving many low-income families that might not otherwise utilize our services.

### 3. HOUSING REHABILITATION

In addition to the housing rehabilitation activities listed in Section IV.C.1.a: Summary of Efforts of this document, the City also operates the following four rebate programs for property owners of residential properties as a direct benefit to income qualified eligible home owners and their tenants.

- The Home Improvement Rebate Program provides a reimbursement of up to \$2,000 per parcel to property owners to improve the exterior of their residential properties.
- The Home Security Lighting Rebate Program provides a rebate of up to \$500 per parcel to residential property owners for the purchase and installation of security lighting.
- The Home Security Lock Program provides a voucher for up to \$300 per parcel to residential property owners for the cost and installation of deadbolt locks on entry/exit doors.
- The Home Improvement Rebate Program and the Home Security Lighting Program also track additional leveraged investments made by the residential property owners who utilize these programs. Residential property owners invested an additional \$64,281 in improvements to their properties that further help preserve and maintain low- and moderate-income housing stock.
- Similar home improvement rebate programs using different funds were developed that mimicked the Home Improvement Rebate Program with similar benefits. This resulted in a leveraged investment from the funding sources and property owners of \$442,243 during this reporting period.

These programs, coupled with the CDBG investment, are helping to preserve Long Beach's aging housing stock.

#### 4. NEIGHBORHOOD REVITALIZATION STRATEGIES

The City of Long Beach encompasses approximately 50 square miles. Thirty percent of the City (15 square miles) are HUD defined low/moderate income neighborhoods. The City's Neighborhood Services Bureau focuses its resources on assistance to the residents of these neighborhoods. More specifically, the Neighborhood Improvement Strategy (NIS) program focuses its efforts on the most distressed conditions in those eligible neighborhoods throughout the city.

*14<sup>th</sup> Street Park CDBG Funded Park Expansion*

Neighborhood Services Bureau staff has served as a community builder in the last several years bringing resources to the public's attention. Through a concerted effort with other City departments such as Code Enforcement, Police and Parks, Recreation and Marine, leveraging of many additional resources and services provides the opportunity to bring more assistance to these neighborhoods that need it. One result has been weekend and after school recreation programs at the new Seaside Park. A multi-departmental partnership with two neighborhood groups, Department of Parks, Recreation and Marine, Department of Health and Human Services' Weed and Seed Program, Workforce Development and Neighborhood Services Bureau enabled the creation of a community Peace Garden at Martin Luther King, Jr. Park and provided paid job training opportunities for summer employment for teens. Ultimately, these community building and partnership efforts have led to cleaner, safer and more stable neighborhoods with residents better equipped to address their neighborhood concerns, challenges and opportunities.

#### **a. NEIGHBORHOOD IMPROVEMENT STRATEGY (NIS)**

The Neighborhood Improvement Strategy (NIS) concentrates resources and tailors services to meet the needs of ten neighborhoods identified as having some of the most severe problems including poverty, crime, and property maintenance issues.

A tremendous effort has been made to sustain our aging housing stock and to improve livability in our neighborhoods, especially in NIS areas. The following will detail all the resources and how they are harnessed to achieve this goal.

Bilingual NIS coordinators work in each of these neighborhoods to assist residents to organize with their neighborhoods and provide information in multiple languages to educate and outreach to residents to participate in NIS activities and services.

Language differences are not a barrier to residents in NIS neighborhoods. Bilingual in either Spanish or Khmer, the NIS coordinators, translators, and other Neighborhood Services Bureau staff are all available to assist residents to provide training, information, and resources to help residents become more effective leaders in their community. All written materials about CDBG and other programs are distributed in English, Spanish, and Khmer.

NIS coordinators help develop community leader representatives of their neighborhoods who are capable of solving neighborhood problems and able to address the neighborhoods wants as well as needs. NIS coordinators work the residents to build their capacity to address neighborhood conditions and to create neighborhood networks and organizations that help stabilize and improve their communities.

*Seaside Park CDBG Bonded Park*

As part of the Neighborhood Improvement Strategy, parks have been expanded and improved with CDBG bonded park money at both Seaside Park and 14<sup>th</sup> Street Park. Daily afterschool activity recreation programs were developed to provide physical education, homework assistance, board games, arts and crafts, field trips, special events, and youth sports. The 14<sup>th</sup> Street Park added a skateboard park and basketball court that allows residents to interact with each other and provide structure for the community. These improvements provide an improved quality of life for area teens in this challenged neighborhood and provide a positive alternative for teens to have fun recreation opportunities. Seaside Park opened in February 2011. The park playground, basketball court and soccer field are available afterschool for students from nearby Washington Middle School.

*Seaside Park - CDBG Bonded Park*

The effort to develop neighborhood leaders is complemented with support from the Neighborhood Leadership Program, a five-month, multi-lingual, intensive program that further equips grassroots neighborhood leaders with training and education to make a difference in our neighborhoods. The Class of 2011 graduated 33 residents including 13 from NIS area neighborhoods and 12 from other CDBG-eligible neighborhoods, boosting the ranks of Long Beach resident-leader graduates to 510.

This year, the program leveraged funding support from the Long Beach Community Foundation, Union Bank and Los Angeles County Supervisor Don Knabe. A major component of the Neighborhood Leadership Program is the development and completion of neighborhood improvement projects with the use of matching grant funds. Participants in the Neighborhood Leadership Class of 2011 worked in teams to develop grant proposals and implement four neighborhood improvement projects along the Santa Fe Avenue corridor including the Lower West NIS area that have collectively leveraged nearly \$71,000 in area improvements from a wide base of community support.

Neighborhood Services Bureau staff provide residents with technical assistance to teach them to organize their neighbors, especially in NIS area neighborhoods. As a result, these neighborhood organizations are reaching the capacity to drive programs and find funding for themselves. This year, several neighborhood organizations attended workshops on grant writing and learned how to prepare submissions for Neighborhood, USA's national Neighborhood of the Year awards competition. Subsequently, Better Balance for Long Beach earned the national Neighborhood of the Year Grand Prize from Neighborhoods, USA for their one-day Christmas store for low-income families entitled "Shopping with Dignity." For the last four years, Better Balance for Long Beach -- originally from the Washington NIS area -- has held a special one-day holiday season event during which dozens of low-income families that are unable to afford Christmas gifts can pick out gifts for their loved ones.

The Central Neighborhood Advisory Committee and the South Wrigley Neighborhood Action Group won a national Second Place award in the Neighborhoods, USA Neighborhood of the Year competition in the Multi-Neighborhood Partnerships category for creating a Peace Garden with paid youth workers and other volunteers at the Martin Luther King, Jr. Park in the Central NIS area.

The Willmore City Heritage Association in the Willmore NIS area and the North Long Beach Project Area Committee successfully competed in the new Neighborhoods, USA Best Neighborhood Newsletter competition and won gold and silver awards, respectively.

Several resident-led neighborhood groups – including the Central Neighborhood Advisory Committee, North Alamitos Beach Association, Craftsman Village Historic District, Madres Unidas, South Wrigley Neighborhood Action Group, West East Side Community Association, and Willmore City Heritage Association -- host regular neighborhood meetings in their respective NIS areas. Several of these neighborhood groups grew out of the outreach, leadership development, training and support that Neighborhood Services Bureau staff provided to residents to develop their

leadership skills and confidence to take on to develop neighborhood organizing and improvement organizations and activities.

Citizen input, resident training, and leadership development have been essential in the development of solutions for neighborhood issues and in prioritizing CDBG programs and services. NIS area monthly meetings provide regular forums for citizen participation in the development of the City's Action Plan. The City of Long Beach believes empowering these organizations contribute to stabilizing neighborhoods and to arresting blight and deterioration.

*2011 Big Sunday Clean Ups Hundreds of Volunteers Participated at 3 Sites in NIS Neighborhoods*

A high priority of the NIS effort is to clean up neighborhoods and address health and safety conditions. Several approaches provide opportunities to address each neighborhood appropriately and effectively include:

### **NEIGHBORHOOD CLEAN UP ASSISTANCE PROGRAM (Interim Assistance)**

Community and neighborhood clean ups provide an opportunity for residents from different neighborhoods, to work together to maintain and clean up their streets and alleys and remove graffiti. Neighborhood Improvements Strategy staff teach residents how to organize clean ups, and assist resident organizers to recruit their neighbors to support the effort. In 2010-2011 program year, volunteers held 104 clean up events and filled 105 dumpsters, removing over 936 tons of debris from Long Beach streets and neighborhoods.

*Clean Up Day with  
Church of Latter Day Saints Volunteers

## **COMMUNITY POLICE CENTERS (CPC)**

The City of Long Beach uses CDBG funds to support three Community Police Centers (CPCs) in Neighborhood Improvement Strategy (NIS) area neighborhoods. The CPCs facilitate developing the capacity of the community for sustainable and independent governance by the residents. The facilities are operated as a partnership with neighborhood residents, trilingual (English, Spanish, Khmer) NIS staff, and a retired police officer.

**Anaheim Corridor Community Police Center Hosts Monthly Meetings for the Community at Mark Twain Library**

These facilities provide a non-threatening community center that helps residents connect to police and other resources. Many residents are immigrants who have a distrust and fear of police and frequently have language barriers as they are often non-English speaking.

The retired officer reduces the work of uniformed officers, the 911-emergency system and the police department non-emergency number by addressing minor crime and nuisance issues. They are often able to resolve issues and connect residents to police resources that residents ordinarily may not utilize because of fear, mistrust, and communication barriers.

**English as a Second Language (ESL) Classes for Adults Provided Through a Collaborative Partnership with Four Partner Agencies**

These Community Police Centers (CPC) build trust and knowledge within the community by providing additional resources to address neighborhood needs

and bringing residents to the facility for non-crime related uses. During this fiscal year, CPC workshops addressed many important topics, including:

- "Landlord/Tenant Rights"
- "Home Improvement Rebates and Loans"
- "Emergency Preparedness"

The CPCs help build rapport and understanding between the staff and residents by offering educational workshops, training, and educational opportunities for the neighborhoods they serve. These facilities provide an opportunity for many partners to bring their resources into these neighborhoods to provide more opportunities and assistance than any could on their own. For example, the Willmore CPC offers the Raising A Reader Program, an early childhood program that helps non-English speaking parents to read to their children. Leveraged resources for this program are provided by the Long Beach Public Library and the Long Beach Public Library Foundation. The Raising A Reader program served 919 duplicated residents in the 2010-2011 fiscal year. The Anaheim Street Corridor CPC partnered with Franklin Middle School, Long Beach Public Library, Long Beach Public Library Foundation and Willmore CPC partnered with Friends House at Drake Park to each provide English as a Second Language (ESL) classes for adults that served a total of 2,435 duplicated residents. The CPCs also offer additional resources and training to assist residents with non-police issues that further build trust with neighborhood residents. For example, the Anaheim Street Corridor CPC partnered with Mark Twain Library to host for Khmer language classes at the Mark Twain Neighborhood Library that taught 659 duplicated residents the Cambodian language.

*Raising A Reader Graduation at Willmore CPC*

Additionally, the CPCs are used as the site to host Neighborhood Community Code Enforcement and neighborhood association meetings that further help to bring area residents in contact with resources and improve the area's aging housing stock.

Overall Community Police Center Activities for FY 10-11:

Total Number of Walk-Ins Residents Assisted:	7,543
Total Number of Police Related Issues Addressed:	221
Total Number of Referrals to Other Departments:	671

**NEIGHBORHOOD COMMUNITY CODE ENFORCEMENT (NCCE)**

Neighborhood Community Code Enforcement (NCCE) provides an enhanced opportunity to train and empower residents to eliminate property maintenance issues in the NIS areas. This model includes the ongoing support of neighborhood residents to identify code enforcement problems in their neighborhoods.

Resident volunteers learn how to identify property deficiencies, become official “Team Captains”, and meet monthly with code enforcement staff to report property related problems that are then addressed by city personnel.

**Before**

**After**

**PRO-ACTIVE CODE ENFORCEMENT**

Certified code enforcement coordinators in each of the NIS neighborhoods conduct code enforcement activities on a monthly basis to prevent health and safety code enforcement issues and improve neighborhood “curb appeal” through voluntary compliance. Each NIS code enforcement coordinator rotates the respective area(s) that they survey monthly to identify health and safety code enforcement issues. Property owners of properties with violations are notified in writing with photos of the health and safety code violations. Property owners are provided information about the Home Improvement Rebate Program as a solution to assist them to resolve their property maintenance problem(s). This effort has resulted in a 57% voluntary compliance rate in resolving property maintenance problems within 30 days -- a cost-effective strategy in securing voluntary compliance within a short time frame.

Code enforcement is playing a huge role in our community to address health and safety living conditions. Instead of waiting for complaints, staff are proactively canvassing these designated NIS neighborhoods to monitor the conditions of the housing stock. As they witness violations, they are utilizing a friendly approach with property owners to gain voluntary compliance. This important code enforcement activity addresses health and safety conditions including overflowing trash and dumping and deteriorated building exteriors that include lead-based paint hazards such as peeling paint and missing stucco. Repairing of these conditions is critical to maintaining the aging housing stock in these low-income neighborhoods.

## **b. NEIGHBORHOOD LEADERSHIP PROGRAM**

The effort to develop neighborhood leaders is complemented with support from the Neighborhood Leadership Program, a five-month, multi-lingual, intensive program that further equips grassroots neighborhood leaders with training and education to make a difference in our neighborhoods. The Class of 2011 graduated 33 residents boosting the ranks of Long Beach resident-leader graduates to 510.

**Neighborhood Leadership Program - Class of 2011**

The only simultaneously multi-lingual (English, Spanish, and Khmer) neighborhood leadership program available anywhere in the country, the Neighborhood Leadership Program provides training free of charge to Long Beach residents to enhance their knowledge about their community and the network of services available to them. The program design and curriculum provides an opportunity for participants to strengthen their linkages between the city, schools, businesses, parents, families, and neighborhoods. It also creates opportunities to leverage resources throughout the community towards neighborhood improvement.

The program is possible through the leverage of creative partnerships and funding. This year, \$15,000 was provided by the Long Beach Community Foundation and Union Bank to support the program. In addition, bus

transportation for the Day of Discovery tour of Long Beach during Session 5 was provided by Los Angeles County Supervisor Don Knabe. In addition, the total value of the class projects was an impressive \$71,000 and this was all leveraged from the community using non-CDBG funding sources.

A major component of the Neighborhood Leadership Program is the development and completion of neighborhood improvement projects with the use of matching grant funds. Participants in the Class of 2011 worked in teams to develop grant proposals and leverage these funds for four neighborhood improvement projects along the Santa Fe Avenue corridor. The participants used a scaled down Neighborhood Partners Program (described on page 21) Request for Proposals model application in order to learn the transferable skill to apply for this matching grant after graduation. The class project teams and their projects included:

- Unity 'N Green installed a butterfly garden along with composting and vermipost bins on Saturday, July 13, 2011. This event took place at Cabrillo High School. The team provided the groundwork for a science education garden with Cabrillo High School.

*Neighborhood Leadership Program - Cabrillo High School - Science Garden Ribbon Cutting*

- Honey Badgers partnered their resources with the Long Beach Police Department West Division to host a free safety and resource fair entitled “U B Safe” on Saturday, July 23, 2011 at Admiral Kidd Park, 2125 Santa Fe Avenue. The team conducted an assessment of the people that work and live in the vicinity of the Santa Fe Avenue corridor that documented their three major community concerns: teens, traffic and general crime prevention.

*Neighborhood Leadership Program - Safety Fair Event at Admiral Kidd Park*

- Cleanup Busters held a neighborhood clean up and Family Fun Day in partnership with Madres Unidas on Saturday, July 23, 2011. The clean up was staged at Lily of the Valley Church and the Family Fun Day was hosted at Silverado Park. The boundaries for the clean up were Santa Fe Avenue to Gale Avenue and from Spring Street to 32<sup>nd</sup> Street.

*Neighborhood Leadership Program  
Family Fun Day at Silverado Park*

- City Leaders hosted a neighborhood tree planting at Hudson Elementary School on 2335 Webster Avenue on Saturday, July 30, 2011.

The program also leverages the human capital of dozens of active alumni who donate their time to assist with many components of the program and serve to mentor and inspire participants by sharing their post-graduation accomplishments to improve our neighborhoods and city.

## **NEIGHBORHOOD PARTNERS PROGRAM**

The Neighborhood Partners Program (NPP) provides matching grants up to \$5,000 in goods and support for approved projects in targeted neighborhoods. No actual cash is provided. The funds are provided to established neighborhood/community groups who are formally established to serve their community. The group must provide a minimum of 50% of the total project cost in cash, goods and services and volunteer hours which allows for maximum leverage of CDBG funds with other community resources. Volunteer hours cannot be the sole match. The NPP provided a total of \$43,145 in grants. An additional \$75,825 was leveraged from neighborhood associations. Improvements include tree planting, community gardens, community youth projects, art projects or landscaping improvements.

**c. NEIGHBORHOOD RESOURCE CENTER (NRC)**

The City of Long Beach provides a resource for the community called the Neighborhood Resource Center (NRC) that assists neighborhood and community groups and individual residents to improve their neighborhoods. Neighborhood groups have free use of a community meeting room and a photocopier to make free photocopies of newsletters and flyers to announce their meetings and events. Neighborhood groups can also borrow supplies at no cost for block parties, neighborhood events, and alley stenciling. Groups can borrow publications on a variety of subjects including property management, crime prevention, and urban forestry.

The NRC hosts free workshops each month to assist neighborhood groups to improve their communities. The NRC has a partnership agreement with Los Angeles County Bar Association's Center for Civic Mediation to provide free and low-cost mediation services to assist Long Beach residents, business owners and property owners to mediate disputes. Common disputes resolved include landlord/tenant and neighbor/neighbor conflicts that are resolved amicably without the need to utilize the court system. Distribution of grant announcements and free grant proposal preparation technical assistance are also provided to assist neighborhood groups to leverage neighborhood improvement funds from multiple sources.

The NRC is funded with CDBG under the Public Service category and also with City of Long Beach General Funds.

The following are some of the NRC's accomplishments during the 2010-2011 Program Year (groups assisted are counted by quarter):

- Assisted 557 neighborhood and community groups.
- Provided free meeting space for 173 community meetings by 102 neighborhood groups.
- Hosted 23 workshops and community events for 1,037 residents.
- Provided free and low-cost mediation services to the community through an agreement with Los Angeles County Bar Association: 53 cases opened and 40 resolved.
- Produced 39,376 newsletters for neighborhood groups and provided photocopy service to 520 copier users from 326 neighborhood and community groups.
- Provided computer access and technical assistance for 329 community residents who used our community computers for 30,481 minutes (508 hours, 1 minute).
- Loaned 1,314 materials including books and neighborhood event supplies to 431 residents and neighborhood groups.
- Provided 33 grant proposal preparation assistance sessions to 60 residents, neighborhood and community groups.
- Provided 157 project assistance sessions to 446 residents, neighborhood and community groups.
- Educated the community by distributing information from 340 community groups and agencies through 158 e-mails to over 1,400 neighborhood and community leaders.
- Provided additional assistance, resources and referrals to 745 callers and 620 walk-in visitors.
- Presented information about the NRC's resources to over 840 people.

The overall idea of the Neighborhood Improvement Strategy is to – at a minimum -- harness scattered City resources to arrest neighborhood blight in an aging infrastructure, and develop residents' skills and capacity to institute lasting neighborhood improvement. In addition, all CDBG funded NIS activities have produced cash or in-kind leverage from the community, furthering the investment of federal dollars in this community. This trend to diversify funding sources has brought multiple resources to address the abovementioned neighborhood issues.

## **a. OTHER ASSESSMENTS**

### **1. ANTI-DISPLACEMENT AND RELOCATION**

During the report period, the City of Long Beach did not utilize CDBG or HOME funds to undertake activities that resulted in the acquisition or demolition of any occupied real property. All housing rehabilitation was

accomplished without the displacement of residents. If CDBG or HOME funded activities would have resulted in the displacement of households or businesses, the City would implement the City's Anti-Displacement Plan for projects that are undertaken directly by City staff. Furthermore, if the City provides HOME funds in a loan form for rehabilitation of Multi-Unit Residential properties then the City will work closely with the property owner to ensure that all URA regulations are in compliance. City staff will use its URA directed policy and procedure manual to assure consistent implementation of the required regulations and monitor the implementation of this regulation in a timely manner. Had there been any displacement issue, the following critical steps would have been taken:

1. Fully inform eligible persons as to the availability of relocation benefits and assistance/ eligibility requirements, as well as the procedures for obtaining such benefits and assistance;
2. Determine the extent of the need of each eligible person for relocation assistance;
3. Assure eligible displaced residents that within a reasonable period of time prior to displacement, to the extent that it can be reasonably accomplished, there will be available comparable replacement dwellings sufficient in number and kind for and available to such eligible residents;
4. Provide current and continuing information on the availability, prices, and rentals of comparable sales and rental housing, and comparable commercial properties and locations, and as to security deposits, closing costs, typical down payments, interest rates, and terms for residential property in the area;
5. Assist each eligible displaced person to complete applications for payments and benefits;
6. Assist each eligible, displaced resident to obtain and move to a comparable replacement dwelling;
7. Assist each eligible, displaced business in obtaining and becoming established in a suitable replacement location with a minimum of delay and loss of earnings;
8. Provide any services required to insure that the relocation process does not result in different or separate treatment on account of race, color, religion, ancestry, national origin, sex, marital status or other arbitrary circumstances. Such relocation process shall satisfy the requirements of Title VI of the Civil Rights Act of 1964, Title VIII of the Civil Rights Act of 1968, the Unruh Civil Rights Act and the California Fair Housing Law;
9. Supply to eligible persons information concerning federal and state housing programs, disaster loan, and other programs administered by the Small Business Administration, and other federal or state programs offering assistance to displaced persons;
10. Provide other advisory assistance to eligible persons to minimize their hardships, such as counseling and referrals with regard to housing, financing, employment, training, health, and welfare.

## **2. LOW/MOD LIMITED CLIENTELE ACTIVITIES**

The City has supported a comprehensive community outreach process to serve those individuals not falling within the “presumed beneficiaries” categories. We have marketed our programs to the entire low-income community by conducting door-to-door outreach in three languages. The City has also partnered with neighborhood and community groups to assist in the delivery of HUD funded programs. By using their credibility to help with outreach, we are serving many low-income families that might not otherwise utilize our services.

## **3. ANTI-POVERTY STRATEGY**

The 2010-2011 Action Plan identified strategies for reducing the number of persons living below the poverty level. The City of Long Beach provides resources to households living in poverty through a network of social and public service agencies and programs addressing poverty and its effects. These efforts may include, but are not limited to, the following:

### **a. Housing and Employment**

- No interest loans to non-profits and Community Housing Organizations to acquire and/or rehabilitate rental property for low-income tenants, 3% loans to low-income homeowners to rehabilitate owner occupied residential property, and no interest loans or grants to low-income homeowners to fund rehabilitation required by lead based paint regulations.
- Financial assistance to housing developers for construction of affordable rental housing for low-income residents and HUD funds for the administration of the construction of low-income housing projects.
- HUD housing subsidies and assistance for low-income households, chronically homeless disabled persons, and low income persons with AIDS/HIV
- Rental assistance to low-income households (including assistance to tenants of HOME funded rehabilitated buildings, assistance required due to long Section 8 waiting lists, assistance to qualified homebuyers pending completion of home purchase process, assistance with security or utility deposits and assistance to HUD Section 8 recipients to become self-sufficient).

- Community Development Block Grant (CDBG) funding to City social service agencies, nonprofit organizations, and other supportive service institutions that provide homeless assistance, emergency shelter, transitional shelter, supportive housing, outreach/assessment, and job search and placement services to homeless families and at-risk populations.
- Job training and assistance in the construction industry through HUD Section 3 funding targeting employers who will hire local low-income residents.
- Services for low-income disadvantaged youth to prepare them for entry into the workforce (includes internship programs, job placement and Summer Job Fairs, Job Shadow programs, and training opportunities).
- Targeted employment preparation services to economically disadvantaged persons including the long-term unemployed or laid-off adults (includes counseling, job search tools, computer classes, volunteer opportunities, and employment preparation workshops), and assistance to individuals preparing for work in targeted high growth industries (includes training programs, certifications, pathways to apprenticeships, and job placement).

**b. Health, Human, and Social Issues**

In addition to the services and resources above, the City of Long Beach manages numerous other programs addressing poverty and related health, human, and social issues. Some of these programs include:

- Supplemental nutritious foods and nutrition education to low-income pregnant and post-partum women, infants, and young children up to 5 years of age who are at nutritional risk provided at six sites throughout the city through the citywide Federally funded Women, Infants, and Children (WIC) Program.
- Assistance and education regarding nutrition, physical activity, and participation in USDA food assistance programs for food stamp eligible families through the California Nutrition Network for Healthy Active Families Program.
- Pediatric immunizations and adult and pediatric flu vaccine doses for little or no cost through the City's Immunization Program.
- Comprehensive family planning services for low-income men and women (including counseling and education, contraceptive supplies, laboratory testing and follow up) through the City's Family

Planning Clinic, part of the State of California's Family Planning, Access, Care and Treatment Program (F-PACT).

- HIV/AIDS services (including testing, medical management, health education and risk reduction, consultation, psychosocial assessment, and case management) regardless of ability to pay, and HIV medications free of charge or at a reduced rate depending on applicant eligibility through the AIDS Drug Assistance Program (ADAP).
- Risk reduction services, referral services and health assessments/screenings (including blood sugar and blood pressure checks, physical exams including pelvic and prostate exams, and screenings by a podiatrist, an audiologist, and an ophthalmologist), for seniors through the Senior Health Clinic.
- Case management services and application assistance to help low-income families utilize and maintain free or low-cost health insurance coverage through an affiliated citywide outreach campaign offered through a community collaborative.
- Short-term case management services to stabilize Long Beach seniors in their homes through linkages to community resources (many free or low-cost) including delivered meals, in-home assistance, medical management, and social services.
- "Brown Bag" food distribution, homeowner and renter assistance, utility tax exemption and refunds, FAME Taxi Vouchers, and Bus Tokens for low-income seniors and the disabled through the Department of Parks, Recreation, and Marine.
- A work experience program for seniors consisting of part-time work and on-the-job training available through a partnership between the City of Long Beach and Los Angeles County.

#### **4. EFFORTS TO CARRY OUT PLANNED ACTIONS**

##### **a. Pursuit of Resources Indicated in the Consolidated Plan**

The City of Long Beach's Consolidated Plan identified several resources it would pursue for housing and community development activities. The City pursued and utilized the following funding sources delineated in the plan:

- Community Development Block Grant (CDBG) Funding
- Emergency Shelter Grants (ESG) Funding
- HOME Investment Partnership Act (HOME) Funding.

The City also pursued other Federal, State, and County grants to assist in achieving the needs identified in the 2005-2012 Consolidated Plan. Long Beach has access to a variety of federal, state, local, and private resources to achieve its housing and community development goals. Specific funding sources will be utilized based on the opportunities and constraints of each program. The table below summarizes the major sources of funding available to carry out housing activities in Long Beach, and provides information on local funding levels where applicable.

**Financial Resources for Housing Activities:**

**b. Fair and Impartial Provision of Certifications of Consistency**

City of Long Beach granted Requests for Certifications of Consistency for HUD programs in a fair and impartial manner for applications by other entities.

**c. Non-Hindrane of Consolidated Plan Implementation**

City of Long Beach did not hinder Consolidated Plan implementation by action of willful inaction, nor did the City of Long Beach undertake actions that hindered the implementation of the approved Consolidated Plan.

**5. FUNDS NOT USED FOR NATIONAL OBJECTIVES**

All CDBG-funded programs and activities were designed to meet national objectives. As a result, all CDBG funds met national objectives and complied with overall benefit certification.

**6. FINANCIAL**

Total amount of loans (outstanding and principle balance):

- HOME – 436 loans totaling over \$61,084,462.00

**B. CDBG TIMELINESS EXPENDITURE CALCULATION**

Under a HUD provision a grantee (City of Long Beach) must expend funding in a timely manner. This is determined by calculating the unspent grant funds 60 days prior to end of grantees program year. The available amount cannot exceed 150% of the annual grant.

The following calculates the City of Long Beach's timeliness expenditure of funds:

<b>Total Funds Available at the Beginning of Grant Year*</b>	<b>Total Expenditure at the End of Grant Year</b>	<b>Unexpended Balance</b>
\$13,068,581	\$7,592,176	\$5,476,405

**City of Long Beach's 2008 - 2009 Grant Year CDBG Grant Entitlement = \$8,654,215.00**

<u>Unspent Funds</u> <=1.5	<u>\$5,476,405</u>	0.58
CDBG Grant Amount	\$9,428,516	

The above test shows that the City is expending grant funds in a timely manner. While HUD's provision allows a grantee to have a balance of unspent funds up to 150% of the yearly grant, the City of Long Beach carryover was only 39% of the annual grant.

**\*Note:** This figure is composed of carryover funds from 2009 grant year, 2010-grant year program income and 2009 grant year entitlement.

- Other; describe below.

Mandatory Section 3 pre-bid and pre-construction meetings were held for this project to discuss the requirements of Section 3 in 2010. This project is almost complete. There are two Section 3 business contracts on this project.

Public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB number.

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u, mandates that the Department ensures that employment and other economic opportunities generated by its housing and community development assistance programs are directed toward low- and very-low income persons, particularly those who are recipients of government assistance housing. The regulations are found at 24 CFR Part 135. The information will be used by the Department to monitor program recipients' compliance with Section 3, to assess the results of the Department's efforts to meet the statutory objectives of Section 3, to prepare reports to Congress, and by recipients as self-monitoring tool. The data is entered into a database and will be analyzed and distributed. The collection of information involves recipients receiving Federal financial assistance for housing and community development programs covered by Section 3. The information will be collected annually to assist HUD in meeting its reporting requirements under Section 808(e)(6) of the Fair Housing Act and Section 916 of the HCDA of 1992. An assurance of confidentiality is not applicable to this form. The Privacy Act of 1974 and OMB Circular A-108 are not applicable. The reporting requirements do not contain sensitive questions. Data is cumulative; personal identifying information is not included.

# A. SECTION 3, MBE/WBE AND LABOR STANDARD REPORTS (continued)

## Annual Performance Report HOME Program

U.S. Department of Housing  
and Urban Development  
Office of Community Planning  
and Development

OMB Approval No. 2506-0171  
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

**PART I - CONTRACTING ACTIVITY\***  
*Pertains ONLY to projects awarded during the reporting period.*

1. Number of prime contracts subject to the Davis-Bacon and Related Acts (DBRA) and/or the Contract Work Hours and Safety Standards Act (CWHSSA) awarded this period 1  
Note: Do not include contracts included in previous semi-annual reports

2. Total dollar amount of prime contracts reported in item 1 above \$23,655.00

3. List for each contract awarded this period:

\*Use additional pages if necessary

**WHAT IS THE LOCK-IN DATE?** For contracts entered into pursuant to competitive bidding procedures, the bid opening date "locks-in" the wage decision provided that the contract is awarded within 90 days. If the contract is awarded more than 90 days after bid opening, the contract award date "locks-in" the wage decision. For contracts, purchase orders or other agreements for which there is no bid opening or award date, use the construction start date as the lock-in date. However, for projects receiving assistance under Section 8 of the U.S. Housing Act of 1937 or contracts involving a project wage determination, the lock-in rules may vary from above. See Department of Labor Regulations, 29 CFR, Part 1, Section 1.6 and/or HUD Handbook 1344.1, or consult the HUD Labor Relations staff.

**WHAT IT ISN'T:** Do not use the wage decision publication date, unless that happens to correspond to one of the trigger events described above. If you are not sure about any of this, please feel free to contact the Labor Relations staff in your state or region.

 2010

The revolving loan is comprised of three distict funds of which CDBG is part. This year CDBG sequestered loans earned \$19,225.02 in program income and the funds were infused into the revolving loan program. For the 2010 - 2011 year, 34 businesses received counseling on these loan programs. Five loans totaling \$205,000 were funded (non of these loans came from the CDBG porti on of the funding). These loans will create or retain minimum of 7 jobs, more than 65% of which are low/mod. One borrower already created 8 jobs and another has retained five.
