

# LIVABLE WEST LONG BEACH

**WORKSHOP #2 SUMMARY**  
MARCH 14, 2015

LONG BEACH  
DEVELOPMENT SERVICES  
BUILDING A BETTER LONG BEACH

# SUMMARY OF WORKSHOP #2

## **Activity**

The second *Livable West Long Beach* Workshop was held on Saturday, March 14th, 2015 at Silverado Park from 10:15 am to 11:30 am. 63 participants signed-into the event. The project team began the West Long Beach portion of the workshop with a presentation that explained the project process, and a brief overview of elements of livability. The presentation recapped the findings from Workshop #1, highlighting the community's 'criteria' priorities identified in December.

Following the presentation, workshop participants were organized into activity groups to review the rankings of the project programs that were based on community input from Workshop #1. To facilitate this activity, facilitators referred to a list that showed the "Ranked Programs". Facilitators asked participants to respond to the ranked programs, and moderated a discussion regarding each program placement on the ranking list. Participants were allowed to re-rank their preferred programs and write their comments.

## **Key Findings**

The key findings from the Workshop are as follows:

- *Storytelling*: The community referenced a need to describe how the established overarching criteria relates to the program list. As an example, there should be an obvious nexus between the reasons why "Streetscapes" ranked well, given that the environment was the most important criteria identified by the community in Workshop #1.
- *Synergy*: Community members would like to see synergies and connections between projects. Community members voiced that it would be helpful to see how the individual projects, independent of their program, may relate to one another, and how they might be able to work together to create a successful execution of 'livability' in the community.
- *Port Projects*: Many community members identified the need to include projects that the Port's emissions grants have funded in West Long Beach in the past.
- *Health Programs*: General desire to see health programs moved up in priority. While many of the health programs are not geographically specific, participants want health programs to be a significant part of this planning effort.
- *Combine Programs*: Combine "Health Education + Activities" and "Health Services" programs.
- *Project Clarification*: Participants would like to know more about the I-405 project/details.
- *Major Roadways*: General consensus to lower the ranking of the "Major Roadways" program.

Worksheets from each table have been scanned and are shown on the pages that follow. While it would be difficult to take the results of any one group, we have reviewed each groups' responses internally as a team, and have provided a summary of the most salient points, which are reflected in the "Key Findings" section above.

RANK	COMMENTS
1	Traffic Calming near School
2	1+2 we think should be combined.
3	LARGE BICYCLERS = Larger
4	more intent less money.
5	dog parks
9	lower priority #9
6	this will also help air quality. possibly higher rank.
7	Monitoring through Air Quality through Part + AQI/M.D.
8	Not enough up for that but happy now.

## STREETSCAPES

- Pacific Coast Highway Streetscape
- Design Anaheim between L.A. River and Long Beach Blvd. - (Major and Secondary Highway Program project)
- 27th St. Alley Improvements - Alley improvements pilot project (location to be identified)
- Anaheim Streetscape/710 Overpass
- Anaheim Street River Connection
- Santa Fe Avenue Streetscape Enhancements
- Wilmore City Courts and Ways
- Willow Streetscape
- Pacific Ave. Streetscape
- "De-Freeway" Terminal Island Freeway

**2**

## BIKE & PEDESTRIAN IMPROVEMENTS

- Veteran's Park/Blue Line Bike Path
- Del Mar Bikeway access L.A. River to 4600 Del Mar Avenue b/w River Trail
- Santa Fe Avenue and 25th Street - new traffic signal
- Citywide Pedestrian Safety Enhancement
- Ocean Blvd. Bike Bridge
- Hill Street Bike & Pedestrian Bridge
- Dominquez Gap Bike & Pedestrian Bridge
- Shoemaker Bridge
- Bridge Sidewalk Widening - Anaheim
- Bridge Sidewalk Widening - Willow
- Bridge Sidewalk Widening - PCH
- Spring St. (Bike Bridge)
- Los Cerritos/Del Mar Pedestrian Bridge
- Pacific Coast Highway Streetscape/710 Overpass Safe Route to School
- Wardlow Streetscape Improvements/710 Overpass
- Wardlow Streetscape/405 Overpass
- Willow St. (Class II)
- Santa Fe Avenue
- Pacific Street (Class II - Bike Path)
- Daisy Street (Bike Blvd)
- 15th Street (Bike Blvd)
- Anaheim St. (TBD)
- Alamitos/Shoreline Dr. (Improved Access)
- Pacific Place (Class I -Bike Path)
- Hill Street (Bike Blvd)
- Spring St. Bike Improvements
- San Antonio Class II Bike Path
- Pacific Ave. Class II Bike Path
- Del Mar Greenbelt
- Los Cerritos/Del Mar Walking Trail and River Connector
- Long Beach Blvd Bike Lanes

**3**

## FOCUS ON COMMUNITY

- Neighborhood Clean-Up Assistance Program
- Urban Forestry Program
- Community Garden Program

**4**

## SAFETY/SECURITY

- Community Watch
- Safe Routes to School (SRTS) Program

**5**

## PARK IMPROVEMENTS & EXPANSIONS

- Silverado Park Improvements
- Drake Park Improvements
- Tanaka Park and Greenbelt
- 14th Street Park Expansion
- Wrigley Heights Park
- Del Mar Park

**6**

## MAJOR ROADWAY PROJECTS

- I-710 Freeway Terminus Realignment
- Long Beach Blvd/Wardlow Road and I-405 ramps

**7**

## TRANSIT IMPROVEMENTS

- Prop A Transit Related Improvements
- Primary Transit Corridor - Broadway/Pacific
- Primary Transit Corridor - Long Beach Blvd
- Primary Transit Corridor - PCH
- Primary Transit Corridor - Willow
- Metro Blue Line Willow Park and Ride
- Metro Blue Line Wardlow Station Park and Ride Score
- Blue Line Corridor Transit Signal Priority and Safety Upgrades

**8**

## HEALTH EDUCATION + ACTIVITIES

- Asthma Life Skills Academy for Adults (ASLA) Program
- Community Asthma & Air Quality Resource Education (CAARE) Program
- Health Promotion and Wellness Program
- Healthy Active Long Beach

**9**

## HEALTH SERVICES

- Community Health Improvement Plan
- Child Health Disability Prevention Program (CHDP) Program
- Childhood Lead Poisoning Prevention (CLPPP) Program
- Lead Hazard Control Program

- Spring St. Bike Improvements
- San Antonio Class II Bike Path
- Pacific Ave. Class II Bike Path
- Del Mar Greenbelt
- Los Cerritos/Del Mar Walking Trail and River Connector
- Long Beach Blvd Bike Lanes

## 3 FOCUS ON COMMUNITY

- Neighborhood Clean-Up Assistance Program
- Urban Forestry Program
- Community Garden Program

*where is "school excellence" reflected?*

## 4 SAFETY/SECURITY

- Community Watch
- Safe Routes to School (SRTS) Program

## 5 PARK IMPROVEMENTS & EXPANSIONS

- Silverado Park Improvements
- Drake Park Improvements
- Tanaka Park and Greenbelt
- 14th Street Park Expansion
- Wrigley Heights Park
- Del Mar Park

*link more to benefits & criteria satisfied (man project tips)*

## 6 MAJOR ROADWAY PROJECTS

- I-710 Freeway Terminus Realignment
- Long Beach Blvd/Wardlow Road and I-405 ramps

*filters for:*

- residential
- schools
- health centers

## 7 TRANSIT IMPROVEMENTS

- Prop A Transit Related Improvements
- Primary Transit Corridor - Broadway/Pacific
- Primary Transit Corridor - Long Beach Blvd
- Primary Transit Corridor - PCH
- Primary Transit Corridor - Willow
- Metro Blue Line Willow Park and Ride
- Metro Blue Line Wardlow Station Park and Ride Score
- Blue Line Corridor Transit Signal Priority and Safety Upgrades

## 8 HEALTH EDUCATION + ACTIVITIES

- Asthma Life Skills Academy for Adults (ASLA) Program
- Community Asthma & Air Quality Resource Education (CAARE) Program
- Health Promotion and Wellness Program
- Healthy Active Long Beach

*time-limited programs will run out of \$\$\$*

## 9 HEALTH SERVICES

- Community Health Improvement Plan
- Child Health Disability Prevention Program (CHDP) Program
- Childhood Lead Poisoning Prevention (CLPPP) Program
- Lead Hazard Control Program

*Don't projects school retrofit's etc. health etc. can get included not yet done*

*need to find synergies between projects*

*\*ability to link projects between categories*

*\*where is the biggest bang for the buck? - how do these projects relate to benefits?*

*\*more nexus between city & port agency programs, benefits*

*critical 1 Clean air & water ENVIRONMENT. Key.*

*critical 2 where is the economic development benefits?*

*Student groups to learn good opps to learn both key: health management + education*

RANK	COMMENTS
↓	<i>Plan Not enough people benefit</i>
	<i>Higher into bike &amp; ped</i>
	<i>Chavez</i>
↑	<i>Should be higher because they are preventative</i>
