10:00 A.M. - 12:00 P.M.**

**JUL
SATURDAY
18
2015**

GREEN TI

The City of Long Beach invites you to engage in an exciting opportunity to reimagine how the TI Freeway can be transformed into a green corridor to better serve the community. Two workshops have already been held to develop the vision and goals to help guide the City in developing a plan to decommission and convert the Terminal Island (TI) Freeway between Willow Street and Pacific Coast Highway. We need your help at Workshop #3 to discuss more specific design options and provide more input on how that space should be defined. Please come and participate in this important effort!

For more information regarding the TI Freeway Transition Plan, contact Ira Brown at 562.570.5972 or ira.brown@longbeach.gov.

For results from the previous two workshops or to get involved, visit www.lbds.info/green_ti.

This information is available in alternative format by request at 562.570.3807.
